BOE True and Fair Value Determination

This decision is based on our finding that: The Board overrules the Assessor's determination of value based on the evidence presented. Neither party participated in the hearing to offer testimony. The Board heard petitions on four neighboring parcels. Five of the six parcels on this cul de sac were appealed. The Petitioners purchased the subject property for \$325,000 on May 9, 2016, via a statutory warranty deed. The Assessor recommended a reduction in the valuation of the improvements to \$300,000, for a total recommended value of \$352,150. The standard of review is reduced from clear, cogent, and convincing evidence to the preponderance of the evidence due to the Assessor's recommended reduction in the valuation. The Assessor provided a market-adjusted cost approach and comparable sales in support of the recommended value. The Board finds the Petitioners' purchase of the subject property to be the most compelling evidence of the market value. The Board concludes that the Petitioners provided the preponderance of the evidence sufficient to overcome the Assessor's presumption of correctness and to warrant a further reduction in the valuation.
