Official Thurston County Local Voters' Pamphlet
Tenino School District No. 402
February 8, 2022 Special Election

Dear Thurston County Voter,

Your vote matters in every election. This is especially true in smaller local elections. One vote can determine the outcome.

To ensure you can educate yourself and make informed decisions, we continue printing local voters' pamphlets every election. Your Auditor is committed to bridging the gap between local government and citizens and making voting as accessible as possible.

We are fortunate to vote-by-mail. Ours is a national model. For example, we check every single envelope signature against the signature we have on file to protect against fraud.

Our mission is to run transparent, accessible and open elections. We want you to vote with confidence in the security of your ballot. I invite you to observe our Ballot Processing Center where you can see how ballots are processed. Your vote is secret. If you would like to take a closer look at how we conduct our elections, more information is available at ThurstonVotes.org. You can also email elections@co.thurston.wa.us or give us a call at 360.786.5408 if you have any questions or concerns.

Election disinformation is the biggest problem we face as election administrators. It will take all of us to combat this threat to democracy. If you see election disinformation, please email us at disinfo@co.thurston.wa.us

Warmly,

Diana Benson

Statement For

Vote yes: Levy will ensure students receive quality education

As an active member of the community and property owner in the Tenino School District, I support the upcoming school district replacement of the Capital Levy.

The levy is not an additional tax but a continuation of an existing one. The tax pays for important regular maintenance, facility upgrades, classroom technology and support programs - all of which by law must be voter approved.

For a number of years the state did not provide adequate funding to schools and our local levy has had to supplement our schools to make up the difference. While the state has recently increased its support of the public schools (through the McCleary lawsuit which forced it to), it has still not fully funded the state school system.

I feel fortunate that I live in a district that values education. Our citizens have consistently voted over the years in favor of the levy to ensure that the 1200 students in our district receive the quality education they deserve. Vote yes for the levy!
