The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit ump.regence.com/pebb or call 1-888- 849-3681 (TRS: 711). For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at healthcare.gov/sbc-glossary/ or call 1-888-849-3681 (TRS: 711) to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$250/per member, $750/family	The medical deductible is what you pay before the plan begins to pay. Generally, you must pay all of the costs for medical services up to the medical deductible amount before this plan begins to pay. Each member has an individual medical deductible of $250 and the maximum the family pays for medical deductibles is $750. Once a particular member pays their $250 deductible, the plan begins paying for covered services for that member. Once the family deductible has been met, the plan begins paying for covered services for everyone in the family.
Are there services covered before you meet your deductible?	Yes: Covered preventive care, hearing aids, sterilization, tobacco cessation, and vision hardware are covered before you meet your medical deductible.	This plan covers some items and services even if you haven't yet met the medical deductible amount. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. But a copayment or coinsurance may apply to some services. For example, deductible and cost sharing may be applied on lab or radiology services during a preventive care visit. See a list of covered preventive services at healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes, for prescription drugs: $100/per member, $300/family for Tier 2 drugs. There are no other specific deductibles.	There is no deductible for covered insulins or for covered prescription drugs designated as preventive, Value Tier, or Tier 1 on the UMP Preferred Drug List. You must pay all of the costs for Tier 2 drugs up to the specific prescription drug deductible amount before this plan begins to pay for Tier 2 drugs.
What is the out-of-pocket limit for this plan?	Medical: $2,000/per member, $4,000/family Prescription drugs: $2,000/per member, $4,000/family	The medical out-of-pocket limit is the most you pay during a calendar year for covered medical services before the plan pays 100 percent of the allowed amount for preferred providers. The prescription drug out-of-pocket limit is the most you pay during a calendar year for covered prescription drugs and products before the plan pays 100 percent of the allowed amount. If you have other family members in this plan, they have to meettheir own out-of-pocket limits until the overall family out-of-pocket limit has been met.

Important Questions	Answers	Why This Matters:
What is not included in the out-of-pocket limit?	Medical: Premiums, balance billing charges, prescription drug costs, member coinsurance paid to participating and out-of-network providers and non-network pharmacies, amounts paid for services this plan doesn't cover, amounts paid by the plan, amounts paid for services over a benefit limit, and amounts that are more than the maximum dollar amount paid by the plan. Prescription drugs: Costs for medical services and drugs covered under the medical benefit, prescription drugs and products not covered by the plan, amounts paid by the plan, and amounts exceeding the allowed amount for prescription drugs paid to non-network pharmacies.	Even though you pay these costs, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. Visit the UMP website at ump.regence.com/pebb or call 1-888-849-3681 (TRS: 711) for a list of network providers (preferred providers). For a list of network pharmacies, visit the Prescription drugs webpage at ump.regence.com/pebb/benefits/prescriptions or call 1-888-361-1611 (TRS: 711).	This plan uses a provider network. You will pay less if you use a provider or pharmacy in the plan's network. You will pay the most if you use an out-of-network provider or out-of-network pharmacy, and you might receive a bill from a provider or pharmacy for the difference between the provider's or pharmacy's charge and what your plan pays (balance billing). Be aware your network provider (preferred provider) might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	UMP does not require a referral from your primary care provider to see a specialist.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
