Good morning Ron,

Thank you for the opportunity to respond to public comment on the proposed Mazanti shellfish farm. Due to the volume of questions regarding the farm, I have sent over Taylor's responses to our general counsel for their review, as well as getting a second set of eyes on it to ensure we've responded to everything sufficiently. I am hoping this will be completed and available to you this week. I just didn't want you to think I'd forgotten. If there are any other questions that came in with new concerns not previously addressed, please feel free to forward and I will include them.

Respectfully,
Erin
