Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$1,400/per member, \$2,800/family	Deductible is what you pay before the plan begins to pay. Generally, you must pay all of the costs for medical services and prescription drugs (combined) up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible ?	Yes: Covered preventive care , female sterilization, tobacco cessation, covered insulins, covered prescription drugs designated as preventive on the UMP Preferred Drug List, and vision hardware are covered before you meet your medical deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . But a copayment or coinsurance may apply to some services. For example, deductible and cost sharing may be applied on lab or radiology services during a preventive care visit. See a list of covered preventive services at healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet other deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$4,200/per member, \$8,400/family. Out-of-pocket expenses for a single member under a family plan will not exceed \$7,000.	The out-of-pocket limit is the most you pay during a calendar year for covered medical services and prescription drugs before the plan pays 100 percent of the allowed amount to preferred providers and network pharmacies. If you have other family members in this plan , the family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit ?	Premiums , balance billing charges, noncovered drugs, coinsurance paid to participating and out-of-network providers and non-network pharmacies, amounts paid for	Even though you pay these costs, they don't count toward the out-of-pocket limit .
