CLIENT DEMOGRAPHICS

All demographic information is a year-to-date percentage of distinct individuals who have enrolled in a housing project in 2022, as reported in HMIS.
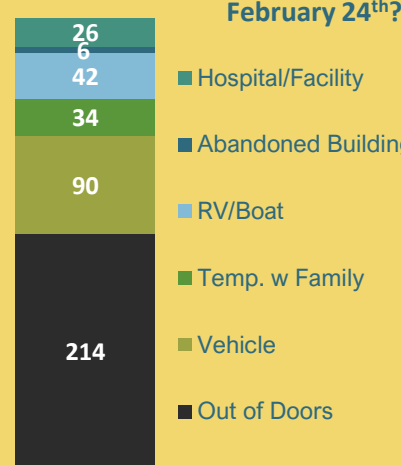

Chronically Homeless at Project Entry

Yes 11%
No 89%

The Federal definition of "chronic homelessness" is someone who has experienced homelessness for at least a year – either 12 months or more in a row, or several shorter experiences of homelessness that add up to a year – while struggling with a disabling condition such as a serious mental illness, substance use disorder, or physical disability.

Non-Hispanic / Non-Latinx	84%	91%
Hispanic / Latinx	16%	9%

*The bar graph is the aggregate data on race/ethnicity of those entering programs in HMIS. *The dashed lines above represent Thurston County Census Data for each population.*

Data Narrative

- We have a very limited number of projects in Thurston County that qualify as Permanent or Permanent Supportive Housing; of those, even fewer require active homelessness for entry, which means they are not included in HMIS. This is why we see a higher percentage of exits into PH/PSH than we see folks entering these project types.
- The final 2022 Point in Time count data and report is still in process, and will be released this summer.

The data included below represents only the projects from each of these agencies that enter data into HMIS. It does not represent the sum of their program activities during this time period. 2022 (January-March) totals below.

Agency Name	# of Program Entries (clients)	# of Program Exits (clients)	Coordinated Entry (new clients)
Catholic Community Services	13	26	NA
Community Action Council	68	16	184
Community Youth Services	41	29	33
Family Support Center	122	116	167
Interfaith Works	33	45	NA
Northwest Resources II Inc – Rapid Rehousing	51	2	NA
PANZA – Quixote Village	3	0	NA
SafePlace	18	20	NA
