RESOLUTION

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OLYMPIA, WASHINGTON DOES HEREBY RESOLVE
AS FOLLOWS:

SECTION 1. Findings and Determinations. The following recitals are hereby adopted as legislative
findings and determinations made by the Olympia City Council (the “Council”):

a. Pursuant to RCW 36.160.010(1)(c), the Washington State Legislature set forth its intent to provide
local governments and communities the fiscal tools needed “... to provide public and educational
benefits and economic support for cultural organizations [by] [p]roviding local support for the
state’s cultural organizations [which] is in the public interest and will serve multiple public purposes
including, among others, enhancing and extending the education reach and offerings of cultural
organizations; ensuring continued and expanded access to the facilities and programs of cultural
organizations by economically and geographically underserved populations; and providing financial
stability to the organizations to continue and extend the numerous public benefits they provide.”

b. Access to arts, science, culture and heritage programs in the City of Olympia will advance and
promote equity, diversity, and opportunity for Olympia's residents and communities by leveraging
Olympia's arts and cultural assets, potential partnerships, and the need to invest in Olympia's youth.

c. The City of Olympia seeks to promote greater civic engagement and to use arts and culture as a
vehicle to address and support Olympia’s values and priorities including education, neighborhood
and economic development, community building, equity and inclusion, including minority cultural
and ethnic groups and underserved populations.

d. Olympia’s residents would greatly benefit from improved public access to programs produced by
nonprofit arts, science, culture, and heritage organizations that would be enabled by an increase in
public funding for those organizations.

e. The Olympia City Council finds that increased funding would advance fair and equitable access to
arts, science, culture, and heritage programs throughout the City and remove barriers to access
faced by many segments of Olympia’s population due to poverty, isolation, bias, racism, stigma,
discrimination, disability, chronic illness, and/or other systemic barriers.

f. Increased funding for arts, science, culture, and heritage organizations would allow such organizations to expand open public hours, offer discounted and free admission for Olympia’s residents, award scholarships, participate in public school access programs, and make more programs available in Olympia’s communities that do not have spaces for cultural activities.

g. Additional funding would foster the creation and development of new cultural organizations throughout the City, reduce geographic barriers, and facilitate access to arts, science, culture, and heritage resources for all residents.

h. Providing increased financial support for arts, science, culture, and heritage organizations in Olympia will result in multiple public benefits, including but not limited to: (1) ensuring K-12 public school students in all Olympia Public Schools will have greater access to arts, science, culture, and heritage organizations during students’ formative years through programs in and out of classrooms, before and after school programs, and during the summer, and opportunities for free visits to cultural attractions, leading to better engagement in the classroom, improved educational attainment, support for social and emotional growth, and higher graduation rates; (2) creating new resources to support or promote cultural activities, events, or projects reflecting our diverse lifestyles, interests and cultures, including learning about the Native American heritage of Olympia and its environs; (3) expanding access and opportunities for the general public, including students, seniors, and economically underserved populations or those on a fixed income, to attend and experience cultural events, performances, festivals, exhibits, and related programs and activities; (4) boosting the City’s economy through enhanced cultural community, job creation, and increased tourism; and (5) ensuring that arts, culture, science, and heritage organizations are financially healthy and able to provide public programs and services within their facilities, in neighborhoods and communities, and in public schools.

i. Increased funding will provide transportation for school age children to access and attend arts, science, cultural, and heritage programs, so as to overcome one of the recognized barriers for such participation.

j. In order to provide such public benefits, the Olympia City Council shall create and establish an advisory board consistent with RCW 36.160.060, consisting of nine (9) members, and to be known as the Olympia Cultural Access Program Advisory Board. The Cultural Access Program Advisory Board (the “CAP Advisory Board”) shall make recommendations for funding of arts, science, cultural, and heritage programs to the City Council. The CAP Advisory Board shall ensure that a minimum of eighty percent (80%) of all collected revenues will be dedicated to providing public and educational benefits and economic support for arts, science, cultural and heritage organizations, and for programming for youth, neighborhood and community activities, and for capital expenditures or acquisitions including, but not limited to, the acquisition of or construction improvements to real property as permitted by RCW 36.160.110(6). Up to ten percent (10%) of collected revenues shall be used to fund youth transportation for such activities; and ten percent (10%) shall be used for administrative costs.
k. The CAP Advisory Board will make its recommendations to the City Council and shall be accountable for funding recommendations through regular reporting of expenditures and program data, including measurable outcomes and records of participants within the City of Olympia.

l. As a further accountability measure, applicants for and recipients of City grants will be required to identify and demonstrate community benefit, based on criteria to be adopted by the Olympia City Council, which will ensure benefit to all Olympia residents, communities, and generations, for free or reduced cost programs, neighborhood or community-based programs, economic development, and arts incubation on all levels.

m. The Olympia City Council supports the growth and development of arts, science, culture, and heritage programs in Olympia’s neighborhoods and communities to promote a healthy, more inclusive, and vibrant Olympia.

n. RCW 36.160.030(3) provides that “A city may create a cultural access program if the county legislative authority in which the city is located adopts a resolution stating the county forfeits its option to create a program or does not place a proposition before the people to create such a program by June 30, 2017. In the event the exception in this subsection occurs, all references in this chapter to a county must include a city that has exercised its authority under this subsection, unless the context clearly requires otherwise.” The Olympia City Council finds that Thurston County did not exercise its option under RCW 36.160.030(3) to create a cultural access program by June 30, 2017, and therefore the City of Olympia, through the legislative discretion of the Olympia City Council, wishes to create a cultural access program for Olympia’s residents.

o. The Olympia City Council further finds that in creating a cultural access program under Chapter 36.160 RCW, it must affirm that any funding the City usually and customarily provides to cultural organizations similar to funding that would be available to those organizations “... under this chapter may not be replaced or materially diminished as a result of funding becoming available under this chapter.” In accord with RCW 36.160.050, the Council hereby makes such affirmation.

p. In accord with RCW 36.160.080(1)(a), a city creating a cultural access program under Chapter 36.160 RCW, may impose a sales and use tax as provided by RCW 82.14.525. Per RCW 36.160.080(4) “All revenue from taxes imposed under [Chapter 36.160 RCW] must be credited to a special fund in the treasury of the [city] imposing such tax and used solely for the purpose of paying all or any part of the cost of cultural access programs as provided in this chapter.”

q. RCW 82.14.525(1) provides “The legislative authority of a county or a city may impose a sales and use tax of up to one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax, for the purposes authorized under chapter 36.160 RCW. The legislative authority of the county or city may impose the sales and use tax by ordinance and must condition its imposition on the specific authorization of a majority of the voters voting on a proposition submitted at a special or general election held after June 30, 2016. The ordinance and ballot proposition may provide for the tax to apply for a period of up to seven consecutive years.”

r. RCW 82.14.525(3) further provides that “The legislative authority of a county or city may reimpose a tax imposed under this section for one or more additional periods of up to seven consecutive years.
