Mr. Ron Buckholt,

This email is regarding the proposed Taylor Shellfish project #2022103702. I heard about this project from concerned neighbors and when I first saw a copy of your "Notice of Application" it was a copy of a copy with a map that was not legible. Today I saw a legible map and see that the project is adjacent to the corner of my residence at 9047 Otis Beach Street NE Olympia. I am concerned and surprised as the permit clearly states that copies were provided to property owners within 500 feet of the project site. I have not received said notice.

I would like to know more about this project and believe you should extend the public comment period and provide a public hearing. Please mail me the "Notice of Application" and CC me on all additional information concerning permit #2022103702.

Thanks, and Regards
