Shoreline jurisdiction boundaries depicted on this map are approximate. They have not been formally delineated or surveyed and are intended for planning purposes only. Additional site-specific evaluation may be needed to confirm or verify the information shown on this map. Planning-level channel migration zones are derived from remotely sensed data and are meant to be used for general planning purposes only. Delineating actual channel migration areas requires detailed on-site analysis and surveys that are beyond the scope of this data. For more information, see WA Dept. of Ecology Publication #14-06-025, A Methodology for Delineating Planning-Level Channel Migration Zones.
