Suggested reading:

- [Thurston County OSS Management Plan](#) – Part 2
- [OSS Management Plan Guidance](#) (DoH) – Part 2
- [WAC 246-272A-0015](#)
- [Article IV](#) – Section 22

\* **Contingency plan:** This February agenda is very full, and the committee has already been presented with lots of information. More time may be needed to complete discussion of preliminary recommendations for surface water sensitive areas. Please give consideration of how best to make time for additional conversation. Some options would be to 1: extend the meeting time by 30 minutes and / or 2: set an additional meeting date in February.
