

## Nisqually Subarea Asphalt Recycling Policy E.5 Review Project

### Summary of Feedback Received at the July 27, 2017 Public Info Meeting Held at Meadows Elementary School from 5:30pm – 7:30pm

How Comment Was Submitted	Comment
Comment Box	"As a fish biologist and someone that has worked with SEPA/EIS – I applaud the County to take this up for review. I am supportive of an external review that is not influenced by external pressure other than the data. Thanks"
Comment Box	"Thank you for clarifying the timeline for me in open forum and for outlining the use of data to make an informed decision. Good job organizing this meeting."
Comment Box	"Am interested by the extent/scope of the environmental review"
Comment Box	"I am opposed to this plan for numerous environmental concerns, especially water quality."
Comment Box	"We hope to see the process move forward on the recycled asphalt plant and hope the impartial scientific research helps to address public concern. Thank Ya!"
Comment Box	"I would appreciate receiving updates on the review process. Thank you."

We hope to see the process map from 17  
on the recorded asphalt plant and (17)  
the important scientific research helps +  
address of the concern -  
Thank you!

## Comments

I would appreciate receiving updates  
on the revision process. Thank you
