Frequently Asked Questions

Why are you making these documents viewable now?

Our office has always tried to strike a balance between easy access and individual privacy, since many public documents contain sensitive personal information. After receiving requests to make a broader set of document types viewable from our Online Record Index, we reconsidered historical practices.

We selected the document types listed above because they are the least likely to have sensitive personal information. All public records remain viewable by visiting our office.

If you have any specific questions about these document types, please consult a title company or real estate attorney. Our office can't provide legal advice.

Are the images standard copy images or certified copy images?

Images available online are standard copy images. If you would like a certified copy of an image, you can order one in-person at our office (2000 Lakeridge Dr. SW Olympia, WA 98502), over the phone at 360.786.5405, or via email at TCAuditor@co.thurston.wa.us. All credit cards will be charged a service fee of \$2.00 or 2.35%, whichever is highest. Certified copies cost \$3.00 for the first page and \$1.00 per additional page. You can also order copies through the State Digital Archives. For more information, visit <https://www.digitalarchives.wa.gov>.
