Subject: Project 2023100892, City of Olympia & Olympia School District

Greetings Scott,

I wanted to reach out and let you know Environmental Health's initial review of the subject project is complete and no additional information is needed. I plan to draft a recommendation of approval in the next coming weeks but wanted to updated you in case you were waiting on Environmental Health's comments before sending out a request for information. Please let me know if you have any questions.

Thank you,
Dawn
