Message: Please vote in favor of Option 1 - Expand Zones where Dormitories are allowed with Places of Worship
(and do so without the size and scale limitations of option 2).

For added flexibility it would be useful if the proposed changes to 21. g could include both dormitories PLUS guest houses and single-room occupancies. But if one option must be selected at the expense of the other, then please select Option 1 - where Dormitories are allowed.

Subject: Places of Worship code amendments
Date: Friday, October 29, 2021 9:30:34 AM

Hi, Maya.

Thank you for the opportunity to review and comment on the proposed code amendments related to Places of Worship. City of Olympia staff have reviewed the three options under consideration. Olympia supports Option 2 because it includes language that any such dormitories be subordinate to the primary use and that the size and scale be limited. Given that Places of Worship are often located in residential areas, we believe these are appropriate limitations.

Again, thank you for the opportunity to review and comment.
Joyce
