### MEMORANDUM

October 17, 2023

TO: Sharon Lumbantobing, Thurston County Community Planning & Economic Development

FROM: Lisa Christensen, Thurston County Environmental Health Division *LC*

SUBJECT: Project 2023103076, Folder Sequence 23-107931 XI, Tax Parcel 13610130108, Walterscheidt Reasonable Use Exception (RUE)

---

The above-referenced project has been routed to this office for review and comment. This project is requesting a reasonable use exception to develop a steel building to store enclosed car trailer, Motorhome, 1956 Chevrolet truck and a car lift to work on it.

The property is currently developed with an existing residence that is served by a single-family well and on-site septic system. The septic system was permitted and installed in 2001 to serve a 3-bedroom residence.

Environmental Health's review of the RUE is complete, and the proposal appears to meet the requirements of the Thurston County Sanitary Code. **Therefore, Environmental Health recommends approval of the Reasonable Use Exception application.**

If you or the applicants have any questions regarding Environmental Health's review, I can be reached at [lisa.christensen@co.thurston.wa.us](mailto:lisa.christensen@co.thurston.wa.us) or (360) 867-2629.
