Online: VoteWA.gov

By phone: 360.786.5408

711 Washington Relay

In person: South Puget Sound Community College Mottman Campus

2011 Mottman Rd SW, Olympia

July 15 through August 4

Due to COVID-19, some services may have changed. Please contact us or visit ThurstonVotes.org for in person hours and locations.

In each race, you may vote for any one candidate listed. The two candidates who receive the most votes in the August Primary will advance to the November General Election.

Each candidate for partisan office may state a political party that he or she prefers. A candidate’s preference does not imply that the candidate is nominated or endorsed by the party, or that the party approves of or associates with that candidate.
Dear voters,

With the lingering risk of COVID-19 facing our community, I want to share how we continue to provide services while protecting customers, employees and public health. All our services including voter registration, auto licensing, document recording, and finance are being handled remotely.

We are fortunate in Washington to have our vote-by-mail system. It’s a model for conducting elections, and it’s never been more evident than during a pandemic. Vote-by-mail protects voters by allowing ballots to be voted in the comfort of your home. Ballots can be dropped in a ballot drop box or any mailbox without adding a stamp. It should be adopted everywhere.

To ensure voter and staff safety we are moving our Voting Center to South Puget Sound Community College, Mottman Campus beginning 20 days prior to the primary and general elections. By moving voter services to SPSCC, we can provide drive-through services and better protect the public and staff. We will ensure we have great signage to the Student Union building and our campus drop box. We’ll be providing more information on our website and social media sites soon.

But vote-by-mail comes with its own challenges in a pandemic. Teams of election workers usually sit at crowded tables at our Ballot Processing Center, well within the six-foot social distance needed.

This is changing. We reduced risk for people processing ballots by installing plexiglass dividers, and by providing gloves and masks.

We will spread staff out to social distance by doubling the number of inspection shifts. This will allow us to have half the staff in the building.

Even during the March Presidential Primary, we had taken steps to protect our election workers by providing gloves and sanitization supplies.

We are working hard to balance voter access with employee and public health. Thankfully, because of our vote-by-mail system, we are ahead of the game. I want to ensure you that my top priority is communicating to you any changes to our elections. I encourage you to like our Facebook page and/ or follow us on Twitter. You’ll receive the latest updates and other interesting information through these channels.

If you have questions or need more information, contact our office at 360.786.5408 or elections@co.thurston.wa.us

Please social distance and wear a mask.

Respectfully,

Mary Hall
Thurston County Auditor

Statement
It would be an understatement to say that these are challenging times. A pandemic ravaging our nation and the world. Unemployment at depression era levels. But this district is nothing if not resilient. We pumped out liberty ships en masse that helped defeat Fascism. We’ve weathered tough times before and we will again.

Washington D.C. Has been in the grip of special interests for quite some time. Dismantling the Affordable Care Act, misusing our taxes, and generally not letting any meaningful legislation pass. That needs to change.

And that is why I would like to represent Washington’s District 3. Make affordable health care a right, bring infrastructure projects to the area, work to protect our environmental resources, give our kids fair and affordable educational opportunities, fight for a living wage and equal pay, small business opportunities, and other opportunities that benefit our area.

But my one selfish reason is that I want my Grandkids (and yours) to have a decent country to grow up in.
Elected Experience
Not a career politician - I’m running for Congress because Southwest Washington deserves someone fighting for us in D.C.

Other Professional Experience
I’ve taught at WSU Vancouver since 1995. I grew up working at our family’s small business, John’s Fresh Produce, then worked a union job at Safeway, and was a waitress at Red Robin.

Education
B.A., University of Oregon. Ph.D., Rutgers University

Community Service
I’ve focused my campaign on helping our communities -- from volunteering at the local Food Bank and farm, providing a resource guide to help folks get through this crisis, and holding virtual town halls listening to you and answering your questions.

Statement
This has been a challenging year for many Southwest Washington families. It shows what happens when career politicians ignore us and fail to plan ahead. That’s why I’ve promised never to take a dime from corporate interests. Here’s what I’ll fight for:

Affordable Health Care & Prescription Drugs: We need affordable health care that we can rely on when we need it most. I’ll work with Democrats and Republicans to increase quality, affordable options, including allowing people of all ages to buy into a public option that increases competition and lowers costs. We must also protect our earned benefits, Social Security and Medicare, which we must allow to negotiate lower prescription drug prices. We must put Washingtonians before health insurers and the drug industry.

Prioritizing Small Businesses: Small businesses are the backbone of our economy. I’ll put them first and will stand up to the huge corporations lobbying for corporate tax breaks. Main Street drives our economy, not Wall Street.

Investing in Us: Infrastructure investments create family-wage jobs. We need to improve our roads and bridges and expand access to broadband internet to allow digital learning and eCommerce from all corners of Washington. I’ll prioritize providing multiple pathways to success, including no-interest student loans for colleges and universities, investing in vocational training, and promoting registered apprenticeships.

For 10 years, we’ve had the same representative in Congress. It’s clear that we need a change. We deserve a government that works for the people -- not one working for multi-billion dollar corporations and wealthy campaign contributors. I’m tired of politicians serving special interests while working families pay the price.

As your new Representative, I will work only for you and will always put the needs of Southwest Washington first. I ask for your vote.
Devin C. Gray

Statement
Serving Southwest Washington families and communities is my mission. I listen to you, and I stand up to both political parties including my own to put our region’s needs first. Of Washington’s 12 members of Congress, I’ve been ranked “most effective” for championing solutions for jobs, affordable health care and preserving the way of life that makes our area special.

Economic recovery and jobs: Our region must remain a great place to earn a living and support a family. I’ve helped pass laws boosting the average family’s paychecks by $2,300 and creating thousands of jobs. My yearly Jobs Fairs have secured good-paying employment for countless residents. I lead efforts to help our wood products industry, protect manufacturing jobs, and preserve fishing jobs and ports. And I won’t let up; we need economic recovery now more than ever.

Responding to COVID: When our frontline health workers need protective equipment, small businesses need help to survive and workers need emergency relief, I work tirelessly to take care of people’s needs.

Fighting Oregon’s tolling scheme: Oregon wants to toll Washington commuters who use the I-5 and I-205 bridges – with none of the money going to upgrade those structures. That’s unfair, and it jeopardizes our ability to fix the I5 bridge. I’m opposing any tolling plan that treats Southwest Washington residents unfairly.

Protecting sportsmen, preserving salmon: My legislation to control predatory sea lions and improve salmon numbers on the Columbia River is now law. I’m working to bring back our salmon and steelhead.

Seniors have earned Social Security and Medicare. That’s why I’ve fought to strengthen these programs for senior citizens who depend on them. Nobody will work harder for Southwest Washington than I will. It’s an honor to serve you in Congress and I ask for your vote.
Drop boxes are the best way to ensure your ballot will get to us on time! Drop boxes are securely locked and emptied by teams of two trained elections officials.

www.maynardforcongress.com

Statement
The most important issue facing our district is the recovery
from the economic devastation of the COVID crisis, which poses
a national and domestic security threat. Millions are out of work
and on unemployment. The virus hit us hard and we need to
HIT back.

Home construction- Homes are our sanctuary and the first line
of defense against the virus and any other emergency. New
home construction can help bolster the economy and help
create badly needed revenues for local and state governments.
We are a quarter of a million homes short in our state which
contributes to high prices and homelessness. I support
common-sense permit streamlining and other regulatory
reforms that will allow for 25,000 new homes of all kinds to be
constructed in our district in the next four years.

Infrastructure- I support the bipartisan push for an
infrastructure package that will also spur economic growth and
allow for better movement of goods and people in our state.
We have all been stuck in traffic on I-5. We need a full range
of options to better connect the South Sound with the rest of
Puget Sound and the state. I support road improvements, the
expansion of airports and ferry service-- including
passenger-only ferries--train service, and transit options to ease
congestion.

Technology - I support the expansion of technology that
protects against the effects of a resurgence of COVID-19
or other emergencies. The crisis has resulted in school
cancellations and medical service shutdowns. I support
competitive grants that would allow for a seamless transition
to online education platforms for schools. I support similar
grants for telemedicine platforms to better connect providers
and patients to medical care in times like this. Telemedicine
is especially needed to protect our vulnerable populations,
including seniors.

Together let’s HIT back!
Todd Buckley
(Prefers Independent Party)

Elected Experience

Statement
Ask yourself, at the end of this election, what kind of representation can you expect from a candidate who raised hundreds of thousands of dollars from special interests? Will it be corporate dollars, or you? I’m running to represent you in the 10th Congressional District as I’m like you... As independent as you are.

During this historic pandemic, haven’t we realized how strong, perseverant, and kind we all can be? Whether it be bringing homemade tamales to a neighbor or making face masks, Washingtonians - and Americans - have rediscovered that there’s a lot of goodness in our country. The only thing that has not changed is the partisan divide where our two political parties don’t care for everyday people as much as they do care for their political power. Supporting what’s best for all of us is paramount. We are all Americans and our destiny is together.

Let’s come together and make an undeniable statement that Washington’s 10th District will not be bought and sold to the highest bidder. This is ours, not theirs. If there was ever a time to be independent, now is that time. Let’s unite and show the world the true meaning of freedom once voiced by Albert Camus: “Freedom is nothing but a chance to be better.”

Your interests, healthcare, education, infrastructure, and more prosperous life after COVID-19: they matter more than corporations’ interests. Exercise your freedom during this election and choose the one candidate who is determined to make things better for you.
Candidate statements are printed as submitted and not edited for factual or grammatical accuracy by the Secretary of State or Auditor’s Office.

Nancy Dailey Slotnick
(Prefers Republican Party)

Statement
Hatred of Nancy Pelosi or Donald Trump does nothing to make America great. I’m Nancy Dailey Slotnick, asking for your vote to help heal the divisions in our country. We need to return to the values of our founding fathers, when the Constitution and good government were more important than partisanship.

Let’s be very honest. I’m one of the few people running for office who will do exactly what she says. Like you, I’ve read lots of statements like this that promise cooperation and bipartisanship, only to end up with another politician who loves attacking the other party.

My values and background make me the best fit for our district. Like many local voters, I’m an Army combat Veteran. Like many, I’m a small business owner. Like many, I’m a mom to a special needs son. Like many, I’ve worked in both the public and private sector. Unlike some candidates, I actually live right here in the district – and I didn’t move here to run.

I believe in being careful with taxpayer money, and support balancing the federal budget. Before COVID-19 required a massive aid package, we were borrowing heavily. It’s one thing to respond to a crisis, it’s altogether unsustainable to borrow during good times. I believe in keeping our promises to veterans and seniors. I’ll defend Social Security and honor our veterans, most importantly working to reform the VA healthcare system that fails so many good people.

COVID-19 was always going to be hard to fight, but partisanship is making it worse than it should be. Reopening our economy safely must be our goal.

With your vote, we can end the cycle of division, blame, and partisanship. My name is Nancy Dailey Slotnick, asking for you to entrust me with your vote for Congress.

Statement
Mine isn’t the background of most politicians.

I’m the daughter of a single mother who struggled with substance abuse. I spent the first ten years of my life in and out of foster care, even homeless at 16. My teenage job at McDonald’s was our family’s main income. Vital programs like Head Start and food stamps helped me survive. Caring teachers and counselors mentored, encouraged, even housed me. Grants and scholarships helped me become the first in my family to graduate from college.

Overcoming these challenges doesn’t entitle me to anything. But it’s given me a strength and determination others can’t match, and made me a dogged fighter for policies I know firsthand can change lives.

I’m proud to have dedicated much of my career to supporting veterans and military families, working for Senator Patty Murray and Governor Inslee’s administration, as a tenacious advocate for military servicemembers, helping to develop a national model for military transition to civilian jobs.

As a state legislator, I helped pass progressive policies like those that played a pivotal role in my life’s turnaround: paid family leave. Affordable child care. Apprenticeship and job training for thousands not going to college. A pre-existing medical condition, and lack of health insurance coverage most of my life led me to champion expanded health coverage for all Washingtonians.

We need determined, unflinching leadership to combat this public health and economic crisis. I will never let Trump and Republicans take away our health coverage. I will fight corporate giveaways and demand support for essential workers and small businesses. I will drive an economic recovery that puts middle class families first. I’m endorsed by Washington’s teachers, multiple labor organizations, and Congressman Adam Smith because they know, no matter the obstacles, I’ll be a relentless fighter for hardworking South Sound families.

**Statement**

I’m Joshua Collins. I’m a truck driver & an essential worker. Since I was 15, I’ve worked & paid taxes, & watched Congress waste my hard-earned money on corporate bailouts & overpaid contracts for their friends, while saying we can’t afford healthcare, higher wages, or solutions to the housing crisis. This has to change.

I’ve been to 48 states as a truck driver. I saw firsthand that working people’s struggles are similar, no matter where they live. But career politicians aren’t struggling like we are because of COVID-19. They don’t know the anxiety & stress working people have right now. They all come from cushy jobs in politics, running big corporations, or as well-paid consultants; they don’t have to worry about running out of money to pay their bills. I’m running to represent you in Congress because I’m tired of our leaders being disconnected people who only pretend to care about the working class when they need our votes.

Everyone I know & love is either an essential worker risking their life to keep the country running, or they’re furloughed or laid off from COVID-19. They all feel that both major parties have failed them & their families during this crisis. Essential workers need leaders who fight for them. That’s why I’m advocating for hazard pay for all workers, rent & mortgage relief, COVID-19 debt cancellation, & Medicare for All, as well as a pro-worker Green New Deal that tackles climate change & automation, & helps our economy bounce back after this pandemic.

The working class people in Washington’s 10th deserve a voice in Congress who fights for them & their families. And several grassroots organizations including Our Revolution, Washington Youth for Climate Justice, & the Washington High School Democrats all agree: I will be that voice.
Elected Experience
Former U.S. Army Officer, combat Veteran, former company commander stationed at Joint Base Lewis McChord and small business owner.

Other Professional Experience

Statement
I believe the major issues we face today are best solved by a renewed allegiance to the Constitution. In a free society, the primary role of government is to protect the God-given, unalienable rights of its citizens. These rights are not negotiable for any American and the bill of rights should never be assaulted by the government as it has been in recent years. There are no issues for which the government knows best for which the people should not have the final say.

I will work to restore to the people of the 10th district their rights over government and regulatory functions. I am opposed to any government regionalization, that results in removal of decision-making powers from the people or their representatives. When voters speak we are bound to uphold their decisions.

The top priorities we see are to bring pharmaceutical manufacturing back to America, specifically the 10th Congressional district. Working on immigration reform that works. Supporting small businesses through deregulation and helping to cure food and freedom insecurities throughout the district and the country.

All law-abiding Americans deserve the opportunity to pursue their dreams free from discrimination and must have the chance to succeed solely on their merits. Every American’s individual rights and opportunities must be protected at all levels of society regardless of race, sex, religion, creed, disability, or other immutable characteristics and no group of people should be elevated above another for any reason whatsoever.

I believe in competitive and transparent private healthcare, free enterprise, reciprocal trade, Supporting our military, school choice, and the family as the backbone of America. I will always work for you and all of us the people of Washington State, who demand responsive and faithful representation.

Statement
Clearly, our language for universal use is mathematics. If you study mathematics to the Nth degree, your opportunities will be endless.

America’s one-dollar bill is adorned with President George Washington’s portrait. Washington’s dollar was once worth 100 Lincoln cents. Due to excessive taxation, our US dollar has tumbled, to be worth only two Lincoln cents. ‘We The People’ have reduced our Republic to 234 trillion in debt.

The mission of America’s ultra-wealthy is to avoid taxation. We might think that wealth and privilege would be enough. Not so, the super-wealth have succeeded legislating only 10% of the wealth to 95% of the citizenry to live on, while saddling them with the lion’s share of tax. 90% of America’s wealth has thus been leveraged to the 05% who are mega-wealthy. Still not enough! Elites have engineered their choice candidates and entrenched incumbents within the White House, Senate and House, to do only one thing: make the rich yet richer, from off the backs of unborn generations of poor children.

As usual, the middle class gets stuck paying for Corporate Welfare. Poverty Welfare is included, since it’s an insurance policy for the wealthy to calm the poor from rising up.

Proposal for 28th Amendment: Abolish Every Tax, Fee, Write-Off, Loophole and Shelter. Replace with a 10% Tax on 100% of America’s income, to pay down 100% of America’s Tax. With every tax dollar, local, state and federal governments will receive an equal 33 Lincoln cents. 33x03=.99 cents with .01 Lincoln cent for Campaign Finance Reform, paying down 100% of America’s political campaigns.

Growing our dollar from .02 cents to 100, annually provides 50 years-worth of buying power, as opposed to today’s rate. America will never have Freedom, Liberty, nor Justice until all Americans are Taxed Equally..

**Statement**
The most critical problems in our country are resolved with the return to The Constitution and rule of law. For too long the government has allowed and even used the Federal Judiciary to advance unpopular and unconstitutional policy. Congress, in its responsibility to supervise the courts, could start by requiring super majorities in Supreme Court decisions and set limits on the ability, scope and reach of lower court injunctions and precedents.

We need an immigration pause, enforcement of current laws and completion of a substantial physical barrier on our border. During this pause there needs to be a review of Islam and its influence on immigration worldwide.

I want to drag our central government into the 21st Century and have Representatives and Senators meet one week per quarter in D.C. and conduct most business from home electronically. We could cut federal taxes by half and place responsibility for social welfare programs on the states where they belong. We could also eliminate cabinet offices not in the constitution.

I would work toward the elimination of the Affordable Care Act and any federal involvement in medical insurance and care. I would oppose the implementation of a single payer plan but if states elected to do so there seems no grounds for challenge. I would fight for the $53,000,000 yearly withheld from Western State. I am an advocate for right to work. Union membership should never be a requirement for hiring or retaining a job.

I’m not “woke.” I understand postmodernism, critical theory and their tear down culture. The only rights in America are the rights found in The Constitution. Everyone living legally in America is a minority of one. I will donate $10,000 monthly from my salary to charity. Salaries and benefits for elected officials are obscene.

**Statement**
I am not a career politician. I am a decade-long resident of District 10 with a vested interest in its success. I have been a union officer, shipyard worker, scientist, and soldier, all of which have prepared me to serve as your District 10 Congresswoman. I am running to make a difference for my neighbors and fellow residents and fight for us.

While the President of a labor union, I advocated for legislation to protect workers benefits and rights. Through that process, I used my passion to represent people I care about and discussed issues that affect us all. I have harnessed this passion to focus on our district and intend to fight for increasing the minimum wage, ensure our Armed Forces continue to be funded appropriately, and support legislation to make sure our workers and families are taken care of first, not last, during these unprecedented times and beyond.

As a 3rd generation U.S. Army veteran, I recognize those who have served and have an intimate understanding of our veterans’ experiences. I will advocate for our armed services and veterans, actively resisting attempts to raid funds designed to support and assist those who have defended, and currently defend, our nation. As a former shipyard worker, I have experienced the agony of a paralyzed Congress. As the Congresswoman for District 10, I will support fiscal responsibility and constructive debate while working toward resolution.

I will represent the needs of our district with a homegrown and committed interest. Our needs and concerns will be communicated intelligently, thoughtfully, and articulately. I am respectful, honest, and I get results via a collaborative process by way of data driven decision making and reasonable negotiations. With your support, District 10 can have a Congresswoman not only for District 10, but also from District 10.
Beth Doglio
(Prefers Democratic Party)

**Statement**
I’ve spent 30 years taking on special interests and tackling complex challenges. With families and communities struggling, we need passionate, effective leaders committed to rebuilding our economy and taking action on critical priorities.

As a State Representative, I built diverse coalitions and passed landmark housing, clean energy jobs, and worker protection legislation. I’m running for Congress to continue fighting for South Sound families, seniors, veterans, and our most vulnerable.

**Economic Recovery:** I’m refusing corporate money to demand accountability and stop federal recovery funds from lining the pockets of big corporations. A true recovery puts families and small businesses first. **Working Families:** A 100% pro-labor legislator committed to getting people safely back to work, I’ll fight for paid sick days, paid family and medical leave, higher minimum wage, and affordable childcare. **Healthcare:** Healthcare inequities have never been more urgent. I support universal healthcare - reforms that reduce costs and expand accessibility. **Housing:** I provided access to $750 million for local governments to invest in housing and mental health. In Congress, I will address our housing crisis and deliver federal resources. **Climate Action:** Sponsor of Washington’s groundbreaking 100% Clean Electricity and Green Buildings laws, I secured over $200 million for clean energy job creation. In Congress, I will make pollution reduction and Puget Sound restoration a top priority. **Military Families:** Raised in a military family, I’ll keep working for JBLM families and veterans to have quality healthcare, housing, education, childcare, and jobs.

**Effective leadership endorsed by UFCW Grocery workers and Nurses, Firefighters, State Labor Council, State Employees, Retired Public Employees, League of Conservation Voters, Machinists, Alliance for Gun Responsibility, Sunrise Movement, FUSE, Thurston and Pierce County Democrats, Housing Alliance Action Fund, 120 education leaders; 120 elected leaders including State Senator Hunt, State Representatives Kilduff, Leavitt, Dolan; 10 current and former 10th District Mayors.**

Statement
Character is the most important issue we have with our politicians. Are they here to serve you, or themselves? Unlike the other politicians that recently moved here, or do not even live in this district I have lived here most of my life. This is my home; my dog is in this fight.

You, my neighbors have helped me in my life and it is my turn to give back and serve you.

I am a single father whose son is now heading off for college. I take care of my 95 year old mother who has moved in with me. My life is about service to others, we all need each other.

My greatest desire is to have your voice heard; this a country of the people, by the people, for the people. I will fight for our rights, working to stop our government from eroding our rights. We the people want them back. I will fight to reduce taxes. We know how to spend our money best. I will fight to keep our Social Security and Medicare. We earned it, it is ours. I will fight for our veterans, police force and our first responders who risk their lives for us. I will fight to keep medical insurance that we can afford. I will fight to reduce government bureaucracy interfering with our businesses.

We have a bright and promising future, but only when you the people are in control. Let’s put the power back into your hands. Unlike the other career politicians, I really do want to help you, and when my job is done, I am coming home to serve my community more.

It is time we bring common sense back to government. I would be honored to serve you, and respectfully ask for your vote.
Phil Gardner
(Prefers Democratic Party)

Elected Experience
Served with Congressman Heck as a senior advisor in his Lacey, Lakewood, and D.C. offices.

Other Professional Experience
Fought alongside Rep. Heck and delivered results: stopped Republicans from taking away your healthcare, passed the COMMUTE Act to relieve congestion on I-5 around JBLM, protected aerospace manufacturing jobs, and brought home $25 million to protect the Puget Sound and save our endangered orca.

Education
BA, George Washington University; Graduated from Charles Wright in University Place; Puyallup public schools: Shaw Road and Meeker Elementary.

Community Service
Volunteer EMT, GW Emergency Medical Response Group; Administrator, Camp Kesem (summer camp for children impacted by cancer).

Statement
With our future uncertain, one thing is clear: we need another leader with retiring Congressman Denny Heck’s work ethic, compassion, and love of country serving us in Congress. My experience and endorsements make clear I’ll be able to break through Congressional gridlock and get results for the South Sound – that’s why Rep. Heck encouraged me to run as his successor.

Public service is important in my family, and I’m running for Congress to continue serving my community in the best way I know how. Donald Trump and his Republican allies have made it clear that we need leaders with strength and values to fight for people and deliver results. I’ll partner with Joe Biden and other members of Congress from Washington to rebuild our economy, lower housing costs, and fix our broken healthcare system.

Healthcare is a basic human right, and I’ll fight for universal coverage. As a patient with preexisting conditions who relies on daily prescriptions, I’ll fight for a cap on drug prices and to end surprise medical billing.

I’ll continue Rep. Heck’s fight against climate change, and stop Republicans from cutting Social Security and Medicare. I’ll support our veterans and military families, and fight against privatizing the VA.

All my life I’ve heard leaders in our community say young Americans need to step up and lead. I’ve got unmatched federal experience delivering for the South Sound, deep roots in our district, and the fresh perspective we need in Congress. I’m asking for your vote to build on Rep. Heck’s record, and to give the next generation of Americans a leading role in shaping our country’s future.

Additional Endorsements: Pierce County Democrats, State Auditor Pat McCarthy, Puyallup Mayor Julie Door, Olympia Mayor Pro Tem Jessica Bateman, Congressmen David Cicilline & Mark Takano, LGBT Equality PAC, and more.

Statement
I grew up in Spanaway and have spent most of my adult life here. My wife, Pilar, and I have raised our now college-aged daughter here. For more than 125 years in Pierce and Thurston counties my family has created successful farms and businesses, built churches and created jobs in service industries. My grandfather, Harold LeMay, founded and grew what would become the 10th largest private refuse company in the United States. I have lived the values my family has taught me: Service, Loyalty, Respect and Integrity.

As a teacher’s kid and a museum professional, education is paramount to me. We need to create student growth goals that recognize vocational skills, the arts and health; make social studies and science a higher priority; and discuss reducing standardized testing as a litmus or cure-all. We need to prioritize our infrastructure, better protect our environment by addressing the health of our aqueducts, drinking water and great watersheds. And we need to produce a healthcare system that better makes care available to the most vulnerable throughout the district.

I believe that members of Congress should play an important role in gathering information about government activities that affect the voters by fostering relationships with elected and appointed leaders, gathering information from experts, and accepting feedback from voters and the people they put in charge locally, then applying that information in Washington D.C. Congress is not an executive or administrative role, but being a true representative and liaison in matters requiring support, financial and political, for issues that matter to the voters in our district. My goal is to be your strategic thinker in Washington D.C. – to use reason, logic, relationship-building, trust and kindness to find reasonable solutions to unreasonable problems.

I love this community and I ask for your vote.
Marilyn Strickland

**Statement**
Taking care of workers, expanding healthcare, and rebuilding our economy from this crisis will take proven leadership and a plan. I have both.

When I was elected Mayor of Tacoma, people were losing their homes and businesses were struggling. It’s happening again as the Trump Administration bails out their wealthy donors. I’m running for Congress to help workers, families, students, seniors, and small businesses, not Wall Street.

By investing in people, local businesses and infrastructure, we can rebuild our economy to work for everyone. It’s what I did in Tacoma by working to raise the minimum wage, pass paid family leave, improve high school graduation rates from 55% to 89%, and invest $500+ million in transportation, housing and utilities - creating good paying jobs.

Let’s focus on health and safety, put people back to work, and reduce carbon emissions. We can start by manufacturing medical supplies and equipment, vaccines, and life-saving drugs here in the South Sound, and provide tuition-free college for high-demand professions like nursing, healthcare, and teaching.

It’s time to boldly pursue housing for all, universal healthcare, a clean energy grid, and an economy that works for everybody. In Congress, I’ll expand career and technical education and apprenticeships, and protect a woman’s right to choose. I’ll take care of our military service members, their families, and veterans. As the daughter of a soldier, I know they deserve opportunity and security for their sacrifices.

I’m honored to be endorsed by former Governors Christine Gregoire and Gary Locke, former Congressman Norm Dicks, Tacoma Mayor Victoria Woodards, and the International Union of Operating Engineers Local 612. They know I’m the proven leader we need for tough times. Help make history by electing the first African-American from Washington and the first Korean-American woman to Congress.

Statement
"Remember the people" movement is a growing message to Congress. "Stop the partisan fighting and start serving the American people again!” It’s time to find common ground using common sense.

Towards that vision, Dean was the only candidate in his last re-election with major endorsements from both political parties including current Democratic Congressman Denny Heck as well as Chairman of the Washington State Republican Party. In addition, Dean also had strong support from various union members, police, firefighters, teachers and small business owners. This type of leadership is very rare and desperately needed in today’s politically divided climate.

Our freedoms and rights are being threatened, hence Dean upholds: The whole Constitution, not just parts of it; Religious freedom without fear of government intrusion; Civil liberties for everyone with the unencumbered freedom to express ones beliefs without fear of retribution; A return to civil and respectful dialog; Life, liberty and the pursuit of happiness; 2nd Amendment; The protection of Social Security for our seniors!

Coronavirus. Public safety measures to protect us are important, however, we must also protect our jobs, businesses and retirement investments which are essential to support our families. We should not have to choose between physical or financial health. Rather we can protect both as guided by wisdom and science not fear.

Drug abuse and mental illness is a national crisis. We must expand drug rehab centers and prioritize the expansion of State mental health facilities. Jobs are essential and government should implement policies that generate growth and lower taxes to stimulate private sector jobs, not more government dependency.

Dean comes from three family generations of public service background that include the US Army, Marines, Firefighters, Police, Pastors, Public School Teachers and Union members. It’s time for change. Vote Dean Johnson for Congress. Philippians 2:3 #rememberthepeople

Statement
We the people of the United States, in order to secure our future economic prosperity and the strength of our Union, need strong representatives who vow to fight for the common person and protect our innate freedoms and individualism, to promote the security of our households and those of our neighbor's households, to rebuild our trust and maintain our leadership in international affairs.

We must ensure we are a nation leading the World in education, innovation and break-through ideas. We must ensure every American has access to quality higher education and advanced health care. We must ensure that entrepreneurs have access to capital that promotes small business and U.S. exports. We must raise the federal minimum wage to meet the rising costs of housing, food, energy, education and healthcare needs.

I vow to fight for banking sector reforms to end the socialized losses and privatized gains by the nation's largest banks at the expense of the average individual. I vow to fight for Women's innate reproductive rights and fund programs that promote the physical and mental well-being of our citizens. I vow to fight for small business owners and entrepreneurs, passing legislation to increase access to capital. I vow to pass legislation that provides incentives to advanced research and development and promotes our technological leadership in all sectors of the economy as our best chance of overcoming our most pressing challenges. I vow to protect the innate individual rights of all workers in owning the product of their labor and defending the rights of workers to organize as they see fit, whether as a cooperative or company. I vow to promote social programs that rebuild our working class and provide safety nets to our most vulnerable citizens so they can take part in the prospects of this economy.

Statement
Both health care and post secondary education must be recognized as basic human rights for all Americans. The only cost effective way to provide universal health care is by providing a single national insurance program. Exclusion of private insurance companies from health care would save the American people trillions of dollars in unnecessary costs during the 21st Century.

This approach is opposed by both major parties but they have no viable alternative for achieving universal health care. This is extremely disappointing because 69,000 people suffer preventable or premature deaths every year as a direct result of our current health care system. However, there is a less cost effective way to reach the goal of 100% coverage for health care insurance. This loss of lives can be prevented by expanding Medicare eligibility to 65 plus all uninsured Americans. There would be no new Federal program for people to fear and no one would be forced to change or to do anything.

For education, we need to recognize the essential role of post secondary training as part of our 21st Century definition of basic education. Tuition fees in State college systems must be drastically reduced or eliminated.

In 1982, capital gains and earned income were taxed at the same percentage rates. This equality of income taxes has disappeared since then. We can provide health insurance and college tuition for all Americans by returning to this same tax policy of equality. The current tax rates for different categories of capital gains range from zero to 28 percent. All are well below the 37 percent maximum rate for earned income. These low rates for capital gains have been supported by both major parties since the 1980’s and are the primary cause of income inequality.

**Statement**
Our state is at a crossroads. Washington faces rampant homelessness fueled by mental illness and addiction, out-of-control spending, a lack of adequate funding for transportation, the human tragedy of the opioid crisis, and now COVID-19. Whoever you elect as governor faces an $8 billion shortfall. This is not a time for on the job training.

I am the only candidate with executive private-sector and legislative experience. I have an in-depth knowledge of budgetary issues and the effects cuts have on education and the most vulnerable, especially veterans, seniors and the disabled. I want to put taxpayers first, restructure state spending, reduce regulations and the size of state government. We can avoid massive tax increases or cuts to critical services that affect those most in need and I am the candidate to do that.

You can check my voting record and see the bills I’ve sponsored that address the problems we face like homelessness, public safety, mental health, transportation and the environment. I fought against the kindergarten sex ed bill, opposed needless tax increases that just grow government, and voted against policies that hurt your family.

Four years ago, the incumbent repeatedly promised not to raise taxes, only to sign $25 billion in new taxes this year. Now, his inconsistent response to COVID-19 has caused untold economic and social devastation to families and small businesses around the state. As your next governor, I will be fair and transparent.

We must bring our state together. An urban-centric approach to governing which ignores the needs of rural Washington and our diverse economy, like agriculture, is not good for the state as a whole. Check out my comprehensive plan, the Blueprint for Washington. It refocuses state government to put the people back in charge, not special interests.

Statement
It’s about to get even more complicated.

The next governor is facing a multibillion-dollar budget shortfall, widespread unemployment, a virus that will be with us for a while, plus lingering resentment over the shutdown. The next governor of Washington is going to need a skill set that we have not seen in politicians before.

This is not the time for angry ideologues. This is not the time to hire someone who uses this office as a steppingstone for their next job. This is the time for good management, servant leadership, real diplomacy, and complete indifference to partisan political fights.

The next governor needs to minimize the pain, so you don’t notice it, and be completely transparent about what your government is doing. Your government should be invisible when you don’t need it, and readily available when you do.

When one of my businesses suffered an 80% drop in sales due to a search engine change, I had tough choices to make. The answer wasn’t to simply cut expenses, raise prices, and complain about taxes. Creative and unusual ideas were what saved that company and made it #1 in its industry nationwide.

The next governor needs to be this creative, must value freedom and personal responsibility, preserve liberty and real justice for everyone, and must be a true representative of the people; not a lifelong politician.

I am running for governor to be your servant; to be the manager you hire to work on its greatest financial challenge. I am running to introduce creativity, efficient design, transparency, and diplomacy to state government. As a business owner, my entire job is making sure our customers and employees are served well. With your vote, your next governor will have that same obsession for serving you.
Leon Aaron Lawson  
(Prefers Trump Republican Party)

**Elected Experience**
I grew up in Shelton WA. I created a family business in 2011. I have never been in politics. If your indented outcome for this election is complete restructure from the ground up; I am the obvious choice. I have dealt with the negligent Bureaucracy, Tortious interference, the lack of training and oversight of this state for years.

**Other Professional Experience**
WWG1WGA

**Education**
Shelton High school Class of 1994; POL

**Community Service**
Despite years of being treated like a criminal, by the criminals; I continue to rise above and remain an asset to my community. I work to provide services to families and citizens of Washington.

**Contact**
66 SE Lynch Rd
Shelton, WA 98584

**Statement**
I was treated like a criminal growing up because I chose Marijuana over prescribed pharmaceuticals. But now the state picks and chooses who is allowed to sell and grow marijuana with its unconstitutional Lottery. decriminalize it and stop the states theft. I am a small business owner who was targeted and attacked by the corrupt and negligent powers of the current administration. In 2017, they ran me out of business, slandered me to customers and made false reports about me cooking meth. I asked, even begged them for help, but they just deepened their attack. but I am from Shelton a street fighter and because of our current President and the transparency, I was able to request and receive FOIA. I found out exactly what they were doing with overwhelming evidence. I taught myself law and represented myself ProSe. I took the state to the courts and won Thurston county superior court case 19-2-01200-34. I promise to fight and remove the corrupt levers of power that control our state; and I know where the Fraud and waste is going. So, I re-opened my store and started this grass roots campaign to take our state back. I trust the people of Washington to think for themselves and trust themselves, so I know you have my back. I have people who know me in every city in this state. We will change the levers of power together and turn the tide on the ones that tried to make us criminals. WWG1WGA, so, I can’t lose. We will change it from the tippy top.

**Statement**
Workers and farmers face the long-term economic, social, and moral crisis of capitalism. The response to the coronavirus only exposed and accelerated this crisis.

Safety, wages, and working conditions are under attack in rail and truck transportation, factories and packing plants, and retail. Workers need to fight for control over production to win safe working conditions, manufacture and distribution of quality goods, and protect the environment.

Our party promotes an action program to unite working people internationally and break down the barriers between those of us employed and unemployed. The working class needs to work. That’s where we go through struggles that bolster our confidence and strengthen our trust in each other and our capacities to fight. The Yakima Valley fruit packers’ fight for safe working conditions and better pay is an example for all working people. We urge your solidarity!

The Socialist Workers Party demands the federal government fund a massive public works program now to provide jobs at union wages for the millions tossed out of work. Workers can build needed hospitals, housing, schools and day care centers and replace crumbling infrastructure.

Farmers need solidarity from the working class and must be guaranteed the cost of production. Irrational breakdowns in the food market cause the destruction of milk, vegetables and livestock, as millions face hunger. The government must distribute this food to those who need it worldwide. The bosses divide working people by scapegoating immigrant workers My campaign fights for amnesty for all undocumented workers in the US.

Workers need a party that speaks in our interests—a labor party. We need to take political power from the bosses’ class and establish a government of workers and farmers! Join the Socialist Workers Party 2020 campaign! Read and subscribe to our campaign newspaper, the Militant at www.themilitant.com
Elected Experience
Sponsored and Passed $30 Tabs Initiative. Qualified 17 initiatives for a public vote, including: $30 Tabs; 2/3 Vote Requirement to Raise Taxes; Property Tax Limits; Government Transparency; Budget Performance Audits & Advisory Votes.

Other Professional Experience

Statement
As Governor, my mission will be to fix Washington’s broken system. I’ll bring my battle-tested experience and proven results reforming government to serve you.

Imagine if Jay Inslee hadn’t betrayed voters by breaking his campaign promises to veto taxes, raising them 30 times instead. Imagine if Inslee hadn’t recklessly shut down thousands of small businesses, forcing a million people out of work, while letting mega-corporations remain open. Inslee’s lockdown spared his allies but punished everyone else. Inslee’s actions always benefit the special interests that bankroll him.

As Governor, I will serve you. I’ll reduce taxes, prioritize spending, grow our economy, guard your individual liberty, and protect your constitutional rights. For 22 years, I’ve fought for you with initiatives that cut taxes, strengthened our communities and made our streets safer. I’ve saved the people of Washington $43 Billion, while Inslee’s 30 tax increases cost citizens $50 Billion. While you can rely on me to cut taxes—because I’ve done it over and over—Inslee admitted he’s exploiting the economic crisis he caused to raise your taxes – he wants carbon taxes, income taxes, and a creepy “Pay-Per-Mile-Tax.” I’ll block all tax increases.

Inslee’s reckless policies created the most homelessness and violent crime in our state’s history. I’ll use common-sense strategies to get the homeless off the streets.

Inslee got away with taking $5 million from taxpayers for his campaign. His cronies in Seattle tried overturning your vote for $30 Tabs, saying you were “confused.” Under Inslee, this broken system no longer serves the people. Washington has a Seattle Legislature, Seattle Supreme Court and a Seattle Governor. Enough! It’s time at least one branch of government represents the rest of us.

Inslee betrayed you. Trust me with your vote and I promise I will fight for you.

**Statement**
Our economy and society has forever changed. For better or worse, it is likely there will be no going back.

We owe a debt to our essential workers, who put their lives at risk every day, to provide them with childcare and tuition-free college or trade school. Our farmworkers deserve strong workplace protections. Our health care professionals deserve a reporting infrastructure that takes their demands and whistleblower complaints seriously.

Healthcare, including mental healthcare, should be covered for all Washington citizens. We need to shore up our domestic violence and child abuse prevention and reporting infrastructure. We need to incentivize K-12 online learning infrastructure and opportunities.

We need to support Native American communities and preserve our ecological inheritance. We need to preserve the Salish Sea and work towards the ultimate removal of the Snake River Dams, while supporting and compensating farmers and other stakeholders.

Finally, Amazon’s practices have been anti-competitive and predatory. We need to transform Amazon into a public utility owned by the people.
Goodspaceguy
(Prefers Trump Republican Party)

Statement
Greetings fellow voters of our beginning Space Age. How do you want to lead your precious lives in this age of advancing, technological miracles? I, Goodspaceguy, want to help raise our living standard. Believing a higher living standard is possible, I studied business and economics and have taken science as a lifelong hobby.

Viruses will always attack you. Your immune system defends you. As governor, I will not shut down your businesses or forbid you to go to work. Shut downs lower the living standard. If we listen, economics can tell us how to raise the living standard. Scientific technology can also help raise our living standard. How can research, such as stem cell research, improve our bodies? How many robots would you want to supervise to make your work easier? Let’s make it easy for people to get into the workforce so that more people can help with the raising of the living standard and the paying of their bills.

On our Spaceship Earth, I’ve lived primarily in Washington State, Minnesota, Maryland, Missouri, Germany, and Sweden. I’ve concluded that we should look upon our world as a natural and beautiful spaceship.

From economics I’ve learnt that we should move away from the big government, command economy of force that is a heavy burden on taxpayers. We should move toward the voluntary, competitive, free market economy which uses profit to create jobs that are in balance with what consumers want. You consumers rule.

Because many people have the same birth name as me, I could not find myself on the internet. I went to court to alter my name, and now you can find me. Please use my findable name “Goodspaceguy.”

Separately, please refer to our world as “Spaceship Earth.” This concept might improve your descendants’ future.

**Statement**
I am running as a spokesperson for the anti-apartheid / reparations-now movement. My issues and solutions:

1) Raise awareness that Washington State is Native American land, and should be returned. Colonialism is no longer acceptable. 2) The current Governor’s biggest mistake is turning Seattle’s SVI building over to proven historical Negro vampire criminals. This is unconstitutional, and will be opposed in the courts and on the street.

3) Reparations must be paid to “Africatown” to repair / correct the cultural and economic damage done to the refugees from European colonial settler terrorism / slavery. 4) End the ethnic cleansing / “gentrification” of blacks out of Seattle’s historic central area and Tacoma’s historic hilltop (aka Africatown).

5) Remove the names / images of the “North-American Hitlers”, Washington / Jefferson, those mass murderers of Native American “Indians” and “owners” of hundreds of “slaves”.

6) Stop schools from teaching any children that Washington and Jefferson (“Indian” killers / slavers) were champions of “freedom, justice, equality and democracy” when they were in fact brutal “terrorists”.

7) End homelessness by providing land, materials / expertise for homeless to build their own mortgage-free housing. (have you ever seen a homeless bird?) 8) Limit “police” to 5-year terms—in which they must complete teacher’s certificate qualifications and then teach for 5 years before returning to law enforcement—to prevent PTSD and stop criminals hiding behind government issued badges / guns.

9) Our state must form its own bank to finance ending homelessness through sweat equity. 10) Since race is arbitrarily based on “skin color”, redefine “race” based on hair color, which is much easier to change—especially for “white minded” integrated Negroes like Court Justice “Uncle” Clarence Thomas.

Statement
Today you will choose a leader that will inherit a pandemic. I still believe the most important words of the United States Constitution is "We The People". We cannot ignore that our country is now in a state of a catastrophic crisis on all levels of government. Getting things done is what I offer Washingtonians. Healing and regaining the trust of the people is my first order of business when I take office. Understanding cultural differences and working with many elected leaders around the world has prepared me to work with people of all ethic background. It is time to break with practice tribalism and really care and deliver the needs to the people of Washington State. I want Eastern Washington to know I care and know the important roll you play to this Washington. This election is about you and the needs for your families future. We have one of the most regressive tax structures in the country. Working people are hurting and this must stop. At this moment and time. We all must care. I have always went to battle without an elective seat for social and economic justice. I will lead this state with a open but progressive mind. Our state has and always will be a state of innovators and people who know how to fight for the right things to be done. It is our time now to embrace a new future. We will prevail. Stay safe.

Thank You

**Statement**
By trade and training, Dr. Raul Garcia is a healer. An emergency room physician who has spent his career on the frontlines healing and protecting people during life’s most vulnerable moments.

Raul escaped Cuba at the age of eleven. He became a protector of his family and those he loved, and also of the American dream and the values it represents. In Cuba, he witnessed firsthand the devastating and demoralizing effects of socialism. From those early experiences, Dr. Garcia began a life of service. Through a career in medicine, leadership on national boards and professional associations, and success as an entrepreneur, Raul is the ideal person to lead Washington past Covid-19 and back to health and prosperity.

Dr. Garcia envisions a Washington bound by shared interests, not divided by political ideology. He offers his candidacy as an alternative to the career politicians that care more about serving themselves than the people.

A staunch opponent of any increase in state tax, he believes in limited, efficient and accountable government. His leadership will focus on economic prosperity and the health of our citizens.

Dr. Garcia will assure that never again will tens of millions of tax dollars be wasted on fraudulent claims while health care workers do not have protective equipment and our nursing homes are closing due to lack of state support.

A collaborative unifier, he will listen to and fight for the small business owner, the farmer, the teacher, and for every Washingtonian striving to achieve the American dream. As an immigrant, Dr. Garcia values freedom and opportunity for all, and above all. In this unprecedented time, Dr. Raul Garcia offers different leadership focused on making Washington state the most triumphant, thriving, and prosperous state of our union.

Tylor Grow
(Prefers Republican Party)

Statement
Over the past 35 years, Washington State has had an elected Democrat as Governor. With decades of empty promises and slow progress, look where it has led us to. As the next Governor of Washington State, I, Tylor Grow, will eliminate the partisan gridlock that keeps our beautiful state from reaching its true potential by streamlining the way Washington State handles tax revenue.

I will reform our methods of collecting tax revenue regarding infrastructure to greatly benefit all of Washington’s residents - not just the select few in the state’s urban centers. I will reform how we allocate funds for Washington State’s public schools in order to help solve our students.

I will reform our state’s health care system by providing a public option for our state’s residents. No one should have to worry about the cost of health care. I will stop penalizing tax-funded organizations and programs for not using enough provided tax funds. This leads to wasteful spending which should be discouraged.

I will reform how we handle our homeless population. I will invest in building large dormitories in which resources for wellbeing, rehabilitation, and career-building cases will be available. This will keep people off the streets and add to our booming workforce.

As a gay person of Mexican descent, I know what it’s like to be discriminated against. I want to help everyone in Washington State no matter: race, gender, sexual orientation, income, and/or ability.

Vote Tylor Grow for Governor of Washington State!
Winston Wilkes
(Prefers Propertarian Party)

**Elected Experience**
I do not have any elected political experience because I do not intend to make politics my career.

www.wilkesforgovernor.com

**Statement**
No new taxes. Third party audits on all taxes to find waste or misuse. Better health care for all. Equality of opportunity for all. Term limits. All these policies I am in favor of, but they are just talking points. I am twenty-six years old but even I know corruption runs the government. We expect politicians to lie and cheat. We also expect them to make millions of dollars through corrupt means while in office, and we just accept it. That is why I am running for office without accepting donations to my campaign and refusing any partnerships or sponsors. I am doing this so you know that I’m here to serve you, not to gain money or power.

Holding government accountable is something no one in politics will do and I am sick of it. Together with the people we will implement new bills to punish corruption and enact Title 18 Section 241 and 242 of the United States Code to remove the rot in government. Epstein didn’t kill himself. Brining back trust in the government is my goal, and instilling fear of the people into the government is my purpose. Freedom is not free. I am paying my share here and now. Will you?
Brian R. Weed

Statement
Hi, I’m Thor Amundson, and I am a pro-democracy candidate. Born and raised in Eastern Washington, I’ve lived and worked throughout the state, and this has given me the opportunity to talk with people in all walks of life, and to consider the variety of issues facing them. I believe that without a little more opportunity for the next generation, we cannot have a healthy civilization.

If corporations move to other countries, they should follow the same rules and labour practices as in the USA. Stop shipping logs, jobs, and clean air over seas. Turn off reactor at Hanford; stop making the mess. Nationwide public internet access for everyone and net neutrality. Ban the use of certain weed killers on federally funded sites. Overturn Citizen’s United.

Picture a state and a nation where your children can afford to live. A land without discrimination, and where the working person receives their just reward. A place where worker’s rights are protected; where innovative, effective leadership inspires; and where elected officials are chosen by the people, not by their financial contributors. Rather than propose campaign reform, I’m going to implement it. I am not an attorney, and I am not a politician. Therefore, there will be no question about who I am working for. I will lead Washington into the 21st century.

As the first Senator not financed by PAC money, and hailing from one of the best states in the Union, I will stir the very dredges of the old guard in Washington D.C., and at the same time provide inspiration to anyone else who truly cares about the future of our great Nation. I am backed by %100 of Orca. Please vote for Thor Amundson, U.S. Senate.
Gene Hart

**Statement**
Many activists and a state-sponsored working group are working on healthcare reform, here in Washington, our home. Coming to The People’s desk for signature first, as Washington State Governor, I would most likely sign that reform, given my sense of it, as the next step for healthcare as an unalienable right.

We need our Robust Economy, rural and urban, to pay for our programs. Before, it was only good, fair reduced taxes for The Great Majority, followed by education, our state’s Paramount Duty, as mandated by our Washington State Constitution and Target Zero transportation deaths and transportation major injuries before this decade’s end. Our pandemical tsunami has changed the lay of the land.

Now We all require that rural and urban Robust Economy and good, fair revenue, yes Fair Taxes, family wage jobs, thriving independent, employee-owned businesses et cetera.

In my mind, it really is Full Mobilization, All Hands, Non-Profits, Profits and Government needed, urged, coached and inspired. As Governor, Washington our home, I will establish a Kitchen Cabinet concept in Office of the Governor to educate and move our People, our economy our society, Onward. We already have top quality, volunteers waiting in the wings.

This is our home. We want, We deserve more. Putting People First, Keeping People First. It short, I want the good, better and best angels of our nature, fully mobilized, not the ugly, worst and flawed earth angels of our nature. My apology for long-winded polemic, but you did press the on button and it worked.

The only limits to our realizations of tomorrows will be our doubts of todays. Let us move forward with strong and active faith. Adapted from FDR’s last undelivered Warm Springs address. For more info, access https://www.facebook.com/gene.hart.568/ (360) 473-9064, geneh@silverlink.net

Colfax, WA 99111
nailsforgovernor2020@gmail.com
www.dnails1.wixsite.com/nailsforgovernor2020

Statement
Dylan Nails, a 20 year old college student, comes from the beautiful hills of the Palouse in Eastern Washington State where he has lived, worked, and went to school most all of his life. Dylan loves skiing, videography, traveling, and exploring what Washington State, and the greater Pacific Northwest has to offer. He currently attends Northwest Nazarene University, and studies Secondary Education, with an Emphasis in History, and a minor in Special Education. When elected, Dylan is in favor of encouraging increases for Teacher Salaries, increase funding for State Parks and conservation, Debt Relief program for students of Washington, promoting more representation of young people in politics, and being a voice for Washington State, as much the East as the West.

Dylan’s weakness is also what makes him shine as a candidate. While Dylan is young, and may be lacking some of the elected experience his opponents may have, he brings as fresh, new outlook and perspective for Washington State, that is both beneficial and crucial for the next stage in our States history. As a college student, he is not looking to make a career in politics, but in fact getting in, and getting what needs to be done for Washington State accomplished.

He can’t wait to see what the future holds, and looks forward to seeing what he can do for our State.
Candidate statements are printed as submitted and not edited for factual or grammatical accuracy by the Secretary of State or Auditor’s Office.

Wheeling for Governor as Paraplegic

"Keep Washington Wonderful"

Why am I Wheeling for Governor? Because I believe Times of Crisis Reveal Women's and Men's Hearts. Panic initiates. Response. It's fundamental Darwinism! It's fundamental Christianity, It's fundamental Religion and Community! Stand and fight or Retreat and compromise. Live with honor and show your opponent some Quarter in mutual times of Crisis or Live for power and take advantage of your opponent purely because the opportunity is there to be had!

The colonies did not rebel Because the Time was ripe, the moment opportune! What Great things could possibly come from such virtues less tactics? We Stood up against an ever-increasing Tyrannical King and decided the time of being ruled by other’s was an inequity we would no longer justify. We did not take on the issue of slavery out of convenience or because the political landscape was ripe. We took up the fight against slavery because the owning of slaves was tearing our country apart and we had to decide "Do we really Believe all men to be equal."

Maybe this is why War is always doomed to fail. When Struggling for survival against lions and tigers and Bears and maybe such monster’s like Hitler and Stalin and Mao, attacking such monsters when they sleep or find themselves in an unforeseen snare is validated. But using such means whenever they present themselves against other human beings may in the end be the end of us all!

I believe Many have shown their true colors and are using this time of crisis as justifications to Grab power and justify authoritarianism and chip away at the foundations of our country. Not money, not slavery, not fear, not greed or power. That Every Citizen has the right To Freedom!
David W.
Blomstrom
(Prefers Fifth Republic Party)

Elected Experience
No information submitted.

Other Professional Experience
My life experience has been diverse and educational. I was raised in rural West Dakota and spent four years in the U.S. Navy. I worked as a wildlife biologist in Alaska for nearly a decade before moving to Seattle, where I worked as a teacher for sixteen years. I have also worked for the U.S. Postal Service and UPS. Today, I am a student of political science and philosophy, a writer and website designer.

Education
I obtained a BS in ecology from Western Washington University/Huxley in Bellingham.

Statement
We meet again. I ran for this office in 2016, introducing a word I coined. Do you remember that word?

I’ve learned a lot since then. In fact, I’ve been working on a series of books focusing on politix, as I call it. They include the first ever general political reference focusing on Washington State and its de facto capital, Seattle. SeaWA Politix and what may be the first truthful book about Bill Gates will be published before the general election. A third book, focusing on coronavirus conspiracy theories will probably be published by the time you read this. You can learn about my books @ www.kpowbooks.com.

I’m not afraid to tackle the toughest issues, from sex trafficking to telling Bill Gates to shut up and pay his fair share of taxes. As a former teacher with the corrupt Seattle School District, education reform has always been one of my top issues. As a former wildlife biologist in Alaska, I recognize environmental protection as the most important issue of all.

On the international scene, we need to put an end to our decades-old tirade against China. I view China as a friend. Israel is the enemy. In fact, my book SeaWA Politix is illustrated with photos taken with a Chinese Huawei smartphone, which boasts the best camera(s) of any smartphone.

Please ignore the Seattle Times and other sleazy media and their endorsements! If voters can’t think for themselves, what hope is there?

In these trying times, it’s more important than ever to believe in the power of one. As Edward Abbey said, a patriot must always be ready to protect his country from his government. In that spirit, my crusade won’t end with this election campaign. Elected or not, I will continue to learn and fight the good fight.
Anton Sakharov  
(Prefers Trump Republican Party)

**Elected Experience**
Non-career politician

**Other Professional Experience**
Anton Sakharov has over a decade of technology, project and product management experience in the private sector. In successive management roles, he has overseen the development and launch of new products and technologies of all sizes and scope - from start-up companies with international operations to Amazon.com. His leadership and consensus building skills have made his business career successful and he will use those skills to bring leadership and accountability back to Washington State government.

**Education**
Johns Hopkins University - Masters of Science in Project and Organization Management; San Jose State University - Bachelors of Science in Finance

**Community Service**

PO BOX 493  
Issaquah, WA 98027  
425.998.7323  info@antonsakharov.com  
www.antonsakharov.com

**Statement**
Anton brings years of leadership experience in the private sector where he has spent his career solving problems. Anton understands the important issues facing Washingtonians, but are ignored by the out of touch political establishment. Anton is not a career politician, will not play politics and will not be bought. His businesslike approach offers real solutions to the soaring issues we face.

Anton’s vision for Washington to be a state that is efficiently and effectively serving its people. He sees what is broken and will enact real solutions. He will respect the will of voters, cut taxes, reduce bureaucracy, and uphold the Constitution and Individual Rights. He will drain the Olympia swamp and end the drug fueled and government enabled homelessness by holding agencies accountable to their budgets and outcomes. He will end government interference in our lives, the extreme liberal agendas pushed on our children and attacks on personal freedom. He envisions a Washington that is friendly to businesses and individual liberty – a Washington where Constitutional rights are protected, businesses thrive, and individual success is not punished by uncontrolled taxation through the death tax, estate recovery tax and real estate taxes.

Under Anton’s leadership, the state will reduce regulations, attract new businesses, allow existing businesses to thrive and reopen closed industries.

As a refugee from the Soviet Union, he has seen the damage caused by too much government, too much regulation, and the importance of a balance of powers in maintaining a free and prosperous life.

The Governor of Washington State should not be a career politician but instead a leader and executive manager who is working for the people. As a proud American citizen whose family escaped communism, Anton has realized the American Dream – a dream that is alive and is deserving of every hard-working Washingtonian.

Statement
Putting people over party. It’s what I did as a City Councilmember in my hometown of Lake Forest Park. It’s what I’ll do if elected as your Governor.

As an anti-Trump Republican, I know Washingtonians appreciate a leader who tells it like it is. Many of my fellow Republicans get upset when I say Donald Trump is a phony and an assclown. As is Tim Eyman. Fair enough.

Valuing individuals over party affiliation, I’ve supported sensible Democrats who’ve proven competency to govern. I proudly helped Bob Ferguson’s campaign for County Council. He was a great Councilmember; he’s a dreadful Attorney General. This year, I backed Senator Amy Klobuchar for President and endorse Hilary Franz’ reelection for Lands Commissioner.

As for Jay Inslee? 32 years in office, now he wants 4 more. Has he earned it? Traveling the country last year, utilizing $4 million dollars of taxpayer money for travel and State Patrol security detail. All for a miserably failed campaign in which he never had a chance.

I’m writing this in May, as a first time, soon-to-be dad late this summer, wondering about the world into which my daughter will be born. 2020 will be a depression year: GDP down 10%, DOW below 20,000, 40 million unemployed, and staggering deaths from coronavirus. But out of despair... we can find hope.

It’s time to End 36 Years of One-Party Rule. I support two-year terms for the Governorship. If elected, I will step aside in 2022 so Washingtonians can elect a new Governor that November. I invite you right now to pause your reading, and visit ResetWA.org to learn my plans for advancing electoral reform, balancing our massive budget shortfall, and to fight COVID-19 to save lives and restore our economy. Please join me, let’s Reset Washington.

**Statement**
The State of Washington is incomparable. Her diversity, geography and economy would power a strong independent nation. The upcoming term demands one of the hardest working governors in history, to halt in-fighting and guide our state to a swift, safe recovery.

My grandparents immigrated to Washington in the early 20th century, starting a small dairy farm. They would be proud of their descendants - children and grandchildren who have become professionals in almost every imaginable industry, served their country, and of course continued to farm. I was raised on a hop farm along the Yakima River. I drove tractor, fed the pigs, lugged irrigation pipes and worked non-stop through summer harvests.

After attending the USC Film School, I was hired as the station manager for KUCB, a public TV and radio station in Alaska. I met a remarkable, strong woman in Dutch Harbor, and we returned to Washington to start a family. Our oldest son recently graduated from the University of Washington, where our youngest son is a freshman.

I have been in public service for eleven years, working closely with city, state and county agencies. I am best positioned to oversee the executive branch of our state, and will make the most efficient use of my time while never fundraising. In addition to working across the aisle, the Governor needs to thoroughly understand all state agencies, and earn the respect of employees and the public. I have demonstrated the ability to work with all levels of government, bringing together opposing ideas for stronger solutions.

This election must be about independence. Washington is independent. Republicans and Democrats are good people, though the current party leadership promotes divisiveness and distrust. I would be honored to be your Governor, and will promote respect for all Washingtonians.
Ian Gonzales  
(Prefers Republican Party)

**Elected Experience**
Ian Gonzales brings a clean slate to politics. He is someone who has no affiliation with interest groups, lobbyists, or large corporations. This means Ian has no other motive than to do what is best for Washington.

**Other Professional Experience**
Ian started his business in 2018. The company Yesu Creations, although a for-profit company, has donated to local organizations helping veterans returning home with PTSD.

**Education**
Attendee of Washington State University since age 15. Majoring in biology and minoring in business administration, he’s finished his junior year, completing his business minor.

**Community Service**
Spent nearly 10 hours a week serving at church and the community.

**Contact**
105507 E Tripple Vista Dr
Kennewick, WA 99338
www.ianforgovernor.com

**Statement**
I’m running for Governor because my generation and those that follow will reap both the benefits and the long term consequences of the decisions made by our current administration. Washington has become increasingly tax-happy, yet many of the programs that tax dollars are being dumped into aren’t reaping their intended benefits which needs to change. These programs have better solutions waiting to be applied that would allow the people of Washington to pay less taxes; yet still fund the things that are necessary, like quality roads. Washington as it stands is more divided than ever. Our state needs a leader who is invested into the prosperity of our state’s future, someone who can unite both sides of the mountains, and is willing to govern all 39 counties. Homelessness is a major challenge being presented in King and surrounding counties. This is an issue that everyone's tax dollars have a stake in, though it could be 200 miles away, and still the problem has not been solved. Either our money is not going where the state says or our current leadership isn’t able to find ways to better the homeless situation. Either way, homelessness needs to be addressed in all counties.

Even more cause for concern with our current leadership, I-976 which would have decreased vehicle tabs to $30, was voted on and passed, then held up in court, not giving the people what they voted for. While similarly, I-1639 which inaccurately portrays all semi-automatic rifles as “assault rifles” is a direct hit to our second amendment rights. These alarming events shows us Washingtonians that our voice is dwindling. If you want a governor who you can trust, believe in, and know won’t ignore your votes, remember me, Ian Gonzales, with your primary vote on August 4th.
Cairo D’Almeida
(Prefers Democratic Party)

**Elected Experience**
Not a Professional Politician; President of Local 1121, since 2014

**Other Professional Experience**

**Education**

**Community Service**
Volunteered over 1000 hours a year since 2013 to represent TSA officers. Reported officers’ welfare to the media 12/2018 shutdown. Helped officers get over 2,500 gifts cards from passengers, other unions and residents during the shutdown. Cook for homeless on occasion.

**Contact**
19019 International BLVD #406
Seatac, WA 98188
vote@votedrdalmeida.com
www.votedrdalmeida.com

**Statement**
Dr. D’Almeida has always been vocal about the inhuman treatment of homeless and lack of affordable housing. Veterans and foster parents need more psychological support. Housing the homeless and treating their medical issues is cheaper than leaving them on the streets. The money used to clean after the homeless, will be used to house them.

Students should not have to be punished with student loans when trying to become productive members of society. The Police; firefighter and schools, should have better and more up-to-date technology. All students and teachers should be provided with free bus and light rail pass for as long as they carry partial credits. Kindergarten to high schools need free nutritional lunches. Free day care for low income people.

I will introduce a bill to protect first responders and give them hazard’s pay and another bill that will protect small business during a pandemic. Pandemics will be dealt with one city and one county at a time.

Those with substance abuse need medical and psychological support. A woman’s body belongs to her, not the government. No Second Amendment violation. Our 70 million backup army does not kill innocent people, criminals use guns to kill innocent people! Property Taxes stays the same until the minimum wage goes up. Women and other minorities need more support. Our Immigration Laws are in shambles and must be Updated. LGBTQ, WOMXN and LatinX have rights too and need support. State Parks must be upgraded. No more for-profit jail or detention centers.

It is not what we have, but what we do to help others during a time of struggle that define us who we are. My goal is to serve “The People,” not control them! Where we go from here is up to you.

Statement
The people of Washington are resilient and deserve leadership that reflects their character. Jay Inslee’s proven experience in difficult times and his successful economic vision are exactly what Washington needs as we rebuild our economy and help families and businesses recover from the pandemic.

The measure of our leaders is how they respond to unexpected crises. When Washington became ground zero in the country for COVID-19, Governor Jay Inslee met this health and economic crisis head-on, with bold action based on science and guided by public health experts.

The Ellensburg Daily Record praised Governor Inslee, writing, “In the moment when he has been tested the hardest, Inslee has stepped up, making the tough calls and providing the leadership needed to get this state through the COVID-19 crisis.” The Chair of the University of Washington’s Department of Global Health praised Inslee’s leadership for “having saved countless lives.”

Under Inslee’s leadership, Washington recovered from the last great recession to become the country’s #1 rated economy, and our state is poised to rebound more quickly thanks to the Governor’s progressive policies. Our state has the nation’s best Paid Family and Medical Leave, we have expanded health care coverage to 800,000 Washingtonians and created a long-term care benefit for seniors that puts us in a better position to address public health dangers and immediate economic hardship.

Inslee’s Career Connect program provides on-site training and apprenticeships for thousands of students who have plans other than four-year college and his investments in forward-thinking renewable energy industries have prepared us to endure and recover from the economic pain so many are now living through.

Governor Inslee’s steady leadership and pioneering vision make him exactly the governor we need now to guide us to a better, stronger and more just future for Washington.
Joshua Freed
(Prefers Republican Party)

Elected Experience

Statement
Are you better off today than you were four years ago?

Is it easier to find a job, keep your business open, walk safely in your community, educate your children and protect your family’s health?

Under this Governor unemployment has skyrocketed, homelessness, crime and drug abuse have exploded and public health bureaucrats spent time pushing for heroin injection sites instead of preparing for a pandemic. We need a Governor who will listen to everyone, not just the powerful and well connected. Olympia is working for political insiders who don’t need the help while ignoring those devastated by a health crisis and economic collapse. Our state’s only mental health hospital was so poorly mismanaged it was decertified by the federal government leaving the mentally ill to wander the streets.

As I’ve travelled to all 39 counties, the message is consistently clear: we need a Governor to bring Washington together, not divide us into camps of “essential” versus “non-essential”. I will lead Washington’s economic recovery. I have a lifelong record of community service here and around the world. I will not take a salary as Governor and will instead donate it to local nonprofits helping the mentally ill and homeless. I have a track record of bringing people together as a successful businessman and bipartisan leader who has cut taxes while protecting the most vulnerable. I will veto any attempt at a state income tax. I will never use my office to take away liberties our founders fought and died for and will uphold our U.S. and State Constitutions.

My wife Lindie and I are both the product of Washington public schools and believe in supporting education. Our five kids join us in serving the disadvantaged around the world.

I humbly ask for your vote. I won’t let you down. #freedom

Statement
Unity, Prosperity, Honor these are the things I want to bring to Washington. They are the hallmarks of a stable, reliable government and a functioning society. These three things will bring Washington into a new golden age. With them, we can create “a city on the hill” to the rest of our nation!

Unity
It’s a powerful hopeful word, especially because today we live divided. From our state to our families and communities. Red and Blue, a Donkey and an Elephant. We let these things define us and divide us. Why? is that the Washington we want? I don’t think so. Cooperation and unity between the major parties, Working together despite our differing opinions to build a better, unified Washington. That’s what Washington needs and what’s what I’ll bring.

Prosperity
, how you go about bringing prosperity? I believe prosperity comes from three things the land, the People, and the Schools. The land is our natural resources, our farms, our forest, and our seas. The people are our culture, our businesses, and our dreams. Lastly, schools are how we teach our young people. To be independent, resourceful, insightful, courageous, and honorable. Instead of boring them to death, I want to create a love of learning and life long growth. Not just ensuring a better education but a better economy as companies flock to our superior workforce.

Finally, Honor, Honor, is everything. It means leaders you can trust. Politicians, working towards what’s best for the people, never being bought, always leading from the front, and doing the hard jobs no one else will. A state where people are always worried about the integrity of their leaders can never move forward. Because if you can’t believe that the other side is saying. you can never understand each other.
Loren Culp  
(Prefers Republican Party)

Statement
Loren Culp was born in Everett, WA and is a lifelong Washington resident—except during his service in the US Army’s 101st Airborne Division. He currently serves as the Chief of Police in Republic, WA, and is a bestselling author. For over 20 years he owned and operated a construction company in Olympia, WA before moving to Republic and joining the law enforcement community. He has been married to his high school sweetheart, Barb, for 43 years. They have two grown sons and seven grandchildren. His platform advocates a return to respecting citizen rights and accountability for state government.

**Statement**
I am choosing to run for Governor of the Great state of Washington because I believe it is time for change. I see money for the homeless, yet our homeless population does not diminish. I see money spent on the schools, yet the districts are wildly unequal. Poor districts do not have the computers and laptops that the wealthier districts have, even as technology becomes more vital to our children's education. I am very concerned that we are overtaxed and our money is being misspent.

Many want to spend effort and money to focus on all of the state's problems. I want to create new solutions for those problems. I want to live in a state where men and women who work their 8-hour day -40 hour work week have the health insurance they need. The middle class fuels the economy in our state and I want to protect that. Under my leadership you would see these changes in policy.

At the top of my list I want to create equality in education for every district. I will apply common sense to the validity and effectiveness of each program and determine if they produce adequate results relative to their cost. As Governor, I will prioritize a balanced budget. As one of the most overtaxed states I want to bring our state back into focus and lower our spending to a reasonable level with the ultimate goal of lowering state taxes for all.

For the sake of the future of you and your children please vote.

Thank you

Statement
My previous 8 campaigns have never been to win but to tell voters Sound Transit should’ve never been allowed to spend billions adding Prop 1 extensions to Central Link. Now it’s only a question of whether it's the Northgate operation in 2021 or East Link in 2023 that vindicate my concern

This year it’s to debunk claim fossil emissions are an existential threat. That Al Gore's "Inconvenient truth" is in fact a monumental lie. Ice core temperatures from four prior interglacial periods were higher than current levels with 300 ppm CO2 far lower than current 410 ppm. That during those periods the CO2 level was the result of increased out gassing from ocean when temperatures were warming and increased dissolution when temperatures were cooling. Both warming and cooling were driven by the Sun.

It was the Sun that raised temperatures and CO2 levels after the last ice age, culminating in the Medieival Warming Period, Little Ice Age, and subsequent warming prior to significant fossil emissions. The increased fossil emissions have added to the Sun's impact on CO2 over the last 60 years raising level to the current 410 ppm.

However it’s the Sun not higher CO2 levels from increasing fossil emissions that can significantly increase global temperatures. The ~5 gigaton carbon (GtC) annual fossil emissions currently increase CO2 by ~2ppm. If emissions averaged 10 GtC over the next 50 years the additional 500 GtC would add 200 ppm raising the current level from 410 to 610 ppm, or from 0.041 to 0.061%, still a tiny fraction of the 96.5% CO2 that warms Venus.

My campaign and stopeastlinknow blog are to expose the futility of adding trillions more in an attempt to limit global warming by reducing that increase.

(Prefers Republican Party)

Elected Experience
I ran for US Congress in District 10 in 2018. I was outspent roughly 130 to 1 but still made it to the General Election, earning roughly 40% or 104,000 votes on a first run.

Other Professional Experience
I am a proven business leader of over fourteen years. Managing a business with 91 direct reports and over $38 million per year in revenue. I have over a decade of management experience within the healthcare industry.

Education
UNLV Business Major, CRAS Engineering Alumni, CDS Alumni
CDL A License

Community Service
Including but not limited to LLS, YMCA, ADA, AHA, Veteran non-profits & more.

Statement
“"A United Washington.” It is time to ensure real representation for everyone. As a true representative for all, I will work hard to unite folks; Democrat, Republican, Libertarian, or Independent. We are all in this together. Let’s take our state back from misrepresentation and corruption.

I wholeheartedly vow to fight for you and to be everyone’s representative. I will focus on issues that matter to each of us. Let’s improve our quality of life. Let’s focus on reducing state taxes and increasing household incomes. Let’s focus on clean but also affordable energy.

Let’s focus on fixing our homelessness issues and reforming our family court system. Let’s focus on upholding our “Bill of Rights.” There is nothing “common sense” about giving up our rights. Let’s focus on election integrity reform and replacing fake representatives. These are just a few examples.

Unfortunately our state government as well as the state parties have been heavily infiltrated by fake representatives. There are also too many manipulated candidates. Sadly, some were even recruited to run against me. This is because I am your only liberty-minded Lt. Governor candidate. Help me to help us. Let’s fix it; people over party, liberty first, “A United Washington.”

State Partisan Offices | Lieutenant Governor | Four Year Term

---

**Ann Davison Sattler**  
(Prefers Republican Party)

**Elected Experience**
Not a career ladder politician. Endorsed by former Governor Dan Evans, former Secretary of State Sam Reed, Sen. Leader Mark Schoesler, House Leader Rep. J.T. Wilcox. See website for full endorsement list.

**Other Professional Experience**

**Education**
Juris Doctorate, Willamette University, College of Law; Bachelor of Arts, Sociology, Baylor University

**Community Service**
Vice President, Seattle Youth Soccer Association Executive Board; volunteer youth soccer coach; chaired public elementary school fundraiser raising $200,000; volunteered with individuals transitioning out of incarceration; local environmental clean-ups; worked at UN Cambodian refugee camp; tutored immigrants at Central Area Youth Association.

**Statement**
My young children’s years of pointed questions about people living alongside our roads, clearly needing help, caused me to doubt and question our current politicians. Even to kids, it was obvious that something was wrong. I had worked in a UN refugee camp where people had lost everything, fleeing violence; yet, it was more hygienic and humane than my hometown. Unable to find plausible explanations and wanting better for Washington, I had to speak out.

Tone deaf measures coming out of Olympia are one-sided and unbalanced. Current politicians throw money at problems first, asking questions later—this must stop. They’ve been in power so long they’ve forgotten to listen to neighbors or manage their spending. We cannot tax our way back to health from our current crisis. I’ll provide the critical check and balance we’ve lost, being a leader who seeks compassionate solutions while protecting taxpayers.

I will bring the fresh perspective direly needed in Olympia. We need a Lt. Governor fighting for families and businesses, not more of the same government approach. Let’s get this right for our children’s tomorrow, as well as their today.

Top issues: fiscal responsibility, political balance, homelessness, addiction & mental health, public safety

**James R. Rafferty**  
(Prefers Democratic Party)

**Elected Experience**
This is my first Public Election.

**Other Professional Experience**

**Education**

**Community Service**

**Statement**
Washington State Senators and other Legislators will be treated fairly by me as Lt. Governor. Everyone wins. When ideas are shared and economic activity grows, then the public can prosper and have faith in the future. Quality government requires that respectful battles must take place.

In 1982, As Secretary General, I led a mock United Nations gathering of students representing over 185 Countries. We passed legislation that had not been accomplished for over ten years by other students. Part of success is respecting all kinds of people with different values and religious beliefs and getting them to agree on a common course.

The Lt. Governor is the Leader of the Senate and must convey a sense of harmony and calm to the members. Relaxed and happy people are civil to each other and work together on fixing serious problems like the coronavirus. I have Legal and formal education to do the job. I will stand behind legislation that protects children, improves education, improves environmental protection and makes good common sense. As a child, I went to the very accepting and loving First Christian Church near the Fair in Puyallup.

Endorsements: Honorable Withdrawal Card Teamsters Local 599. NRA Safety Training 1975

Marko Liias (Prefers Democratic Party)

Elected Experience
State Senate Majority Floor Leader, 2018 – Present; Minority Floor Leader, 2017-18; State Senator, 21st District, 2014 – Present; State Representative, 21st District, 2008-2014; Mukilteo City Councilmember, 2006-2008.

Other Professional Experience
Professor at Everett Community College, proud AFT union member; founded a small family-owned construction company focused on green building.

Education
Bachelor’s from Georgetown University (2003); Master’s from University of Washington (2017). First in my family to attend college.

Community Service
Board of Directors, Washington Institute for Public Policy; Board of Trustees, Seattle Repertory Theater; Honorary Trustee, National Nordic Museum. Past Board Service: Youth Prevention Program, Community Transit, Snohomish County Board of Health.

Statement
As the son of a carpenter and school lunch lady, I learned the importance of hard work, education, and opportunity for all. These values have guided my public service and advocacy for working people and the vulnerable. I’ll build on my record of proven leadership and break barriers as Washington’s first openly gay statewide executive.

The Lieutenant Governor’s most important job is serving as Senate President. As the only candidate who has served in the Senate, I’m uniquely positioned to get results. I’ve used my position as Majority Floor Leader to establish the most generous paid family leave program in the country, close big business tax loopholes, expand voting rights, protect reproductive healthcare, build light rail, and pass critical COVID-relief.

While Congress is mired in gridlock and special interest money, here in Washington we’ve taken bold action, often with bipartisan support. As Lieutenant Governor, I’ll keep fighting for inclusive economic recovery, universal healthcare, and quality education accessible to all.

Endorsements: Lieutenant Governor Cyrus Habib; Washington State Labor Council; Washington Conservation Voters; Alliance for Gun Responsibility; UFCW 21 (nurses and grocery workers); over 50 Senate and House colleagues; multiple Democratic organizations; hundreds of city, county, tribal and community leaders statewide.

23 years working in Property Management, 15 years as a Small Business Owner, 4 years in Corporate Accounting, 3 years as a Pest Management Professional, and a Substitute Teacher.

Education
BA - University of Washington

Community Service

Statement
The main duty of the Lieutenant Governor is to preside over the State Senate.

Since I am not a member of either the Republican or Democratic Parties, I am uniquely qualified to be the most practical and impartial ‘referee’ facilitating discussion in the State Senate. The best solutions are created through explanations from multiple perspectives. I will give voice to all sides of the issues.

As someone who hasn’t received donations from big money special interests, I am likewise best suited to carry out the duties of Rules Committee Chair. Only a ‘gatekeeper’ that isn’t beholden to those special interests can ensure the voice of the people is heard in the Senate.

While serving as our Lieutenant Governor, I will make sure legislation is openly debated and that bills are fair, clean, and on topic. I will seek ways to make the legislative process more accessible to the citizens. If you feel your elected representative is not listening, you can contact me directly. I am the Lieutenant Governor we all need, and I am asking for your support and your vote. Together, we can break partisan gridlock and keep the Senate on track serving the people of Washington.

Michelle Jasmer
(Prefers Democratic Party)

Elected Experience
President, Orting School District Alumni Association and Keynote Speaker; Pierce County Precinct Officer

Other Professional Experience
First Director of Career and Technical Education for a Washington Tribal School; Public School Teacher; CEO Worldview Commercial Capital; Licensed Home Mortgage Loan Originator; Washington Real Estate Broker; Instructional Designer; Management Consultant; Community Organizer

Education
Doctoral Candidate Organizational Leadership Business Psychology, MED Transformational Leadership, Aspen University; BA Business Sustainability, Evergreen State College; UW Graduate School for Native American Studies; WSU Alumni

Community Service
United Way, Puyallup Food Bank, Camp Arnold (disadvantaged youth), YWCA, MainStreet Association Chair, Northwest EcoBuilding Guild Chair, Autism Society, 4H, Audubon, DACA, NAACP, WAMB, SCORE Counselor

Statement
Michelle Jasmer will become Washington’s First Woman Lieutenant Governor.

Raised in Orting, Washington, Michelle is a grassroots inspirational leader in government and business. With Portuguese, African and Irish heritage, Michelle serves all people equally. As a single mother raising three daughters, Michelle put herself through Bachelor’s, Master’s and Doctorate programs. As an experienced organizational president, she is a prepared parliamentarian. Michelle built a financial firm and created over 80 jobs for Washingtonians. Michelle is equipped to lead Washington to economic healing through innovative job development.

Michelle’s policy initiatives are rights for women and children. When women own homes, there is less child abuse and less domestic violence. Michelle supports people healing from disparity through access to home ownership by expanding Washington’s down payment assistance programs. She advocates increased rental assistance to address homelessness. Michelle is addicted to positivity and promotes collaborative and inclusionary decision making.

Michelle supports tuition free college and vocational programs for all students through multiple pathways. Michelle advocates improved services for those living with developmental disabilities and mental illness. Michelle is a teacher and published author on Innovation and Transformational Leadership. Michelle supports businesses becoming environmentally sustainable and seeks innovative technology to make this into reality.

Statement
Our state government has piled on draconian restrictions, many of us were completely broken, businesses in shambles, life dreams and hard work crushed, incredible unemployment, families ravaged by state government. Do you want more of the same?

Imagine a state where crime and homelessness are dealt with, where 10th through 12th grade students transition to living wage jobs. Imagine transportation under control with a plan we can afford that solves mobility problems around our state, low taxes, fear of a state income tax is a bad memory of the past failed policies.

Now imagine a Lt. Governor that will stand up for you regardless if you are Republican, Democrat, or Independent. Imagine what it would be like to work toward the common goal of getting our states economy up and running so you and your family can prosper.

Imagine a time when your vote counts now more than ever. I believe I am the best candidate and with your vote I promise to serve diligently on your behalf. I humbly ask for your vote for Lieutenant Governor - thank you, Bill Penor

Richard (Dick) Muri
(Prefers Republican Party)

Elected Experience
GOP PCO 1998-2020, Steilacoom School Board, Pierce County Council, State Representative.

Other Professional Experience
Lieutenant Governor Kiwanis Pacific Northwest District, Retired USAF Lieutenant Colonel, Combat Operation Urgent Fury, Director Airlift Operations, Incirlik Turkey (Operations Desert Storm and Provide Comfort), Chief Quality Management McChord AFB

Education
Bachelor of Science, Public Health University of Massachusetts-Amherst; Masters Public Administration, Golden Gate University; Air Command and Staff College

Community Service
Current Lieutenant Governor Kiwanis, Past President Kiwanis Club of Steilacoom, Director Steilacoom Historical Museum Association, Saint John Bosco, Current Commander Military Order of the Worlds Wars Chapter, youth wrestling and track coach.

Statement
As your most experienced candidate for Lieutenant Governor, I bring 45 years of award winning achievement to this position (Joint Base Lewis McChord Civilian Hall of Fame recipient, National Wrestling Hall of Fame inductee, Washington State House of Representatives Veterans Legislator of the Year, Town of Steilacoom Citizen of the year and many more). My decisions are based on common sense conservatism, science based environmental stewardship, and the belief in local control of decisions and resources is usually best. People create jobs, not big government. I support the voter approved $30 vehicle tab fee initiative. I am actively supporting the repeal of Engrossed Substitute Senate Bill 5395, the K-12 Sex Education Law which was recently enacted by our state legislature. I oppose any proposed version of a state income tax. I am an active proponent of our bill of rights, especially our 1st and 2nd amendments. We need to continue to defend our property rights, a basic human right which makes our capitalist system work. I am a defender of Life, I am Pro Life. Property taxes are already too high. Feel free to contact me:

Education
B.A., The Evergreen State College

Community Service
Denny and his wife of 44 years, Paula (a retired middle school principal), founding member of the Olympia School District Education Foundation’s Principals’ Emergency Checkbook Fund, providing low income children with supplies to be successful in school.

Statement
As we navigate the unprecedented challenges that lie ahead, it’s critical we have state leaders with the experience, competence and civility to guide our government on the path to a more prosperous future for all.

As a lifelong Washingtonian and Democrat, I’ve served at every level of government and been committed to promoting values of a more fair and just economic system, a strong public education system, and a commitment to our environment to ensure generations to come will be able to enjoy the peerless natural beauty of our state. I will continue to champion these causes while fulfilling the other duties constitutionally assigned as Lieutenant Governor.

With your continued trust, this office can ensure we don’t roll back the progress we have worked so hard for in Washington State. We have an opportunity to build a state that is better than it was before and not sacrifice our most vulnerable in the name of progress.

I’m honored by the numerous former and current elected state and community leaders, environmentalists, labor and business leaders, and so many other of our neighbors that have chosen to support our campaign and our vision for a better future. I ask for your support.

Marty McClendon
(Prefers Republican Party)

Elected Experience
Precinct Committee Officer, Club President, and County Chairman.

Other Professional Experience
21 Years Real Estate Sales, Housing Advocacy, and Brokerage Management. 13 years Healthcare and Healthcare Management, 6 years Radio Broadcasting, 8 years ministry, 4 years Mortgage Lending, and 3 years Coaching, Training, and Speaking.

Education

Community Service
Volunteered for the Boys Scouts, Make A Wish Foundation, Boys and Girls Clubs, Relay for Life, Park Clean ups, Fred Hutch Cancer Research, Union Gospel Mission, and other ministry outreach.

Statement
This election is about you, your safety, and your opportunity to succeed. It is about what kind of future we want our kids and grandkids to have. It is about restoring trust, correcting wrongs, and doing things in a new, innovative, and collaborative way. It includes a future that provides for safer, cleaner and more vibrant communities, an accountable and fiscally responsible government that is looking out for you. A future where every child gets his or her best opportunity to succeed is by having multiple educational pathways to choose from, including college, online learning, CTE, VOC Tech, Charter schools, the Trades, and Apprenticeships. A future where it is easier to start a business, buy a home, and commute to your job—a future where elected officials model integrity, defend your God-given rights, and value all equally.

I have 35 years of leadership experience that spans Healthcare, Housing, Media, and Ministry and decades of community service. That balanced with having grown up with a ranching and farming heritage, the values learned as an Eagle Scout, and a heart of collaboration. I will use the Legislative and Executive tools of the office to fight for a better future for all.

Community Service  
Coordinated 1,000s of hours of youth community service with Leo Club; Visiting retirement communities, coordinating community events, student tours, childcare during parent events, donation drives. Our student volunteers are irreplaceable.  

Statement  
Many recognize the flaws in our elections, and we know these flaws create imperfections in government. We should never feel limited to choosing the lesser of two evils when voting in our diverse state -- and compromise, empathy, and respect should be encouraged in government. If you agree, even partially, please visit edminger.com.  

As a candidate I refuse to purchase advertising. Beyond that, I offer new, strategic, nonpartisan ideas.  

First, reduce the expectation of two-party victories by allowing 3-5 people to compete for your vote. Implement approval voting to end fears of wasting a vote on your true preferences. Second, special interests and donors purchase preferential access to leaders, and they’re understandably concerned about losing access. Don’t fight them. Prohibit candidates from running paid advertising, and the necessity for donations will fall tremendously.  

I have a handful of other ideas around one goal; making our representative government more representative. That’s it... I don’t blame people, parties, or special interests. The flaws in our elections have created imperfections in our government. When we improve elections, officials will be free to become their best selves. ---Your visit to edminger.com is a critical step towards addressing our shared beliefs.

Gentry Lange  
(Prefers Progressive Party)  

Candidate Experience  
PCO  

Other Professional Experience  
Gentry Lange is a small business owner, political activist, ardent spokesman for voting reform, with a background in Internet Technologies. In 2004, he was the campaign manager for Andy Stephenson, a voting activist candidate for Secretary of State, a campaign for Washington Secretary of State that broke all the rules and was featured in the film, “Hacking Democracy” by HBO. He has written about voting integrity issues for over 15 years and is the Director of the No Vote By Mail Project.  

Education  
University of Washington, Political Science  

Community Service  
Voting Integrity Activist and Independent Journalism  

Statement  
If you elect me Secretary of State, I pledge to kick corporations out of the vote counting system, reclaim public ownership of elections, and restore the secret ballot. I will use this campaign, and the position of Secretary of State, to champion economic recovery for small businesses, workers, the unemployed and the marginalized.  

Private companies currently control your vote counting software. Clear Ballot, Dominion (formerly Diebold), ES&S, and Hart Intercivic, are the four companies in Washington with certified software to count your vote. Your mail ballot is counted by proprietary, trade-secret, software. To fix this, I will implement the use of publicly owned open source software if elected.  

For too long, the Secretary of State has been functioning as a marketing and sales position for big corporations. My goal is to focus this position on the economic needs of those who work essential jobs, run small businesses, and do the work vital to our families, our neighbors, and our communities.  

Government is for the people and by the people. It is not for the corporations and by the corporations. It is time that those running our government understood this and acted in the best interests of the public.

Kim Wyman  
(Prefers Republican Party)

**Elected Experience**
Serving as Washington Secretary of State from 2013 – present; Thurston County Auditor, 2001 – 2013.

**Other Professional Experience**
Ten years serving as Thurston County Elections Manager and Assistant Recording Manager. Aspen Institute Rodel Fellow. National Co-Chair for the Overseas Voting Initiative and the National Voter Registration Day Committee; Circle of Advisors Co-Chair, Vote at Home Institute.

**Education**
Washington State Certified Election Administrator, since 1995; Certified Elections Registration Administrator, Auburn University/Election Center, since 2004; Master of Public Administration, Troy University; Bachelor of Arts, California State University, Long Beach.

**Community Service**

**Statement**
As Secretary of State, my most critical responsibility is to inspire public confidence in Washington’s elections. We achieve that when access and security are balanced. That’s why we created a secure statewide voter registration system to implement accessible same-day voter registration; established the first Elections Security Operations Center to respond to foreign interference and cybersecurity threats; and coordinated the efforts to develop robust state and county continuity of operations plans to respond in a pandemic.

Because Washington is a nationally recognized leader, we have been able to help other states innovate and secure their elections by expanding mail-in voting options during the coronavirus pandemic. I am proud to be the only candidate with elections experience – in fact, I’ve run over 120 elections in Washington.

This has helped earn the endorsements of all three former Secretaries of State and over 50 Democratic, Republican, and independent County Auditors and Elections Directors. They understand the complexities of this job and share my passion for accessible and secure elections, streamlined business services, open public records, and preserving state history.

I ask for your vote to continue this important work and maintain the nonpartisan integrity and citizen-oriented philosophies of this office.

Gael Tarleton  
(Prefers Democratic Party)

**Elected Experience**
I’ve had the great privilege of representing the 36th Legislative District as State Representative since 2013. Additionally, I served as Seattle Port Commissioner from 2008 to 2013 and served as Port Commission President before my election to the State House.

**Other Professional Experience**
Research Adviser, University of Washington; Director, SAIC Global Technology; Senior Analyst, U.S. Defense Intelligence Agency.

**Education**

**Community Service**
Citizen Roundtable on Politics and Democracy, Co-Founder; Governor’s Maritime Blue Task Force, Co-Chair; Maritime/Mfg. Resilience Task Force, Co-Chair; College Savings Plan Legislative Advisory Board, Legislative Delegate; PNNL National Security Directorate Advisory Committee, Board member.

**Statement**
Voting rights and election security are under attack across the country. In a time of persistent voter suppression and election interference, we need a Secretary of State who will boldly defend every vote and every voter.

I’m running for Secretary of State because I have 30 years of experience as a senior defense intelligence and national security analyst defending our country from attacks. I believe that this office needs a new type of leader to protect our election systems and voter information against current and emerging threats.

Currently, our national and state election officials are putting party before our democracy. Our state’s top election official has not denounced threats to defund the US Postal Service or condemned dangerous attacks on voting by mail. These threats to election security must not go unchallenged. In contrast, as a legislator I’ve supported every effort to expand voting rights and have passed bipartisan laws to protect elections and election workers for all of us.

The needs of this office have changed. It’s time for a new era in Washington state elections. I am prepared to face these challenges and lead through the uncertain times ahead. I’d be honored to earn your vote.

Duane A. Davidson  
(Prefers Republican Party)

Elected Experience
Washington State Treasurer, 2016-present; Benton County Treasurer, 2003-2016.

Other Professional Experience
Certified Public Accountant (CPA); Certificate in Public Treasury Management (CPTM); former Chief Finance Officer for Benton County Auditor’s Office; former Assistant State Auditor, Robert Utter YMCA Youth & Government Leadership Award 2018.

Education
Bachelor Degree in Accounting, Central Washington University; Associate Degree, Bellevue Community College, Bellevue, WA.

Community Service
Chair of Banking Committee, National Association of State Treasurers (NAST); Past Vice President Western Region, NAST; Past President, Washington State Association of County Treasurers; Past President, Atomic City Kiwanis and Tri-City Industry Kiwanis; Past Treasurer Tri-City Kiwanis Foundation; former Church Treasurer.

Statement
It is an honor to serve you as State Treasurer. I’m proud of the achievements my office has made with the help of an excellent Treasury team.

I’ve been a strong advocate for an adequately funded Rainy Day Fund and will continue to steadfastly protect pension reserves and work to eliminate the unfunded pension liability. I will continue to advise the legislature on reducing the amount of state debt that is too high. I’m proud of the state debt refinancing that saved the state over $450 million in interest and achieved a triple-A bond rating for the first time in state history. We will continue to expand the programs that help local governments with their financing & investment opportunities and continue to grow the financial literacy program.

Managing public funds should not be subject to partisan politics. That is why I’m proud and honored to have the endorsement of past State Treasurers Mike Murphy and Dan Grimm, both Democrats. Bipartisan support is also evident in the over 50 current and past County Treasurers and County Officials that have endorsed my re-election.

I humbly request your vote to continue the work safeguarding public funds and increasing the transparency of state finances.

Mike Pellicciotti  
(Prefers Democratic Party)

Elected Experience
Washington State Representative; House Capital Budget Committee Member.

Other Professional Experience
Mike’s broad experience is needed to lead us through today’s complicated legal financial challenges. An economic crimes prosecutor (Assistant Attorney General), Mike managed a State unit of financial examiners, auditors, and fiscal analysts that returned over $30 million to taxpayers from financial fraud and government waste.

Education
Bachelor’s degree (Business Administration, economics minor); Master of Rural Development (Fulbright Scholar, economic development); Law Degree, Gonzaga.

Community Service
As Washington Equal Justice Coalition Chair, Mike advocated for homeowners unlawfully foreclosed upon, veterans denied benefits, and predatory lending victims. Federal Way Chamber of Commerce. St. Theresa’s Church parishioner.

Statement
Mike will be an independent treasurer who has never accepted corporate campaign donations. He will stop the longtime practice by treasurers of investing in the same corporations that fund their campaigns. Mike shares our Washington values; the incumbent treasurer supports Donald Trump for President.

A financial transparency champion, Mike led efforts to make the legislature’s records open for public view. He passed laws to expose “dark money” in politics. He wrote the Corporate Crime Act that increases financial penalties by 100 times. The Treasurer’s Office thanked Mike for working to pass laws that improved treasury investments.

Mike will put working families’ and retirees’ needs first. He will fight to return a billion dollars of Washingtonians’ unclaimed money stuck in the treasury back into your hands. Mike opposes a personal income tax and successfully supported laws reducing property taxes.

The son of educators, Mike will keep a watchful eye on your $100 billion pension investments. He won’t miss required Investment Board meetings. The incumbent treasurer personally attended just 3 of these 18 critical pension meetings since the fall of 2017. Endorsed by: Washington Education Association, State Nurses Association, State Labor Council, Washington Conservation Voters, Senator Patty Murray and leaders throughout Washington.

Joshua Casey
(Prefers Democratic Party)

Elected Experience
King County Personnel Board, 2019-Present

Other Professional Experience
I am the only candidate who holds a CPA license, the highest standard of competence in the audit industry. To obtain a CPA license, one must possess a specialized education, have relevant experience, and have passed both ethical and technical examinations. I also have over a decade of auditing and accounting experience, including leading and managing teams for two of the largest and most well-respected audit firms globally — Deloitte and PricewaterhouseCoopers.

Education
Master’s Degree, Information Systems & Operations Management, University of Florida; Bachelor’s Degree, Accounting, University of Florida

Community Service
Volunteer Income Tax Assistant, Junior Achievement

Statement
We deserve a leader with both management and technical expertise who can lead the agency to modernize the audit process. We deserve a leader who does not have deep political ties preventing him from maintaining independence and objectivity. We deserve a leader who understands and will implement industry best practices. Most importantly, we deserve a leader who knows how an auditor should lead before, during, and after a crisis. I am that leader.

In fast moving situations, leaders must understand their capabilities and be decisive. They must also have the professional knowledge and experience to justify their decisions. An early window appeared during the pandemic where quick and decisive leadership may have helped to identify some of the weak spots in government. For example, an audit of the state’s unemployment office may have identified deficiencies in preventing the estimated hundreds of millions in fraud. This was a missed opportunity to provide accountability. As a CPA and a proven leader who has routinely made these types of decisions, I have the experience to be the effective leader we need.

Washingtonians no longer need to choose between leadership and expertise. I will bring both to this office.

Chris Leyba
(Prefers Republican Party)

Elected Experience
No information submitted.

Other Professional Experience
I spent 11 years as a police officer and detective, 3 years of this as a law enforcement performance auditor. Previously, I ran a grocery department with approximately 50 employees and $400-500k sales per week.

Education
I obtained my B.S. in Molecular Biology from UW in 2007. I am also finishing my MBA in Finance from WSU. Additionally, I hold several professional certifications through my job in law enforcement, including a performance auditor certification from ILEAA.

Community Service
I operate an animal rescue called Secondhand Hearts on our farm and also rescue horses from kill pens across Washington.

Statement
The State Auditor’s Office deserves someone who will finally unlock its full potential to serve Washington. This position has a vital role in oversight of your public dollars, but it also has the power to perform auditing that can change the way government agencies spend that money more efficiently.

I am the candidate in this race that has the most hands on experience with government auditing and government process at the investigative level. I also have perspective on all types of Washington governments instead of those just within our major cities.

We need an auditor that combines all of this experience with a desire to bring lean business practices to the office and to make recommendations in Washington agencies that will create jobs and opportunities across all of our state. Wherever my department can find opportunities for us to spend money on products and materials made by Washington businesses, we will recommend these opportunities be prioritized by our state government.

This November, remember that your auditor should be less about their party and more about their boss: You.

Pat (Patrice) McCarthy
(Prefers Democratic Party)

Elected Experience

Other Professional Experience
Current member of National Association of State Auditors; National Association of State Auditors, Comptrollers and Treasurers.

Education
B.A., University of Washington Tacoma

Community Service
Asian Pacific Cultural Center Advisory Board (Current). Pierce County Sexual Assault Center, Emeritus. Tacoma South Rotary 1999-2016, Honorary Commander, 62nd Airlift Wing, 2005-2009. Awards for land conservation, access for justice and open government; Star of Destiny Award, Tacoma Historical Society; Distinguished Alumni Award, University of Washington Tacoma; Secretary of State’s Auditor of the Year, 2005.

Statement
I have had the honor of serving as the elected Washington State Auditor for the past four years. I am proud of being the first woman to hold this position. Prior to State Auditor, I served as Pierce County Executive and Pierce County Auditor. I have a proven and tested public record of leadership.

As State Auditor, it is a privilege to lead over 400 employees working across the state to provide fiscal and accountability audits of all local and state governments. We have increased the number of cybersecurity and performance audits, while conducting numerous investigations including uncovering the largest fraud on record.

My vision to “increase trust in government” means greater transparency and accountability of public money. To accomplish this goal, I have created a user-friendly, interactive website that gives you important information about each government that serves you. Having an independent, objective review of public dollars is the hallmark of my work at the State Auditor’s Office.

I have been endorsed by many people and organizations, which are listed at my website: www.patmccarthyauditor.com. I am seeking re-election to this important job and ask for your support.

Thurston County Elections

Candidate statements are printed as submitted and not edited for factual or grammatical accuracy by the Secretary of State or Auditor’s Office.
Matt Larkin
(Prefers Republican Party)

Elected Experience
I'm not a career politician, and I'll bring a fresh perspective to the office of Attorney General.

Other Professional Experience
Veteran attorney licensed to practice law in Washington and Oregon; Attorney in the White House for former U.S. President, Prosecuted in Pierce and Spokane counties, Chief Legal Counsel for my family's 3rd generation manufacturing company.

Education
Masters of Law Degree (LLM) George Washington University School of Law; Law Degree (JD) Gonzaga University School of Law; Double Major (BA) Westmont College

Community Service
Evergreen Health Board of Trustees; YMCA Youth Basketball; Woodinville Little League; Timberlake Church; Seattle's Union Gospel Mission; Vision House; Stronger Families; Maltby Food Bank

Statement
I'm running to be your Attorney General because as a lifelong Washingtonian and father of four little kids, I believe that they deserve a better, safer Washington. Everyone agrees that the homeless situation in our cities has spiraled out of control, and no one is doing anything about it. This is unacceptable! For 8 years, homelessness, drug abuse, and crime have been on the rise. As Attorney General, I will make this a priority! I am dedicated to making sure law enforcement and first responders have the tools, training, and resources they need to do their job well.

As an owner of a 3rd generation manufacturing company, I understand the struggles that Washington businesses face every day, and I will fight to make Washington a more business friendly state. I'm proudly endorsed by a former Washington Attorney General, State Senators, State Legislators, County Sheriffs, First Responders, radio talk show hosts, business owners, community leaders, and many more elected officials from all over the state!

Thanks for your vote — it's time to roll up our sleeves, get to work, and take back our streets and parks!

Mike Vaska
(Prefers GOP Party)

Elected Experience
Chair, MRW Alliance, 2017-20, educating and electing leaders focused on commonsense solutions.

Other Professional Experience
Won Washington State Supreme Court cases lowering car taxes, protecting property rights, and streamlining regulations; Led Consumer Protection/Antitrust practice at Foster Garvey, recovering millions for consumers; Special Deputy Prosecuting Attorney on drug cases.

Education
Lake Washington High School; first in family to attend college, earning economics degree at Stanford; law degree, University of Chicago.

Community Service
Board member and Chair, Regional Transit Committee, Seattle Chamber of Commerce; Vice-Chair, Crosscut Public Media; Issaquah Youth Soccer Coach; Eagle Scout; led Scout climbing adventures; Washington Conservation Voters Board; Teaching volunteer, Tanzania.

Statement
As the son of a World War II refugee, Mike understands what tough times are like. People are hurting. True leadership is rare. Decisions impacting our lives and livelihoods are guided by partisanship and not the rule of law. It's time we changed that.

As your Attorney General, Mike Vaska will protect the Evergreen State, not advance a partisan agenda. He's the only candidate with decades of legal experience, which he'll use to improve public safety, protect consumers, and be an independent check on state power.

State government must take an all-hands approach to rebuilding our economy by supporting small businesses, farmers, and all workers. Mike will convene a "Create Jobs Now" task force to streamline permitting and reduce regulatory burdens. Mike will demand results to end our state's homelessness and public safety crisis, bringing people together to find real solutions — not relying on the past's failed policies.

Mike has earned bipartisan support from statewide leaders we trust like Governor Dan Evans, Attorney General Rob McKenna, former Congressmen Dave Reichert and Sid Morrison, and local leaders like Spokane County Commissioner Mary Kuney, Snohomish Council Chair Nate Nehring, and Vancouver business leader Ann Donnelly. Please join them with your vote.

Candidate statements are printed as submitted and not edited for factual or grammatical accuracy by the Secretary of State or Auditor's Office.
Brett Rogers
(Prefers Republican Party)

Elected Experience
None.

Other Professional Experience
I have over 20 years of law enforcement experience with the Seattle Police Department and the Wisconsin Department of Revenue as a patrol officer, detective, and supervisor. I have supervised the work of SPD’s Domestic Violence & Elder Crimes Unit and the Audit, Policy & Research Section. I have a combined seven years experience conducting internal investigations for SPD and Seattle Public Schools.

Education
J.D. Seattle University School of Law

Community Service
Operated a solo law practice serving primarily reduced-rate and pro bono clients. Served as volunteer president and treasurer of my neighborhood’s homeowner’s association.

Statement
Olympia has become unresponsive to the people of our state: Tax increases during times of budget surplus, legislative votes in the dead of night, title-only and “ghost” bills. I want to represent the forgotten people of our state.

As attorney general I will focus on public safety, government accountability, and safeguarding all of our civil rights. During my law enforcement career I gained experience impartially enforcing the law at the street-level, researching and setting criminal justice policy, and supervising in a large government organization.

Personal and governmental accountability are passions of mine. Equal protection under the law means just that; the rules must be applied to everyone, equally. While conducting internal investigations in law enforcement and education settings I strove to ensure that all were treated fairly but were also accountable for their actions.

I recognize the role of government is to protect the rights of all individuals, that government derives its power from the consent of the governed, and that the government does not grant your inalienable rights. As attorney general I will represent you, the people of Washington and I will not compromise when it comes to protecting your civil rights.

Bob Ferguson
(Prefers Democratic Party)

Elected Experience
Eight years as Attorney General. An independent leader, Bob manages Washington’s largest law office.

Other Professional Experience
Bob began his legal career in Spokane. He served as a law clerk for two federal judges appointed by presidents of both parties. He worked as an attorney advocating for taxpayers and businesses at Preston, Gates & Ellis.

Education
Law Degree, New York University; B.A., University of Washington

Community Service
Bob and his family are active in St. Catherine’s Church. He served in the Jesuit Volunteer Corps managing an emergency services office assisting vulnerable clients. Central Area Motivation Program volunteer. Advocated for Yaqui Indians as a law student.

Statement
A fourth-generation Washingtonian, husband and father, Bob Ferguson takes on powerful interests, protects taxpayers, and prosecutes violent crime.

Bob brings more consumer protection cases to court than all previous Attorneys General – and hasn’t lost. Bob beat Comcast in trial. Now they’re paying millions for ripping off Washingtonians. He’s protecting consumers from price gouging by pharmaceutical companies and prosecuting corporations that defraud taxpayers. He made corporations that acted illegally pay more than $500 million to taxpayers, including $170 million in direct checks to Washingtonians.

Bob’s helping end the backlog of untested rape kits. He’s prosecuting child sex predators. He successfully fought for tougher penalties for human traffickers and repeat DUI offenders. He partners with AARP to combat cybercrime. Bob is from a family of veterans. He fought housing discrimination against disabled veterans and provides servicemembers free legal advocacy.

Bob created an Environmental Protection Division to protect clean air and water. He stopped hazardous waste dumping in Puget Sound and protected Washington’s coast from offshore oil drilling. Bob is independent. He vigorously enforces campaign transparency laws against both parties. Son of a public school teacher and Boeing employee, Bob works for you – he refuses campaign contributions from large corporations.

**Elected Experience**  
Planning Commissioner Grand Coulee

**Other Professional Experience**  
30 years experience in Property and Land Development, Hotel Management, Property Management, Green Thumb.

**Education**  
BS in CS, Real estate Broker

**Community Service**  
I’ve never been to jail

**Statement**  
I like environmental protection. I don’t like fires. Let’s work together to clean up the environment and stop fires. President Trump says we need to rake our forests to clean up debris that exacerbates fires and that’s where I intend to start. Please Vote for me, Cameron Whitney.

**Contact**  
321 Mead Ave  
Grand Coulee, WA 99133

**Steve Sharon**  
(Prefers Republican Party)

**Elected Experience**  
2012 Commissioner of Public Lands Candidate (l). Garnered 92,000 votes which is the most ever by and Independent running for Washington state executive office. Represented “swing” vote in general election. Was asked for endorsement by both remaining candidates to general election.

**Other Professional Experience**  
Successful sales career for 3 different Fortune 500 companies.

**Education**  
Disciple of Jesus Christ. Favorite authors: David Icke, Thomas Aquinas, Mark Twain.

**Community Service**  

**Statement**  
In the beginning God created the heavens and the earth. If elected, I will direct an independent, state funded study of the effects of 5G cell-phone towers upon living things. My research indicates that this radiation is killing trees, birds, honey bees, human life.

I will deconstruct 4 Hydro-electric dams in the Columbia River. This will allow salmon to return to their natural habitat eliminating the need for unhealthy salmon farms and saving the state hundreds of millions of dollars per year.

I will stand with Washington farmers against the radical policies of the EPA. I will allow livestock grazing on state land. I will allow sportfishing year-round. I will stop chemtrails in Washington state. I am against Bio-mass use for electricity. I am against the use of wind power. I am against coal trains. I am against massive solar power energy farms. I am against off-shore oil drilling. I believe public lands should remain public and should not be sold. I am against the "Green New Deal".

**Hilary Franz**  
(Prefers Democratic Party)

**Elected Experience**  
Commissioner of Public Lands 2017-present; Bainbridge Island City Council 2008-2011; served on Puget Sound Transportation Futures Task Force; Puget Sound Regional Council Economic Development Board; and Puget Sound Salmon Recovery Council.

**Other Professional Experience**  
Nonprofit Executive Director 2011-2015, developing solutions to statewide natural resource and economic development issues; Attorney, representing communities, local governments, tribes, unions, and nonprofits on agriculture, forests, fish and wildlife, aquatics, and labor issues.

**Education**  
JD, Northeastern University; BA, Smith College.

**Community Service**  
Former board member of Conservation Northwest and Washington Environmental Council.

**Statement**  
Hilary Franz is proud to serve as Commissioner of Public Lands. She is relentless in creating bold, transformational change. As the leader of Washington’s wildfire fighting force, Hilary pushed for new strategies to reach fires quickly and keep them small. She then secured record-setting funding for our wildland firefighters.

Hilary is a defender of our public lands. When the federal government tried to open our waters to offshore drilling, Hilary refused to allow drilling equipment to cross our coastline. In the face of climate change, Hilary is prioritizing wind and solar power and making investments to save our forests.

Hilary leads by bridging divides and bringing people together. She’s earned high marks from leaders across the state, including from conservative leaders in rural Washington, who’ve praised her willingness to solve local issues, increase funding for schools, invest in rural economic development, and tackle our forest health crisis.

Hilary’s Washington roots run deep, from her grandparents’ cattle ranch in Pierce County to raising her three boys on a farm on Bainbridge Island. Endorsed by the Washington State Labor Council, National Women’s Political Caucus, Washington Conservation Voters, Sierra Club, Washington Education Association, and Democratic and Republican leaders across Washington.

**Kelsey Reyes**  
(Prefers Libertarian Party)

**Elected Experience**  
This would be my first elected position.

**Other Professional Experience**  
15+ years in the restaurant and retail industry.

**Education**  
Graduated from Green River Community College, studying biology, chemistry and environmental science. Pursuing a degree in Agriculture Education with an emphasis on sustainability and ecology.

**Community Service**  
Volunteering through my daughters' school, helping with the local river restoration and clean-up efforts to local parks.

**Statement**  
These days, partisan politicians have become overbearing and lost the original purpose of this country’s core mission statement: To promote the liberty, freedom, and the ability to pursue happiness for the American public.

I, Kelsey Reyes, will ensure partisan politics has no place in our public lands and that we will continue to push for environmentally-backed reform that isn't based on personal feelings or corporate desires but rather objectively with science. It is time to remind our citizens that they hold the power in our nation. Elected officials should be honored to represent you and work for you, but understand that they do not rule over you nor should they act without taking accountability for their actions.

As such, as your Public Land Commissioner, I will place the needs of the environment and the people, above the needs of the State, political parties, corporations, and lobbyists. This nation is founded by the people, and its land is owned by "we the people." The condition and health of how we leave the lands for the next generation is my upmost important role when I am elected as your next Public Lands Commissioner.

Sue Kuehl Pederson  
(Prefers Republican Party)

**Elected Experience**
Former Chair, Grays Harbor Republican Party

**Other Professional Experience**
Fisheries Biologist, UW, NOAA Fisheries, Army Corps of Engineers (WA, OR, AK), WA Dept Fish and Wildlife, King County DNR. Power Manager, Grays Harbor PUD; Senior Power Analyst, Seattle City Light; Senior Environmental Analyst, Seattle City Light; Research Scientist/Publications Manager, BioSonics, Inc.

**Education**
Master’s Degree in Public Administration, University of Washington; Bachelor of Science Degree in Biology (minors in Chemistry and German), Western Washington University.

**Community Service**
Board Member, Small Faces Child Development Center; Board Member, Ghana Together; Board Member, Commencement Bay Rowing Club (youth program).

**Statement**
Our public lands have been ravaged by natural disasters including tree infestations and forest fires. They’ve also been damaged by a political disaster: state managers that have focused on serving special interest groups instead of providing for taxpayers, school districts, and outdoor recreational enthusiasts.

No more policy-by-press-conference, or angling for higher political office. It’s time for new leadership. Sue is running to bring that new leadership to DNR, the agency responsible for managing our state’s 3 million acres of trust land.

Informed by a lifetime of managing natural resources, Sue will work to ensure that Washington’s working forests continue to provide a steady, reliable stream of income for our public schools. We’ll do this by adopting proven forest management techniques that reduce disease and excess fuel loads in our forests, which accelerate devastating forest fires. Sue will use her experience as a UW and NOAA fisheries and habitat biologist to strike the right balance between protecting wildlife and protecting Washington’s forest economy.

Raised in rural Washington, Sue has a distinguished career in natural resource management, including service as a regulatory liaison for a major hydropower construction project. She has raised two adult children and survived breast cancer.

Other Professional Experience
Computer Technician, DCCI; Industrial Hygiene Technician, Former Portsmouth Gaseous Diffusion Plant; Environmental Science Technician, FGDP; Data Management Intern, FGDP; Phi Mu Delta (Mu Rho Chapter) Charter Member; Union Member (IWW IU640)

Education
Bachelor of Science degree in Natural Science w/ concentration in Geology & Associate of Science in General Mathematics from Shawnee State University; Various OTJ Training (eg OSHA HAZWOPER)

Community Service
Our Revolution Washington Berniecrats Coalition Data Manager; People for Democratic Party Reform Communications Chair; Washington Progressive Caucus Member; Whole Washington Volunteer; Sea Salvage

Statement
My deepest concern is the selling of our state to the highest bidder. Amazon and Weyerhaeuser will not buy me and I will not give up on the people of Washington. If we heal our politics, we can heal the PNW. We have to look deeper into the relationship our policies have on land use and the laws of nature in order to heal the land, sea, and animals.

The land cannot speak for itself, the animals are being ignored, and many people of our state are forgotten. I would like to give all a voice, even if they are not Democrats. Our indigenous brothers and sisters have been mistreated since European explorers first set foot on this land. I intend on giving them their autonomy back and helping them to restore the land, water, and wildlife of this state.

Part of healing the land is healing our economy. Restoration ecology and permaculture are vital to the survival of the PNW. I believe in the GND and that organic hemp farming is a way to create living wage jobs for our people and end our addiction to petroleum and clear cutting.

Ron Higgins  
(Nonpartisan)

**Elected Experience**

**Other Professional Experience**
Certificated Math Teacher, Washington and California; 10 years teaching in 7 Washington districts and inner-city Los Angeles (public and charter schools; urban, rural, vocational, and alternative schools; all grades K-12; all subjects, including bi-lingual [Spanish and Russian] and special education). Retired engineer. Marine Corps Vietnam veteran helicopter pilot; retired Marine Corps Reserve Lt. Colonel.

**Education**
MS, Chemical Engineering, University of Washington; MS, University of West Florida; BS, Cal Poly; licensed professional engineer.

**Community Service**
Union Gospel Mission; Boy Scout Leader; Red Cross blood platelet donor; youth soccer referee; school bus driver.

**Statement**
I’m Ron Higgins, the conservative candidate for Washington State Superintendent of Public Instruction. I’m a teacher, an engineer, and a retired Marine. I’m pro-life, pro-family, pro-Second Amendment, pro-property rights, and pro-free enterprise.

Having taught in Washington state schools for 10 years, I know our schools are failing our children. I’ve met high school students who didn’t know how to add fractions or what the words “pledge” and “allegiance” mean, seen leftist propaganda in our schools (e.g., favorable portrayal of Communist mass-murderer Che Guevara), and dealt with bureaucrats who didn’t want me to hand students copies of the US Constitution.

Our schools should be teaching the communication, computation, and civics skills children need to become productive citizens. As Superintendent, I will emphasize instruction in basic academic subjects, healthy lifestyles, and respect for the United States, our Constitution, and our God-given civil and religious liberty. I strongly support parental rights to homeschool. I vigorously oppose “comprehensive sex education” and any curriculum that promotes or glamorizes unhealthy behavior or the sexualization of children. We need common sense, not common core; education, not indoctrination. Vote Ron Higgins to put the public back in charge of public education.

Maia Espinoza  
(Nonpartisan)

**Elected Experience**
Not a politician, bringing a much-needed new perspective to our school system!

**Other Professional Experience**
Business owner; School teacher; OSPI Student Data Task Force, Opportunity Gap Oversight Committee; Washington State Commission on Hispanic Affairs; German Marshall Scholar, first Washingtonian selected for global education forum.

**Education**
MS, Curriculum and Instruction, Western Governors University; BBA, Pacific Lutheran University; AA, Running Start, Pierce College; Clover Park HS, attended a dozen public schools nationwide.

**Community Service**
Center for Latino Leadership Director; Youth Soccer Coach; School Auction Chair, Coffee Oasis youth shelter Core Team Member; Tacoma Arts Live Board Member; Catholic Daughters Association; Civil Air Patrol; PLU Business Network Board.

**Statement**
Our schools are facing a defining moment. Teachers aren’t happy, families are stressed, students are struggling, and the opportunity gap is widening. The delivery of public education has changed dramatically, and we’ve been forced to adapt. Now is our chance to reimagine a better education system because the status quo is no longer an option.

To improve our school system, we need to: use technology to innovate classrooms and unlock possibilities for more personalized learning; provide school schedules that fit the needs of working families and teachers; and teach students key life skills like managing finances, living independently, and resolving conflicts.

With kids of my own in public schools, I support parental choice and local control. Meanwhile, nearly half of Washington’s students are failing to meet state standards in core subjects. I am endorsed by parents, teachers, and school board members across Washington because I respect community input.

I am running for Superintendent because I believe our kids deserve better and can achieve more. If elected, we will update our school system to meet the needs of families, teachers, and the future economy.

Education

Community Service
UBER and Lyft driver during pandemic.

Statement
This election is important to the future of our Republic. The purpose of public instruction is to help children and young adults to become enlightened citizens. Given the disordered state we’re living in, it seems obvious that educational policy must be to blame. Our mistake is surrendering our sovereignty of thought to Eastern and European elitist academics who are so out of touch these days that day laborers have more common sense. How else to explain the failure of trillions of dollars a year, decade after decade, on “education” that we spend leaving us in this mess? Sometimes I think it would be better to just start all over from 550 BC with a Pythagorean Academy, since it’s been all downhill in the common sense department since then. It’s so bad that now the experts routinely fail us, whether they be scientists, educators, lawyers, doctors, journalists, and politicians. Where will our children be in 2030 and 2045? If they are to be happy and free, they must learn to love mathematics, physics, language, and history. Every human being is born with the divine spark of intelligence. My job will be to provide constructive guidance to our teachers.

David Spring (Nonpartisan)

Elected Experience
5th LD Representative to the King County Legislative Action Committee.

Other Professional Experience
Instructor, Bellevue College, Researcher, University of Washington, Author, Common Sense versus Corona Virus Hysteria, a book explaining the need to understand and use scientific research to make better policy decisions.

Education
Washington State University: Bachelor of Science Education, University of Washington: Master’s Degree in Education.

Community Service
As Director of SAVENW.org, a nonprofit devoted to economic prosperity, I developed a curriculum for teaching students how to start their own business and build their own business website. I am also a leader of Opt Out Washington, an organization opposed to the draconian SBAC test.

Statement
As a parent and teacher, I understand how crucial it is that every child has an experienced teacher and a safe school environment. But I also think it was wrong for Olympia bureaucrats to shut down every school in our state regardless of the circumstances in each local school district.

It makes no sense to shutdown schools for months at a time when there is not even a single case of any child in any school anywhere in our state transmitting the corona virus to any adult. The closure decision should have been left to local school boards – as it has always been in the past.

The scientific research has been clear: thanks to their remarkable immune systems, children were never a risk to adults! Yet our schools were closed for months simply because hapless bureaucrats in Olympia believed inaccurate studies claiming millions of people were going to die unless all of our schools were closed. In fact, through May, about 600 fewer people died in Washington this year than last year!

I am running for Superintendent to restore common sense to Olympia and local control to our public schools. Please visit our website for more information!

Candidate statements are printed as submitted and not edited for factual or grammatical accuracy by the Secretary of State or Auditor’s Office.
Dennis Wick (Nonpartisan)

**Elected Experience**
Elected and re-elected to the Snohomish School District Board of Directors (1999-2007)

**Other Professional Experience**
Thirty plus years at Boeing working as a Planning and Management Specialist; Adjunct Faculty at Gonzaga University teaching online classes in the school of engineering; Proudly served in the US Navy as an aviation electronics technician.

**Education**
MS Project Management, City University of Seattle; Bachelors, Business Administration, University of Washington; AA Skagit Valley CC; Technical training, US Navy.

**Community Service**
Volunteer classroom helper, Educational Foundation member, active church member.

**Statement**
*Why pick Wick for Superintendent?*

We can all agree: Education is a core value so important that it’s written into our state’s constitution. With the exception of the quarantine, educating our students today looks much like it did when Washington’s constitution was ratified in 1889. The same can’t be said for today’s world, changes come faster with each new day. I believe that we can do a better job preparing our students to meet tomorrow’s opportunities.

Decisions I made as school board director always contained the answer to the question: “How does this benefit our students?” I will do the same as your state superintendent. I will ensure we focus our attention on that most important educational relationship: the one between the teacher and the student. I know how school districts operate and will ensure that they effectively and efficiently deliver a quality education to our students. As an adjunct instructor, I have had real world experience teaching students online from around the world.

My vision is to eliminate “good schools” from real estate ads because every school in Washington will be a wonderful place to learn. Please join me as we shape the future of education in Washington state.

Chris Reykdal (Nonpartisan)

**Elected Experience**
Superintendent of Public Instruction, Local School Board Director, Legislator.

**Other Professional Experience**
Classroom Teacher; Budget and Finance Executive, Fiscal Analyst for the Washington State Senate.

**Education**
Baccalaureate Degree in Social Studies and a Teaching Certificate, Washington State University. Master’s Degree in Public Administration with an emphasis on Budget, Finance, and Performance Management, University of North Carolina - Chapel Hill.

**Community Service**
Parent volunteer in schools, youth soccer coach, local city planning commissioner, food bank volunteer, education foundation board member, education scholarship founder, and non-profit fundraiser.

**Statement**
*Thank you Washington voters, I am grateful to serve as your State Superintendent. We have achieved so much together: Record graduation rates with more rigorous course taking; Dual language learning is expanding; Supports for students with disabilities are growing rapidly; College courses are increasing in our high schools, saving families tens of millions of dollars in tuition; Civics is a graduation requirement again; Career and technical education is now a graduation pathway option; School construction is at an all-time high, creating thousands of jobs; Teachers are finally earning competitive market salaries; and healthcare has been expanded to thousands of additional school employees.*

*We have major work ahead of us: 1) Emerge from COVID-19 better connected; 2) Enhance mental health and other student supports; 3) Improve kindergarten readiness; 4) Build more career and technical education programs; and 5) We must ensure that rural communities have equitable access to educational resources.*

*It will take experienced leadership to maintain our investments and further improve student achievement. I am the first Superintendent in more than 30 years to have kids in public school during my service. I am endorsed by Washington’s Teachers! I would be honored to earn your vote.*

State Partisan Offices | Insurance Commissioner | Four Year Term

Anthony Welti
(Prefers Libertarian Party)

Elected Experience
I stand against career politicians including the 40 year career politician incumbent that currently holds this role.

Other Professional Experience
Insurance Agent, Bank Department Manager, Corporate Trainer always fighting for consumers to have higher quality, more affordable products and services.

Education
No information submitted

Community Service
I host and attending street feeds for the homeless and organize door knocking events that collect food for local food banks. I volunteer as a self defense coach at a martial arts school. I am the type of person that shows up when others need help and will do the same in elected office. Volunteerism is a key principle in my families life.

Statement
I am running for Commissioner to protect my family and yours from government and insurance corruption. For decades Washington families have been affected by rising rates, increasing deductibles and lack of choice with insurance.

Under my leadership, we will increase choices for health insurance plans including health sharing memberships and reduce costs. For the diverse needs Washingtonians we need diverse solutions. I support allowing insurance to be purchased across state and national lines, creating a la carte options, catastrophic coverages, removing taxes on insurance and healthcare and putting patients in control.

I will abolish mandatory credit checks on insurance, make it easier for new cost saving plans to be sold in WA and bring back legal defense insurance. I oppose career politicians and support term limits. Politicians get paid too much and have better benefits than average citizens. I call for a reduction in salary for State Executives while also abolishing the taxpayer funded health insurance and pensions they receive. Lobbyists, corporations and the government have far too much power, which I intend to give back to the people. I am pro government transparency, anti crony capitalism and I support all of your freedoms all of the time. Be Free.

Chirayu Avinash Patel
(Prefers Republican Party)

Elected Experience
This would be my first elected position as I am of age to hold office now.

Other Professional Experience
Fully Licensed Insurance Agent with Property, Casualty, Life and Disability Insurance Licenses. Have been involved in the industry for 21 years.

Education
I going to use the O.I.C. to acquire and manage 168 students as I need in order to major in Every Degree at UW

Community Service
I have volunteered with the National Multiple Sclerosis Society and the Hole in the Wall Camps and will look for as many philanthropic endeavors as I able to incorporate into my schedule as Insurance Commissioner.

Statement
I am an autistic savant who has extensive knowledge and the many of the abilities of the President Reagan and President Jefferson Presidencies that I will incorporate into running the O.I.C. externally like the Reagan Administration and Internally (within WA) as the Jefferson Administration. I am the only candidate who has incorporated Specific Roles for Mr. Kriedler and Mr. Welti in the Office of Insurance Commissioner. I will be the External Insurance Commissioner for 60% of the time. Mr. Kriedler and Mr. Welti would each be External Insurance Commissioner for 20% of the time if I am elected Insurance Commissioner. I would fill the roles of Ronald, Nancy and Nixon, and Mr. Kriedler would be assigned the role of Carter and Mr. Welti would be Gerald Ford.

As for Internally, I have found 168 Honorable Insurance Agents all of whom are more qualified then myself to each serve in 1 hour increments as Internal Insurance Commissioners of Washington state. That is how the Jeffersonian movement to Counterbalance and stabilize the Affordable Care Act.

Additionally, I am fully willing and prepared to work with the either the Trump or Biden Administration.

Mike Kreidler
(Prefers Democratic Party)

Elected Experience
Mike Kreidler has served with distinction as Insurance Commissioner since 2001. Mike also served as a school board member, State Representative, State Senator and U.S. Congressman.

Other Professional Experience
Mike worked as a Doctor of Optometry for 20 years. He was a small business owner and served as Director of Region 10 for the U.S. Department of Health and Human Services.

Education
Mike earned a Doctor of Optometry degree from Pacific University and a master’s degree in public health from UCLA.

Community Service
Mike is a retired Lieutenant Colonel in the U.S. Army Reserves. He has been a member of a number of community service organizations.

Statement
Mike Kreidler is a strong and independent voice who continues to stand up to powerful industry interests as an advocate for insurance consumers. In his first five terms as Insurance Commissioner, Mike Kreidler saved consumers in our state over $300 million in auto and homeowners’ insurance by cutting excessive premium rates.

His consumer protection staff has helped thousands of Washingtonians with insurance problems, recovering over $200 million in wrongfully delayed or denied claims. The people of Washington deserve quality health insurance. Mike Kreidler has worked tirelessly to make sure insurance companies can no longer deny coverage. He convinced the Legislature to pass law protecting consumers from receiving surprise medical bills from emergency services.

He will continue working with community, business, and legislative leaders to further improve access to affordable health care and reduce the number of uninsured in our state, especially during their time of greatest need. Mike Kreidler is a proven leader who has served the people of Washington with dedication, fairness and hard work.

He consistently earns endorsements from consumer, labor, business, retiree, educa-tional, health care organizations, and individuals across our state. Please join them by electing Mike Kreidler to another term as Insurance Commissioner.

Matthew Smith
(Prefers Republican Party)

Elected Experience
No Information Submitted

Other Professional Experience
State Senate Legislative Aide. Honorable military service in the United States Marine Corps. Project manager for residential and commercial construction. Tree service climber. Service industry professional.

Education
Bachelor of Arts with concentrations in Environmental and Political Science, The Evergreen State College; Bachelor of Theology, West Coast Baptist College

Community Service
Youth Pastor and Sunday School Teacher - Calvary Baptist Church, Roy, Washington

Statement
We deserve more servant leaders; representatives with an open ear, working hard for us. The time is now for one of the governed to step up. I’m not a career politician. I’m a husband, a father, a combat veteran and concerned citizen ready to serve the 2nd district.

The most significant challenges facing Washington in light of the COVID pandemic will be addressing our economy, traffic, and education. As our economy begins reopening, we will need to ensure small business has the tools to recover, address traffic congestion, adapt how we educate our children, and ensure that we are harnessing the voice of the people to solve these problems. We cannot afford the same, tired institutional solutions. I’m a battle-tested innovator, bringing real-world experience to represent you.

Working as an aide to a state senator the last four legislative sessions has given me the tools and knowledge to be effective in the legislature. Serving youth and families in our community for the last decade has given me valuable insights into what the people of our district expect from their state government. I bring energy and a fresh perspective to serve the 2nd District that puts people first.

Josh Penner
(Prefers Republican Party)

Elected Experience
Mayor, City of Orting; Councilmember, City of Orting; Charter Review Commission, Pierce County

Other Professional Experience
Veteran, United States Marine Corps - Iraq War; Pierce County Regional Council; Puget Sound Regional Council; Pierce County Aging & Disability Resources Advisory Board; Association of Washington Cities, Legislative Priorities, Policy, and Nomination Boards

Education
Sumner High School; Green River College; Saint Martin’s University; AWC Certified Municipal Leader

Community Service
Co-Founder, Pacific Northwest Veterans Coalition (PNW Vets); Crisis Intervention Instructor; Orting Planning Commission; COVID19 Community Relief Coordination; A Founding Member and Steering Committee Member of South Sound Housing Affordability Partners

Statement
As the Mayor of the City of Orting, a small business owner, and a Marine, I have always worked to lead with vision and integrity, while bringing people together. This is how to get things done. That’s why I’ve earned the endorsement of State Representative Andrew Barkis and thousands of voters like you across our district.

As a mayor, I have a proven record of solving problems using common-sense conservatism, including cutting taxes and writing balanced budgets that improve public services and make our community safer by prioritizing law enforcement. I also stood up to the dishonesty of Sound Transit and honored the will of the voters by cutting car-tab fees in Orting.

I’m Pro-Life, Pro-Gun, Pro-Liberty. My wife and I have three children, including two with special needs. As a family, we know that all life is beautiful and sacred. I firmly believe in our national and state constitutions, including the rights to bear arms, speak freely, and own property. And I believe our precious liberties are inherent, not rationed to us by our government. With your vote, I will be your voice in the Senate, oppose higher taxes, and defend our shared values.

Ronda Litzenberger  
(Prefers Republican Party)

Elected Experience  
Eatonville School Board Director, 11 years, Washington State School Directors Association’s (WSSDA) Legislative Committee member, WSSDA Small Schools Committee Chair.

Other Professional Experience  
Mother of five children, Small Business Owner, Escrow Agent, Title Examiner, Strengthening Families Workshop Facilitator, Guiding Good Choices Facilitator, Parent Involvement Coordinator, Internet Safety Facilitator, Citizens for Education, Chair

Education  
Eatonville Schools graduate. Attended Tacoma Community College and Brigham Young University.

Community Service  
South Pierce Fire & Rescue Citizens Committee, Eatonville Family Agency volunteer, BSA Committee member, Extensive involvement in community, school, and faith-based youth programs. Member: Graham Business Association, Graham Fredrickson Eatonville Rotary, NRA, Tacoma Sportsmen Club, Cowlitz Basin ORV club.

Statement  
I am a passionate advocate, not a career politician. Driven by understanding your needs and priorities, I will show you the integrity and care you deserve.

During this time of uncertainty, you can count on me to be a strong, positive, hardworking leader willing to stand for the values of our district. We need a transparent government that is focused on a strong economy, not burdensome taxes. We need leaders focused on responsible spending not social engineering.

We need to stand up for our rights as parents, property owners and patriots, not sit idly by while we are stripped of our freedoms. I am that leader; I know how to get things done. We need a senator who understands private industry, believes family comes before government, and works to ensure our children have an education that will prepare them for success.

I care deeply about the rising generation; together we can change the course in Olympia so our children can do better and be better than we are today.

*Endorsed by Senator Randi Becker, “Ronda best represents the views, values and character of the 2nd District and I hope you will join me in supporting her.”*

Rick Payne  
(Prefers Democrat Party)

Elected Experience  
Past Vice President International Brotherhood of Teamsters; Appointed Secretary Treasurer Teamsters Local 313; Past Teamsters Delegate Pierce County Central Labor Council; currently Elected Democratic Precinct Committee Officer

Other Professional Experience  
Elected Union Officer With Statewide jurisdiction for Department of corrections, negotiated and oversaw more than 100 contracts with state, county, city, school districts, multi-national corporations, and union members.

Education  
MT. Tahoma High School Class of 1985; Labor Law & Contract Negotiation Certificate Training

Community Service  
Active member of Holy Disciples Catholic Church; Pierce county Democrats Volunteer

Statement  
Although we live close to Olympia, it seems we can never get the legislature to focus on our community. To get results from the State Senate, We need elected leaders who understand the challenges we face and will fight for us.

Rick Payne has been a champion for working people for decades-negotiating on behalf of union members for increased wages, affordable health care, better retirements, and safe working conditions. As we return to work and recover from the Covid pandemic, We need Rick’s expertise in employee rights and workplace safety to ensure that we are healthy, safe, and protected on the job.

Rick’s priority in Olympia will be recovering from the pandemic, but it cannot be our only focus. The issues that faced our community before COVID are even more prominent now and must be addressed. The impact of the pandemic on the state budget will be significant and Rick will stand up for our Students and Families to protecting funding for our local schools.

This is also not the time to raise taxes on local families- Rick will take on our upside-down tax structure, and make sure the corporate special interests pay their fair share.

Legislative District No. 2 | Senator | Four Year Term

**Jim McCune**
(Prefers Republican Party)

**Elected Experience**
State Representative, 2005-2013. Pierce County Councilman, 2013- Present. Chair, Performance Audit and Public Safety Committees. Member, Community Development. Past Member, Joint Committee on Veteran Affairs, Economic and Infrastructure, Technology, Energy and Zoo Trek Authority Committees.

**Other Professional Experience**
Small business owner, 50 years; Seafood distributor and marketer.

**Education**
Highline HS; private courses in Constitutional Law and early American History.

**Community Service**
Hatchery corporation board member (10 years); Guardian of Small Business Award (NFIB); Cornerstone Award (AWB); “Friend of Farmers” (WA Farm Bureau); Active church member; former Awana Leader, Assistant Scoutmaster, Youth basketball coach, adoptive and foster parent. Past Member Backcountry Horseman; Graham Business Association.

**Statement**
Jim McCune works for you! He always puts principles over politics. Nobody fights harder to protect your constitutional rights. After representing you in Olympia, then on the Pierce County Council, Jim is ready to be your advocate in the State Senate.

At both the state and county levels, Jim secured funding for projects like the Yelm Bypass, Cross Base Highway, Highway 162, and traffic lights on dangerous intersections. Jim has advocated for 4-H programs, county fairs, and trail systems like the Prairie Line Trail from Roy to Yelm. He worked to fight human trafficking and keep dangerous drugs out of neighborhoods. He opposes normalizing drug culture and the early release of violent felons.

You can count on Jim to oppose tax increases. He will fight for $30 car tabs and property tax reductions, especially for seniors and disabled veterans. Government must live within its means.

Jim believes a quality K-12 education is the foundation for higher learning, and strongly believes in local control of schools. Parents, not government, should determine the values taught to their children. As our Senator, Jim McCune will work to reduce financial burdens on individuals and businesses to help them bounce back from tough economic times.

**Gina Blanchard-Reed**
(Prefers Republican Party)

**Elected Experience**
Fire Commissioner (Graham Fire & Rescue), 2016–present (Chair 2019, Vice Chair 2020); Republican National Delegate, 2016 (Rules Committee); Precinct Committee Officer, 2018–present.

**Other Professional Experience**
Gina has worked in the nonprofit world for nearly two decades: Care Net (pregnancy resource center), Boys & Girls Clubs of Thurston County and is the Executive Director of Turning Pointe, the 3rd largest domestic violence shelter in Washington State.

**Education**
MA in Nonprofit Leadership, Seattle University (‘17); BA in Art, Saint Xavier University (‘93) Summa Cum Laude.

**Community Service**
Rotarian, board member for Argus Manor, a low-income senior housing nonprofit.

**Statement**
Like you, I am concerned about our economy and our freedoms. More than ever, we need a proven conservative who can reach across the aisle. Being elected means being able to serve as an ambassador for my district, not just my political party. Positive change happens when people work together. I am proud to be endorsed by business owners and the AFL-CIO. No other candidate has the support of both business and labor. I will work with everyone to bring back the economy and help those in need.

The government often gets in the way of us doing good things for people. We are over-taxed and over-burdened with regulations. I support better management of state funds and oppose a state income tax. We need a more transparent and a more effective government.

As a mom of two children, I know parents do the best at parenting. I want to make Washington a better place for families by fostering a strong economy, improving education and protecting personal liberties. As an NRA member, I will protect our 2nd Amendment rights.

I would be honored to earn your vote. Endorsed: Pierce and Thurston Firefighters, business owners and law enforcement officers, AFL-CIO

Elected Experience
Andrew has represented us in the State House since 2016.

Other Professional Experience
Owner and Designated Broker at Hometown Property Management.

Education
Centralia College, AA Degree; Seattle University, BA in Communications; US Army ROTC, Chieftain Battalion. Proud graduate of the Chehalis School District.

Community Service
Past Board Member, Boys and Girls Club of Thurston County; Advisor, Homes First; Past Scoutmaster, Boy Scouts of America Troop 222; Former President, Lacey Chamber of Commerce. Andrew is also involved with Lacey Sunrise Lions, Lacey Gateway Rotary; active member of Lacey, Yelm, and Thurston County Chambers of Commerce. Please visit electAndrewBarkis.org to learn more about Andrew’s community service.

Statement
Andrew Barkis is a leader in our community, and one of the legislature’s most trusted voices. Both Democrats and Republicans recognize Andrew as a leader in fixing the housing crisis and for his work helping write the state Transportation Budget, which included important local projects.

Today, we’re all concerned about COVID-19 and how we safely reopen our state. For this job, Andrew is “essential.” He’s already working to protect renters and property owners, and ensure housing remains available. Andrew’s experience as a small business owner, and his compassion and common sense are needed now more than ever.

Veronica Whitcher Rockett
(Prefers Democratic Party)

Elected Experience
Veronica has served as a precinct committee officer for the Thurston County Democrats for three years. She was the Chair of the Thurston County Young Democrats in 2018 and has been serving as the Vice Chair of the Thurston County Democratic Women since 2019.

Other Professional Experience
As a full time caregiver for her family, Veronica has a keen sense of the issues LD2 families are facing.

Education
Veronica went to River Ridge High School in Lacey, WA. After that she attended South Puget Sound Community College and Cornish College of the Arts.

Community Service
Veronica is a volunteer with the PTA at her children's school.

Statement
As your representative, I will fight for our schools, healthcare for all, and our community's most vulnerable. Difficult decisions are ahead of us and we need a reasonable, responsible leader at the table. Our economy is struggling. Families are hurting. I will be your voice, demanding real tax reform and ending tax breaks for large corporations who've benefited from this pandemic. I won't stand by and allow lawmakers to solve the impending budget crisis on the backs of our children, seniors, and the working class. I look forward to representing the families of LD 2 and of Washington state.

JT Wilcox
(Prefers Republican Party)

Elected Experience
JT is the House Republican Leader and has represented our community since 2010.

Other Professional Experience
JT has worked dozens of jobs on the family farm, from maintaining the irrigation system to CFO. He also led the national “Got Milk” ad campaign, and currently manages the family’s forest lands.

Education
Graduated from Yelm High School; BA in History from Washington State University.

Community Service
Trustee of the Washington State Historical Society; Former President, Yelm Lions Club; Former volunteer fireman; He was awarded an Honorary Chapter Farmer degree by the Yelm FFA and has served on several school district committees.

Statement
JT Wilcox grew up working on his family’s farm, where he still lives today alongside four generations of Wilcoxes. The values JT learned on the farm are the values we need in Olympia: honesty, hard work, and careful planning for the future, which in Olympia means being conservative with taxpayer money.

Today, the challenge facing our community is COVID-19. Nationwide, both Democrats and Republicans agree with JT that we need to reopen our economy safely. JT knows that it’s simply not true that we must pick between saving lives and saving jobs and businesses. We can, and must, do both.

Matt Marshall
(Prefers Republican Party)

Elected Experience
Eatonville School Director Position #3. Vice Chairman of the 2nd District Republicans of Pierce County. Precinct Committee Officer.

Other Professional Experience
Former U.S. Army Captain with over 12 years on active duty and 2 tours in the middle east. 18 years in the medical field, currently serve as an orthopedic surgery physician assistant. Adjunct Professor for University of Maryland Global Campus, Department of Natural Science since 2014.

Education
Master of Physician Assistant Studies - University of Nebraska Medical Center. Bachelor of Science in Human Biology University of Nebraska Medical Center. Associate of Science in Laboratory Science from George Washington University

Community Service
Founder of Veteran 501c4

Statement
For decades our representatives in Olympia have been influenced by special interests and misguided values. We needed new leadership with new ideas even before our communities were devastated by the pandemic. I am pro-life, pro-term limit, and pro-Constitution. I understand that being a public official means being a servant to the public. I believe homelessness can’t be fixed with taxes, just as adding regulations won’t fix the environment. I believe parents should make all decisions regarding their children, and every time we make a new law, we restrict individual freedom. I humbly ask for your vote.

5 Tips to Ensure Your Ballot is Counted

1. Late postmarks can’t be accepted. If it’s Election Day and you haven’t mailed your ballot, put it in one of our 29 drop boxes!

2. Return your entire ballot packet, especially the return envelope that you sign. If you only return the security sleeve, we have no signed declaration and it won’t get counted.

3. Be sure to sign your voter’s declaration. If you don’t sign, we will send you a cure form. If you don’t return it, we can’t count your ballot.

4. Make note of how you signed when you registered and sign that way on your return envelope. This is what we use to verify your signature. If your signature has changed, contact us. Don’t sign someone else’s voter declaration or have anyone else sign for you, even a family member. We will challenge the signature. If we challenge your signature, we send a cure form asking you to sign a voter’s declaration and return it to us. If the letter matches the signature on the return envelope, we can count it.

5. Power of attorney cannot be used to sign someone else’s ballot. If you can’t sign, make any mark on the signature line and have two witnesses sign.
Elected Experience
State Senator 20th Legislative District, 2013-Present; Ranking Member, Ways and Means Committee; Member, Economic Revenue Forecast Committee; Member, Commerce and Labor Committee; Member, Financial Institutions, Economic Development & Trade

Other Professional Experience
President of family business that employs nearly 200 people in our community and manufactures emergency vehicles. He is a Captain in the Naval Reserve.

Education
Bachelors of Science in Electrical Engineering, University of Washington; Master’s Degrees in Business Administration and Engineering, University of Michigan

Community Service
Member, Centralia College Foundation Board; Former Member, Providence Centralia Hospital Community Board; Former Member, Timberland Regional Library Board of Trustees; Former Member, St. Joseph School Commission

Statement
Senator Braun has a proven record of delivering real results on jobs, education, the budget, and protecting the most vulnerable. He authored the first tuition cut in state history, reducing tuition by thousands and helping to make college more affordable for families across the state.

Senator Braun listens. He works hard for us. He fights effectively for the families and communities in our area. And he is a strong advocate for the developmentally disabled and mentally ill.

He is dedicated to reform government in ways that make our tax dollars spent by state government work harder to help people in need and less to keep bureaucrats and state officials in comfortable positions.

These are challenging times for our families with over a million people out of work and businesses shutting their doors. State revenues are in decline. Many in Olympia will call for billions of dollars in higher taxes. Senator Braun’s answer is different. He doesn’t support higher taxes on people who have lost their jobs while public officials and employees receive pay raises.

Timothy Zahn  
(Prefers Democratic Party)

Elected Experience
Democratic Party Precinct Committee Officer for Toutle

Other Professional Experience
5 years working with the farmers of Southwest Washington

Education
Bachelors degree in Information Technology and Administrative Management from Central Washington University.

Community Service
Cowlitz County Humane Society general volunteer; First Robotics Mentor; Volunteer for the 2018 Carolyn Long campaign

Statement
As a lifelong resident of Toutle, I am well acquainted with the needs of rural Washington. I have worked in the fields and farms of southwest Washington and know the difficulty young people have finding jobs in the local area. I plan to introduce a number of sustainable development initiatives to create jobs and boost rural economies. I also want to increase access to higher education in the area by expanding local community colleges to offer four year degrees. Through these programs and others like them I will work to create a booming economy and a brighter future.

Other Professional Experience
I've lost about 20 jobs. Almost all for the same reason : Don't sleep right. Makes it tough to show up on time every day. And show up on time is rule #1. On the other hand, you could say I have been exposed to a wide variety of industrial situations. And bringing business back from China is on the agenda.

Education
I hold a PhD in B.S. from the University of Hard Knocks.

Community Service
Despite many personal problems, I have managed to avoid going to Court, except for driving without insurance. To be fair, I was living in that car...

Statement
I am a disabled Vet. I've served 8 years house arrest by the transit authority. 3 years fighting City Hall.

The thing you need to know is, fixing transit is easy. All that's needed is want to. But look what transit is doing for COVID. Going to the hospital requires a walk across Walmart. This is biological warfare, and meets the American definition of Treason. Any local politician could have stopped this. All should have. None did. And Pete wants a promotion. I counsel against that, because I don't want to see in Olympia what I've seen in Centralia. Thanks.

Legislative District No. 20 | Representative Position No. 2 | Two Year Term

**Will Rollet**
(Prefers Democratic Party)

**Elected Experience**
No information submitted.

**Other Professional Experience**
Will Rollet has worked in commercial vehicle compliance, workplace safety compliance, and private security after several years in hospitality.

**Education**
Will is a student at Lower Columbia College where he studies Communications.

**Community Service**
Will Rollet is an active member of his local Lions Club participating in their paper recycling program. He also serves as a member of the Kelso Public Library Advisory Board.

**Statement**
Will Rollet is a driven leader who will be a voice for the future of Washington. He will work for affordable housing and education options, broadband access, small business development programs, healthcare for all, and commonsense firearms safety regulations. Will Rollet is a candidate who understands the economic hardships facing many Washington families and will work to ensure that the taxes they pay are never wasted. Will Rollet is the voice from the crowd with a choice for the future.

**Ed Orcutt**
(Prefers Republican Party)

**Elected Experience**
Serving in his ninth two-year term in the House of Representatives, Ed Orcutt serves on the Transportation Committee; Finance Committee (ranking member); Economic Development, Agriculture, and Natural Resources Committee; Joint Legislative Audit & Review Committee (vice chair); and Economic and Revenue Forecast Council (chair).

**Other Professional Experience**
Consulting forester/owner of Cascade Forest Management.

**Education**
B.S. degree in Forest Management, University of Idaho.

**Community Service**
An active volunteer, Ed Orcutt is a member of the Kalama Lions Club, and has served as past chairman of the Highlander Festival, member of the Columbia Theatre Board, and as a youth bowling coach.

**Statement**
State Representative Ed Orcutt has earned a reputation in Olympia as an effective, independent leader who works hard to make things happen for the families in Southwest Washington. He’s a leader in protecting taxpayers, natural resource-based jobs, property rights, and the quality of life we all enjoy.

Ed Orcutt’s priorities include creating new family-wage jobs, making government agencies more responsive to the citizens they serve, and making government live within its means. That means funding education and vital services using existing revenues and protecting taxpayers from tax increases. Let’s keep Ed Orcutt in the House.

Kevin Young
(Prefers Democratic Party)

Elected Experience
I have never held office; however, I have a strong desire to serve my community and bring fresh ideas and insight into the legislature.

Other Professional Experience
Local business owner; local real estate investor; biologist at Washington State Fish and Wildlife; wildlife and land manager for MacDill Airforce Base; biologist with Missouri Department of Conservation.

Education
I graduated in 2007 from Evergreen State College with an emphasis in Biology, Ecology, and Chemistry; In 2013 I graduated from the University of Houston-Clear Lake with a Masters of Science in Environmental Science.

Community Service
No information submitted

Statement
As a proud father, a biologist, and small businessman, I have a wide range of perspectives and ideas that I would like to bring to the state legislature. In December of 2007, when I graduated from The Evergreen State College, like many others, I struggled with the rising cost of living as well as finding quality employment and career advancement opportunities. Through these experiences, I have gained an understanding of the hardships many are facing today.

My goal is to find a balance between opposing viewpoints and move this state in a direction where we are not forced to choose between our community, our businesses, or the environment. I would work towards finding the common ground required to develop real solutions to the challenges ahead without sacrificing one over the other. My background in science will be essential in developing policies that put public health and the environment at the forefront of future legislation.

Several years ago, I started a small environmental business and invested in local real estate focused on providing quality low-income housing. This has given me a unique perspective in dealing with the delicate balance between the struggles people face and the realities of business.

Sam Hunt
(Prefers Democratic Party)

Elected Experience

Other Professional Experience
Sam’s lived in Olympia for 40 years. Both children live and work in Olympia. He taught school in Pasco, worked for the US Senate Appropriations Committee, Washington State Senate, Governor Booth Gardner, and Department of Information Services.

Education
BA Washington State University; graduate study, WSU and University of Oregon

Community Service
Olympia Kiwanis Club; former member The Nature Conservancy of Washington Board, Washington State Historical Society Board, and Thurston County Democrats former chair.

Statement
Experience counts, especially in difficult times. Sam’s a leader who gets things done. He headed major election reforms putting Washington first in the nation in voting access. He sponsored online voter registration, vote by mail and the new presidential primary. Washington will lead the country in turnout with no lines to vote.

He supports improved, equitable public education funding. He will work to reduce the reliance of property taxes to fund education, class sizes reduction, and well deserved salary improvements for educators.

Sam chairs the State Government, Tribal Relations & Elections Committee, serves on the Senate Ways & Means and K-12 Education Committees. He’s a strong supporter of state employees and works hard to ensure worthwhile projects and programs are funded.

COVID-19 painfully shows our healthcare system’s failures. This experience proves we need universal healthcare. It also illustrates our antiquated tax structure, taxing high wage earners at a lower percentage than middle and low income, must change. He supports a progressive tax structure that includes a capital gains tax and sales and property tax reductions. Senator Sam Hunt will work hard to move Washington forward and help us emerge from these very difficult times. Please vote for Sam.

Garry Holland  
(Prefers Republican Party)

Elected Experience
Soon

Other Professional Experience
Concluded an extraordinarily successful 33-year career with the State Department of Social and Health Services performing in a variety of critical functions in support of Washington citizens.

Education
Holds a Bachelor of Science Degree in Family Financial Planning and numerous hours of continuing education in Alcohol and Substance Abuse, Accounting, Leadership, Supervision and Communication.

Community Service
Community and volunteer activities include leadership of bond and levy initiatives for North Thurston Public Schools; President of the Parent Teacher Association; fund raising for the PTA and High School Booster’s; and, thousands of volunteer hours teaching youth development and leadership at his community church.

Statement
Garry Holland is committed to strengthening communities. As a husband and father, he knows the value of a quality education, meaningful work and selfless public service. Among the most treasured resources in our State are its’ public employees who serve with distinction in our schools and public support agencies.

Our community will be confronted with great challenges in the years to come and a remarkable effort will be required to assure a bright and sustainable future for all our citizens. We must continue to address our funding challenges in education; develop sustainable budgets that reflect our values while not burdening future generations; and enact policies that grow our economy and allow for optimal job creation.

Garry will go to work immediately in the State Senate to keep full funding of our schools, improve state programs for homelessness, and strengthen public safety in our neighborhoods.

Garry is committed to our neighborhoods, our houses of worship, our workplaces, our families and to the immutable values that bind us together as a community.

Allen Acosta  
(Prefers Libertarian Party)

**Elected Experience**
Libertarian Party of Washington, Regional Director (Two Terms).

**Other Professional Experience**

**Education**
Eastern Michigan University, BS in Public Safety Administration with a concentration in Criminal Investigation. Army Logistic and Management College graduate.

**Community Service**
A Hero’s Promise Executive Director, Liberty Disaster Relief Service; Operations Director. Family Court Reform Vice Chair. Military Order of the Purple Heart member, Veteran Homelessness Task Force member. Motorcycle Safety Foundation instructor, Filipino American Youth cultural educator.

**Statement**
More than words, continuing my service in my legislative district. I have worked on numerous legislation that advocate for individual rights and protection. I have spoken out against continued taxation at rallies, fighting the cost of living increase that is making Washington less affordable for families. I work with community outreaches addressing food insecurities and homelessness in our communities to include veteran homeless task force, a growing issue within the State. I am an advocate for affordable housing and zoning law reform. I am a responsible steward of public lands and strong advocate for conservation education.

Vote for Allen Acosta.

Elected Experience
State Representative; 22nd LD; Position 1 (2017-2020)

Other Professional Experience
30 Years K-12 Education (Classroom Teacher and Administrator); 28 Years Labor/Management Bargaining; 4 Years Policy Director to Governor

Education
BA in English and Education - University of Washington; MA in Special Ed – Gonzaga; PhD in Organizational Leadership and Superintendent’s Credential - Gonzaga

Community Service
Rotary Club of Olympia (32 year Rotarian); Former Volunteer Intake Advocate at SideWalk, working with homeless veterans

Statement
As we tackle urgent public health and economic disruptions, we cannot ignore or roll back progress we’ve made in K-12 funding, early learning, affordable tuition, 100% clean electricity and investments in affordable housing and mental health services. As a career educator, longtime union member and two time cancer survivor, I’ll continue fighting for safe, nurturing schools, living wage jobs and protections for frontline workers, and expanding affordable healthcare options so no one is without needed coverage.

I’m committed to addressing budget challenges with responsible, progressive revenue, protecting essential State services. I am honored to serve you, and appreciate your vote.

Jonny Meade
(Prefers Socialist Party)

Elected Experience
I am not another career politician in a line of politicians. I am a working person who understands the status quo is broken, and not working for us.

Other Professional Experience
I will bring years of experience as a father, neighbor, and working-class resident of LD22. Importantly, I know what it’s like to live paycheck to paycheck, to be a renter, to be evicted without cause, and to worry about my child’s future and education.

Education
Autopoietic, focused on Philosophy, Art, and Design; Academy of Information Technology, UHS

Community Service
Community Organizer, Shelter Volunteer; Volunteer Voter Outreach for Bernie 2020; Non-Profit Voter Registration Volunteer

Statement
Coronavirus has revealed our society's underlying problems. Working people find ourselves on the edge of unemployment, eviction, and joblessness, without healthcare or hope. We, the people, know the two biggest parties are parties of special interests. We all know their money talks, but it doesn’t speak for us. I’m asking for your vote so I can fight to take the tax burden off the backs of workers, raise wages, put working families first, and empower the working class not just to survive the Covid-19 crisis, but build a future and community in which we can thrive.

Anthony Novack
(Prefers Democratic Party)

Elected Experience
Roslyn City Council – Appointed in 2012

Other Professional Experience
Professional wildlife biologist and scientist. Worked with jaguars and mountain lions in Central and South America, as well as wolves, bears, and other wildlife here in Washington. Applied skills in Conflict Resolution and Transformation

Education
Masters of Science - Wildlife Ecology and Conservation, Univ. of Florida, Published Thesis Titled -- Impacts of Hunting on Jaguar and Mountain Lion in Guatemala. Bachelors of Science in Forest Resource Conservation, Univ. of Florida. Associate of the Arts - University of Maryland, Munich, Germany

Community Service

Statement
My focus as your representative will be to fight the pandemic, support people’s health, and fix our economy. Second - I will apply myself to transform political conflicts into collaborations and form a civil society. Third - we will develop a smarter tax system and reduce inequality. Finally – my personal mission is to foster a better way for society to develop in harmony with our environment. I propose a green infrastructure program to construct pathways that move wild creatures and people under, or across, roadways without touching pavement. We can build new relationships between people and nature in Washington.

Mary Ellen Biggerstaff
(Prefers Democratic Party)

Elected Experience
Precinct Committee Officer

Other Professional Experience
15 years of experience as a nurse and nurse practitioner in hospitals, primary care and opioid addiction treatment; Associate Professor

Education
Associate Degree in Nursing, South Puget Sound Community College; B.A. in International Relations at Mt. Holyoke College; Doctorate in Nursing, Frontier Nursing; Master’s in Public Health, U.C. Berkeley

Community Service
Serves on the following boards: ARNP United, Washington State Nurses Association and One Nurse at a Time. Volunteered as a nurse at the Olympia Free Clinic and in Vietnam. Community organizer for Medicare for All. My husband and I and have raised our four children in Lacey and Olympia.

Statement
Thurston County has been my home for thirty years and where my husband and I have raised our teenagers. Serving this community as a nurse, I have seen housing, health care, and opportunity become out of reach for too many.

COVID is a public health crisis, decimating our economy and intensifying inequality. We need transformational policies that create affordable housing for those living on minimum wage or social security and health care coverage that includes mental health and dental care. As a candidate funded by small-dollar donations, I will listen, work hard, and bring your demands to the capital.

Elected Experience
Olympia Mayor Pro-Tem; Olympia City Councilmember
2015 - Current

Other Professional Experience
I work as a Health Policy Analyst for Community Health Centers in WA. Previously I served as Community Impact Director for the United Way of Thurston County and Legislative Aide in the legislature.

Education
I am the first in my family to earn a college degree. Associate degree, Green River Community College; bachelor of arts in environmental studies and master’s degree in public administration, The Evergreen State College.

Community Service

Statement
We need a proven, progressive legislator who stands with working families, seniors, and our most vulnerable. Our State budget must reflect our values and priorities, especially in a period of recovery. On City Council, I led the Home Fund Campaign, wrote Olympia’s Sanctuary City resolution, and supported ambitious carbon reduction goals.

I am committed to inclusivity and equity, affordable housing for all, comprehensive healthcare, tax fairness and a sustainable environment. Endorsed: Congressman Denny Heck, Senator Sam Hunt, Representative Laurie Dolan, WA Education Association, Local Firefighters, State Labor Council, WA Federation of State Employees, Aerospace Machinists, and Thurston County Young Democrats.

Dusty Pierpoint
(Prefers Republican Party)

Elected Experience
None

Other Professional Experience
Proudly served as the Lacey Chief of Police from 2005 to 2018. Past Board member for the Washington Association of Sheriffs and Police Chiefs (WASPC, Worked with the North Thurston Public Schools on safety planning and implementation of the School Resource Officer Program, Strophy Foundation (support Therapeutic Courts), Thurston County Law and Justice Council, Law Enforcement Assisted Diversion (LEAD). 

Education
Bachelor of Arts, The Evergreen State College, Graduate FBI National Academy #213.

Community Service
together, Olympia/Thurston County Crime Stoppers, and a former Rotarian and youth sports coach.

Statement
As your state representative, we must quit minimizing property crime and fraud, increase support to veterans, and make it easier for small business in Washington. Defend State funded pensions.

We must do more than just enable homelessness. Must link enforcement and treatment, based on the therapeutic courts model, to address underlying conditions like joblessness, addiction, and mental illness. Veterans deserve our support. We must increase the veteran assistance program locations across the state. Reduce excessive regulations and fees so small businesses can employ more of our neighbors with good paying jobs. I ask for your vote for State Representative.

Glenda Breiler
( Prefers Democratic Party )

Elected Experience
First-time candidate with background in public service.

Other Professional Experience
Current Director of the Longhouse at Evergreen State College, Former Deputy Director of Washington Indian Gaming Association, Former Director of Math Engineering Science Achievement Program at Edmonds Community College. Former Program Director at UW School of Social Work.

Education
Masters of Social Work, University of Washington; BA, Human Services, Western Washington University.

Community Service
Member of Indivisible Thurston County; Member of People of Color, Candidates and Campaigns 3; Board Member for Evergreen Council for Problem Gambling; Community Organizer for Missing and Murdered Indigenous Woman; Community Organizer for Annual Women’s March; Member of the Squaxin Canoe Family.

Statement
I’m a working mom, progressive activist, social worker and committed public servant. I have dedicated my career to creating pathways to opportunity.

I’m running because I know firsthand the struggles many of us face - from affording healthcare, to housing, and education. I will be accountable to our community to address the challenges of the coronavirus pandemic, rebuild our economy, and take action on climate change. Together we will build a green economy that gets us back to work and fight for a better future for the next generations. I hope to earn your vote. Endorsed by WA Conservation Voters.

Colton Myers  
(Prefers Democratic Party)

Elected Experience
First time candidate; 3rd Generation District Resident

Other Professional Experience
Senior Health Policy Analyst, Washington State Health Care Authority; Student Consultant, Mason County Opioid Stakeholder Group (MCOSG); District Intern, Congressman Adam Smith (WA-09); Legal Assistant, Ryan, Montgomery & Armstrong, INC. P.S.

Education
University of Washington, Evans School of Public Policy & Governance, MPA (2019); Western Washington University, BA (2014); Central Kitsap High School (2010)

Community Service
Precinct Committee Officer (Apex 162, Kitsap County), eBoard of Young Democrats of Kitsap County, eBoard of 35th Legislative District Democrats, Graduate Professional Student Senate @ UW (Formerly)

Statement
Our communities have fallen behind-- harming families and businesses-- because Olympia politicians care more about special interests than service. We need a new generation of leadership committed to common sense solutions.

As a health policy analyst and 3rd generation district resident, I’ll be a strong voice for local jobs, focusing on career training for vets and displaced workers, traditional industries we cannot lose, improving health outcomes, education our kids deserve, broadband infrastructure that is more critical than ever, and fight for tax fairness: closing loopholes and giving struggling families a break. With your vote, I’ll fight for you in Olympia.

Dan Griffey  
(Prefers Republican Party)

Elected Experience
Washington State Legislature

Other Professional Experience
Truck Driver, professional Lieutenant Firefighter EMT, Small Business Owner, Union President, Emergency Training Instructor at our Local Schools.

Education
North Mason High School 1989, North Bend Fire Academy 1989, Industrial Electronics (2year Certification) Olympic College, Occupational Certifications as well as Fire Officer.

Community Service
I support Turning Pointe Domestic Violence Shelter, Homes for our Troops, and the YMCA. I have volunteered with Habitat for Humanity, United Way, served the hungry at St. David’s and chaperoned school events for my 3 daughters. I began volunteering as a firefighter at 16 and was one of the youngest EMTs certified in Washington State.

Statement
I enjoy serving you in Olympia. Working shoulder to shoulder with Republicans and Democrats alike, I voted to protect our elderly, end the Statute of Limitations on felony sex crimes, process all rape kits, protected Social Security numbers from disclosure on public documents, provided training opportunities for firefighters (saving local dollars) and worked to eliminate loopholes allowing criminals to walk free.

Since elected, I’ve been able to help thousands of people in our district work through tough problems and get results. I’m in your corner and I am asking for your vote to continue the work we started. Stronger Together.

Earl W. Burt
(Prefers Shortstop Party)

Elected Experience
I have never sought a public elected office until now.

Other Professional Experience
I have worked for the United States Navy at Puget Sound Naval Shipyard as a civil servant my entire working career. I am retired and live in Bremerton with my wife.

Education
Gonzaga University

Community Service
I am currently the President of the Board of Directors (voluntary position) at a local food bank. I have served on different board positions. Over my eleven years serving on the board, I have been involved with fundraiser programs, yearly budget approvals, repair and replacement of food bank equipment, and personnel recruitment for board members and volunteers.

Statement
I am a “Shortstop Party” politician, meaning that I am a moderate who will support hard right and hard left positions when appropriate and then return to the moderate position.

I want you to be safe, especially during this COVID-19 pandemic crisis. I have zero tolerance of people or groups that play games with people’s lives and their livelihoods or that threaten people’s safety through intimidation. I will lead by example and continue to drive positive change into the community by consulting subject matter experts and ensuring constituent’s safety. Yes, your safety and well-being is my goal.

Drew C. MacEwen
(Prefers Republican Party)

Elected Experience
State Representative 2013-present; Ranking Member: Commerce & Gaming; Assistant Ranking Member: Appropriations; Deputy Floor Leader

Other Professional Experience
President of Falcon Financial Inc., Managing Partner of Mountain Lakes Capital Management, and partner in Smoking Mo’s Restaurant and The Dock

Education
Bachelor of Science from University of State of New York; Graduate- US Navy Nuclear Propulsion Program

Community Service
I am a member of Shelton Rotary, St David’s Church, and the Shelton Mason Chamber of Commerce of which I am a past president. I am also a supporter of Shelton YMCA, Love Inc, Mason Hospital Foundation and Kitsap Medical Society.

Statement
It is my honor to be serving you in the State House. I have a strong bipartisan track record of improving our K12 education, higher education system, state government reforms, and reducing taxes on our citizens. I have advocated for better budgeting and living within our means. I have spoken out about our need to be setting aside more funds for an economic downturn. We are now seeing just how severe a downturn can be. We need to have veteran leadership to tackle the budget crisis we now face. I ask for your vote. Thank you!

**Notice to Voters:**
Only voters living in Commissioner Districts 1 and 2 will have a commissioner race on your primary ballot.

In the Primary Election, County Commissioners are voted by district. Voters who live in District 1 will see District 1 candidates on their ballots. Voters in District 2 will see District 2 candidates on their ballot.

In the General Election, both commissioner races will appear on all ballots.

For more information and to see a map of the districts, visit our site: ThurstonVotes.org. You may also check your district at VoteWA.gov.
Thomas (Tom) Bolender  
(States No Party Preference)

**Elected Experience**
Served as President of the South Sound Fly Fishers (a non-profit, environmental improvement group) for four years.

**Other Professional Experience**
Worked in Real Estate, retail, service and governmental positions dealing with multi-million dollar budgets.

**Education**
Timberline, Olympia and Tumwater High Schools. South Puget Sound Community College but most importantly, the school of hard knocks.

**Community Service**
I’ve participated in environmental projects over the past 25 years. Mostly related to improving our fisheries through sustainable land use practices.

Past member of the Olympia Rotary club dedicated to improving lives around the world.

Past President/member of the South Sound Fly Fishers.

**Statement**
I was born in Old Saint Peter’s hospital on the Westside of Olympia in 1969. Growing up my entire life in Thurston County, I’ve seen many changes. Vacant lots filled with trees are now filled with new construction. In addition, they’re often filled with tents. I’m not one to stand in the way of progress but moving backward does bother me. I spent my early years going to school, starting businesses, working for large companies, small companies and for the past 12 years in public service with the state. I don’t like the direction I’ve seen our county go and feel it’s time to work on taking care of the residents of Thurston County. You pay the bills. You should be rewarded. I want to make this a better place for those of you who work hard and contribute so much to our financial wellbeing. I will never propose raising taxes before making sure my constituents know exactly why. The COVID-19 crisis is going to make a huge impact on the County budget. I have to manage my personal finances within my means. Vote for me and I’ll do the same for you and our county.

David Gaw  
(Prefers Democratic Party)

**Elected Experience**
No formal, elected positions held.

**Other Professional Experience**
Secretary of the Board, Thurston Climate Action Team (TCAT); Project Manager, Labor & Industries’ Division of Occupational Safety and Health (DOSH); Pacific Northwest Utility Representative: Emerging Technology, Commercial, and Residential Advisory Committees; Energy Efficiency Manager, Cowlitz County PUD; Sonar Technician, US Navy.

**Education**
M.S., Management and Leadership, Western Governors University; B.S., Energy Systems, The Evergreen State College; A.A., General, South Puget Sound Community College.

**Community Service**
Volunteer community board member, green building advocate, youth soccer coach for Blackhills Football Club, parent volunteer for Ballet Northwest, and contributor to Climate Solutions and the Washington State Combined Fund Drive.

**Statement**
Supporting our county’s most vulnerable, protecting the environment and engaging with the community are my top priorities as your next Thurston County Commissioner in District 1. I have lived here for 35 years, growing up and raising my three children in our rural communities. I attended local public schools from middle school through college and have supported our youth in leadership and collaboration. My extensive energy policy experience; local, state and regional collaborative successes; and management of large budgets and teams of people have prepared me for this role.

I believe in you, I believe in our community, and this is why I am running.

I will continue to educate and invest myself in local issues. I am focused on prioritizing your needs, so we operate efficiently and effectively. I know we are facing many challenges ahead as we recover from this pandemic, but together we can make it through. I will be innovative and creative in deriving solutions to our most pressing issues: sustainable growth, public health and safety, and an affordable community.

I believe Thurston County can become the community and the family that we envision. I want your voice and I want your vote. Elect David Gaw!

Carolina Mejia
(Prefers Democratic Party)

Elected Experience
No information submitted.

Other Professional Experience
I have a strong background in law and finance that will guide my approach to complex issues. Since 2015, I have been a Judicial Assistant for Superior Court. Beforehand, I worked as a Law Clerk/Office Manager in a law firm.

Education
I graduated from Christian Brothers University, where I obtained a B.A. in Business Administration with a minor in Pre-Law.

Community Service
I am currently the Treasurer of the Latino Caucus, a member of Thurston County Democrats and Thurston County Women Democrats. I support and advocate for organizations such as: CIELO, One America, and FESS.

Statement
Residents of Thurston County deserve affordable housing, better protections for our environment, and stronger fiscal responsibility for their hard-earned tax dollars. While the price of housing continues to increase, we see residents and their families leave due to the inability to obtain affordable housing.

Protecting the environment is essential to healthy living and allows us to maintain the natural beauty and charm of our county. Together we will ensure water sources, state parks and wetlands are protected, while allowing a balanced growth in our communities. We can combat the effects of climate change by reducing our carbon footprint and limiting our greenhouse gas emissions.

Taxpayers deserve accountability and transparency regarding what is being funded and deficit spending. Reviewing the budget with departments will assist with accountability and ensuring that budget adjustments are made to address critical needs within each department. By making budget adjustments we should consider the cost effectiveness of each critical need to assist in determining priorities.

The issues affecting our county are complex and they need to be addressed holistically and approached with long-term solutions in mind. These solutions may be challenging, however with support and determination, they can be achieved. I humbly ask for your vote.

Community Service
Organizer - South Puget Sound Community College (SPSCC) Lights On community safety inspection events. Organizer - Warmth for the Weather, clothing and food drive partnership.

Statement
If elected, I have three goals in mind:

We need to put people first. We need to listen to everyone’s concerns. All issues, big and small, must be considered. We cannot build bridges if our community is alienated from one another. From our youth to our elderly, our homeless to our upper class, we are one community.

Next, to sustain change our budget must be balanced. Overspending in some departments and underspending in others has created strife and deficits. It is important that our commissioners act with leadership and fiscal responsibility.

Finally, climate change is affecting our lands, natural resources, and infrastructure. Our community will suffer if we do nothing. Overcoming this will be challenging – but new economic opportunities, jobs, and prosperity await us at the finish line. We can work with our port, cities, neighboring counties, and the state to achieve impacts beyond the reach of Thurston County alone. By facing these problems now, we can implement cost-effective solutions and invest in our future.

As your Commissioner, I'll do what needs to be done; we cannot afford the alternative. Thurston County deserves a commissioner that puts people first, will deliver a balanced budget, and invest in our future.

Education
BA, Mathematics, The Evergreen State College.

Community Service
One on one mentoring, Mathematics Tutor at C.I.E.L.O., Volunteer at Timberland Regional Library, Confirmation Teacher at Church.

Statement
Over 27 years, I have watched crime skyrocket, fueled by drug abuse and enabled by weak leaders. I have seen taxes and fees rise to an unsustainable level such that senior citizens, the disabled and the struggling young can no longer afford keep or buy a home.

I’m against building a new courthouse! It will cause a massive tax burden on working people and is unnecessary. We must fix the existing courthouse and maintain it properly. We must also balance the budget, with spending cuts and growth that will expand the tax base without increasing taxes.

I will streamline building permits. Making permits easier and faster to obtain will create more affordable housing, allowing better rural development and create jobs. I will prioritize property rights. Remove excessive regulations, which make property unusable. De-list the pocket gopher, it’s not endangered. End this pocket gopher nonsense.

To preserve the Environment we must eliminate homeless camps. They destroy our pristine wetlands, woods, and salmon habitat. Camps are a source of crime and disease. Using the Marysville model, we will send camp residents to jobs, labor based drug treatment or into the legal system. I will fund more sheriffs and corrections officers.

Bud
Blake
(Prefers Independent Party)

Elected Experience
Thurston County Commissioner

Other Professional Experience
Growing up, my family taught me the value of hard work. In 1988 I joined the U.S. Army, retiring as a lieutenant colonel after 25 years of service. 2015 to 2018 Thurston County Commissioner developing public policy on several boards and commissions. I served as the executive director of Great Rivers Behavioral Health Administrative Services Organization, covering five counties for mental health and substance abuse programs, and currently operate my small business.

Education
Masters in Organizational Leadership
Masters in Human Resource Management

Community Service
2015-2018: Chair, Thurston-Mason Behavioral Health Organization, Thurston Economic Development Council, Law and Justice/Public Safety, Intercity Transit

Statement
My name is Bud Blake and I’m asking for your vote. We must restore responsible leadership on the County Commission. Integrity begins with listening. I’m ready to hit the ground running with public policies that reflect your values and vision for a strengthened region.

You deserve a commissioner who considers your bottom line when seeking solutions. Caring for people means more than just spending taxpayer money, it means delivering results. That’s why I’d never support increasing your tax burden with proposals like the recent $300 million bid to move the courthouse down the road, or the $150 million gopher tax suggested in 2015.

Now more than ever, we need to move Thurston County in a positive direction. Economic recovery and Public Safety are paramount priorities. We need a sufficient number of deputies. Land Use policies need monitoring to ensure a healthy environment for economic growth, while maintaining our beautiful water and parks. And let’s increase our county’s Public Health ranking from #6 to #1 together.

Competence and experience are more important than party politics. Let’s continue to build relationships and bridges with each other. I’m a true independent, passionate about serving you as your commissioner. Vote Bud Blake!

Member - Gateway Rotary and Olympia West Lions Clubs; Member - Tenino Chamber of Commerce;
Board member - South Puget Sound Habitat for Humanity; Former Board member - TOGETHER!

Statement
It is an honor serving as your County Commissioner and I am proud to work on your behalf as we all recover from the COVID-19 public health and economic crisis.

As a former law enforcement officer, I dedicated my life to public service. For more than 40 years I worked throughout Thurston County and built strong relationships, made tough decisions, listened to all sides, and helped people - often when they needed help the most. As your Commissioner, I work to bring more resources to the region to help the homeless, improve our mental health services; reduce rules and regulations, and rapidly respond to the COVID-19 crisis.

In the next four years, I’ll continue working to provide more cost-effective county services with technology and eliminating duplication; ensure greater economic prosperity by supporting small business and reducing bureaucratic red tape; and improve the health and safety of all residents through more collaboration and stronger partnerships in public health and criminal justice.

A county-wide recovery to COVID-19 needs tested leadership, a willingness to explore all options and the independence to act on the best solution regardless of political party agenda. Thank you for your ongoing support and vote.

Gary Edwards
(States No Party Preference)

Elected Experience
Currently Thurston County Commissioner and was elected as Thurston County Sheriff for 20 years.

Other Professional Experience
Served 37 years in law enforcement. Served in US Army from 1965-68 and remains a lifetime member of the Veterans of Foreign Wars.

Education
Graduate of Yelm HS. Attended Blackhawk Technical College, University of Wisconsin and University of Virginia. Graduated from the National FBI Academy.

Community Service
An inaugural board member of the Boys and Girls Club of Thurston County and TOGETHER!, remains an active participant of Yelm and Rainier Dollars for Scholars and Yelm Lions. Served as past president for Washington Association of Sheriffs and Police Chiefs.

Statement
Now more than ever, we need less partisan politics and more common sense to address the complex issues facing our community, businesses and families. My family has been an active part of Thurston County for seven generations, and we believe in the future of this community.

Working on behalf of the citizens of Thurston County, I want to continue progress towards reducing regulatory road blocks for small businesses and home builders and improved access to county services for the public. I was the only county commissioner to vote against new property taxes and the proposed $400 million courthouse in downtown Olympia.

Since this voter’s pamphlet was required to be written in May, it would have been irresponsible to project what lies ahead as we begin to recover from this pandemic. One thing is for sure, we need a balance between economic growth and the health and welfare of our citizens.

I am honored to serve you, and it will take your support to keep me in office representing your voice. Let’s ensure this is the best place to live and work for generations to come. I ask for your vote and support. Thank you!

Statement

Innovation. I’ve made a career of supporting entrepreneurs, and I want to bring that same spirit to county government. From better and more effective service from key departments to whole new ways of thinking on public policy, we must constantly innovate, or be left behind. I say let’s move forward.

Inclusion. 2020 has already proven that we’re all in this together. All races. All genders. One community, one shared future. County government will benefit from a focus on diversity and inclusion.

Infrastructure. This is the primary function of government, and what fuels the local economy. Invest wisely, and we all share in the return. From transportation to flood mitigation, our investments will impact generations to come. Let’s invest wisely.

I place the health and safety of our community above all else. Thurston County needs leadership committed to our working families and local businesses as we rebuild from the devastating effects of the current crisis. It’s time for a change.

Education
Seattle University, BA; Willamette University School of Law, JD

Community Service
Past member and Officer of Indian Creek Neighborhood Association and active member of my church.

Statement
The citizens of Thurston County need and deserve to have judges presiding over trials who have extensive trial experience. We need a judge with knowledge and experience to handle the complex cases that come before the Thurston County Superior Court. I have that experience. I have been involved in litigation and trials including complex multi-million dollar cases for thirty years. I have successfully handled cases in all levels of state and federal courts, including multiple appearances before our Supreme Court.

I will be a judge who treats everyone with respect and ensures that all participants are heard. I have dedicated my career to serving the public and I am supported by neighbors, community leaders, attorneys, and judges. I am honored to be endorsed by former Governor Chris Gregoire, Attorney General Bob Ferguson, former Attorney General Rob McKenna, former Chief Justice Mary Fairhurst, and Court of Appeals Judge Rebecca Glasgow.

My wife, Julie and I have lived in Thurston County for over thirty years and raised our two sons here. My commitment to justice will give all citizens a court where they will be heard, respected, and valued. I would be honored to have your vote.

Scott Ahlf
(Nonpartisan)

Legal/Elected Experience
Elected to four terms as the City of Olympia Municipal Court Judge, 15 years; Prosecutor/Assistant City Attorney, City of Lacey; Thurston County Superior Court Pro-Tem Judge.

Other Professional Experience

Education
Seattle University School of Law, JD; Washington State University/Texas State University, BA; Timberline High School.

Community Service
Center for Court Innovation and Department of Justice Partnerships to Address Homelessness, Advisory Board Member; North Thurston Education Foundation Board; Lacey Rotary President; Youth Baseball & Football Coach, 15 years; Saint Mark Lutheran Church Parishioner.

Statement
Judge Scott Ahlf is the clear choice for Superior Court Judge because of his unequalled judicial experience and commitment to public safety, diversity, and justice.

Born and raised in Thurston County, Judge Ahlf is a trusted and experienced member of the Bench. Now, as we deal with the devastating effects of the virus, Judge Ahlf is at the forefront of protecting the safety of our courts. He has also been appointed Co-Chair of the Washington State Courts’ COVID-19 Recovery Task Force.

Scott Ahlf has earned a well-deserved reputation for the nationally recognized Olympia Community (therapeutic) Court system for first time offenders convicted of lesser crimes. Judge Ahlf has also led efforts to protect the women and children who have been victimized by the horror of domestic violence.

Judge Ahlf is endorsed by over 60 Judges including former Washington State Supreme Court Chief Justices Alexander, Fairhurst, and Madsen, public safety officials, and community leaders. Scott Ahlf is the best choice for Superior Court Judge because of his dedication to the law, ensuring access to justice, and holding serious offenders accountable for their criminal behavior. Please cast your vote for Scott Ahlf for Superior Court Judge. Thank you.

Awards include Rising Star by Washington Law and Politics 2018, 2019, 2020; and Pro Bono Service Commendation from the State Bar Association since 2008.

Other Professional Experience
Fire Commissioner - SE Thurston Regional Fire Authority. Lives on a working Christmas tree farm with his wife and 3 sons.

Education
Seattle University School of Law, J.D.; Saint Martin’s University, B.A.

Community Service
American Cancer Society - Relay For Life; Gateway Rotary Club; Saint Martin’s Alumni Association

Statement
We expect judges to be fair, knowledgeable, and respected members of our community, who are familiar with all aspects of the law and bring a diverse set of professional experiences to the job.

Jonathan has spent his entire legal career in Thurston County, helping citizens achieve fair and balanced outcomes. He has also served for more than 20 years with the SE Thurston Regional Fire Authority as a volunteer firefighter/EMT and now Chair of the Board of Commissioners to create a more responsive and efficient public agency. Jonathan values his connections through Rotary, Saint Martin’s University, and the American Cancer Society as he continues to work to build a better community.

Jonathan has the diverse background necessary to serve as Superior Court Judge, with experience presiding in district and superior court. He will continue working to ensure our court system is efficient, accessible, and works for the greater community good. COVID-19 will result in a backlog of cases that will likely change court procedures forever. We need judges who have experience working under pressure and directly with clients, who understand courtroom decisions impact the lives and livelihood of people in our community.

Please vote Jonathan Sprouffske. Thank you.

Statement
I decided to run for the position of Superior Court Judge because I believe that justice applies to everyone equally and I can influence the lives of people positively. Because of my prior experiences representing the community, I understand the wants and needs of the people involved in the court system. I will champion efforts to protect and defend everyone’s legal and constitutional rights. Whether a juvenile, parent, the disabled, the addicted or any other person in the courtroom, in a criminal or civil matter, I will use my legal training and legal experiences to achieve justice and equity for all. In addition, with over 22 years of military service, veterans will find an understanding judge in front of them. Further, I pledge that I will endeavor to make the Superior Court system responsive to the needs of the people while upholding the laws of the State of Washington and the United States constitution. I pledge that I will make sure that everyone who comes into my court will be treated fairly and equally, regardless of race, religion, income or social status. I pledge that you will never have reason to regret giving me your vote.

Thurston County Fire Protection District No. 6 (East Olympia)
Proposition No. 1
Levy Lid Lift

The Board of Fire Commissioners of Thurston County Fire Protection District No. 6 adopted Resolution No. 2020-02 concerning a proposition to restore the regular property tax levy. This proposition, if approved, would maintain district operations, in an amount not to exceed $1.50 per $1,000 of assessed valuation for collection in 2021, and authorize setting the levy limit factor at 106% (not to exceed $1.50 rate) for each of the following five years. The 2026 levy amount shall be used to calculate subsequent levy limits.

Should this proposition be:

Approved
Rejected

For Committee Contact:
Melvin Low  levyrestoration@aol.com

Against Committee Contact:
No information submitted

Explanatory Statement
This Proposition authorizes the Fire District to restore its regular property tax levy rate to $1.50 per thousand dollars of assessed valuation. It also authorizes the amount of the levy to increase up to 6% in each subsequent year, provided that the levy rate may never exceed $1.50. If approved, this authority will remain in place through 2026.

The District’s current levy rate is approximately $1.34 per thousand dollars of assessed valuation. Approval of this Proposition will increase the levy rate by approximately $0.16 to $1.50 beginning in 2021. The financial impact on each individual property owner depends on the value of their property as determined by the Thurston County Assessor's Office. It is estimated that a homeowner with a home valued at $350,000 will see an increase the Fire District portion of their property taxes of approximately $56 per year in 2021.

The proposition is presented to voters pursuant to State Law, which otherwise limits property tax increases to 1% more than the previous year’s tax revenues, plus new construction.

Presented by Kinnon W. Williams, Attorney for Thurston County Fire District 6

Argument For
Is this a new tax?
No, this only restores the fire levy to the $1.50 per $1,000 assessed valuation previously approved by voters. This approval was authorized in 2009 to sustain our current quality and level of emergency services. State law only allows us to increase our budget by 1% per year plus new construction. This decreases the levy rate as the assessed valuation of the district increases. For 2020 the levy rate is $1.34 per $1,000.

What services are supported by the fire levy?
The fire levy is the primary funding source for day-to-day operations of the fire district, which include fire suppression, vehicle accident rescue, medical aid, special rescue operations and fire prevention services.

How much will the levy restoration cost me?
It will cost 16 cents per $1,000 to a homeowner whose property value is $350,000 which translates to $56.00 a year or $4.67 a month.

Why does the levy need to be restored?
The district is challenged by the mainline railroad between Seattle and Portland, with an average of 80 trains a day bisecting the district at two crossings and blocking apparatus trying to respond to emergencies. Subsequently, we have to staff two stations in order to provide coverage on both sides of the tracks. The expenses of the fire district will exceed the revenues in 2021 and years thereafter. East Olympia Fire District #6 will have to reduce its expenditures by reducing the hours both stations are staffed.
