**Level 1**  Low impact emergencies: Day-to-day emergencies requiring minimal coordination and assistance. *Give “Heads Up” to core DAC members*

**Level 2**  Medium impact disaster: Any emergency requiring more than routine coordination and assistance and generally involving multiple jurisdictions. *Most incidents at this level will require shelters and feeding (public and field responders)*

**Level 3**  High impact disaster: Any emergency requiring a high degree of coordination and generally involving state and federal assistance. *Most DAC members will see some requests for assistance.*
