## Internship Program

The mission of the Thurston County Collegiate Internship Program is to create long-term benefits for the participating departments and the interns. The departments receive the opportunity to show students how they serve the community which helps them recruit for future positions. For the interns, this program offers hands-on experience with practical applications which educate them on the various aspects of county administration. In addition, the interns develop a better understanding of county government and how to work in a professional environment, giving them entry-level skills and a step-up for their post-college career.

## Programs of Study

Students must have the necessary experience or education in a field related to the work that is to be performed. High ethical standards are a prerequisite for any employee at any level of the organization.

## Student Eligibility

- Students must be currently enrolled as a Junior/Senior in a four-year degree program or be enrolled in a graduate program at an accredited university or college
- Students must have at least a GPA of 3.0 (on a 4.0 scale) or its equivalent
- Students must be majoring in related field

## Application Requirements

- A completed Internship Application (available online)
- College transcripts (unofficial transcripts may be accepted for initial consideration)
- A recommendation letter from a faculty member or past employer
- A professional resume and letter of interest
