This decision is based on our finding that: The Board overrules the Assessor's determination of value based on the evidence presented. The Board heard petitions on four neighboring parcels together, including the subject property. Five of the six parcels on this cul de sac were appealed. The Petitioners testified that the floor plans of the homes are virtually identical and only the exterior paint is different. The Board relies, in a measure, on its previous review of these properties. The Petitioners purchased the subject property for \$285,000 on April 30, 2014, via a bargain and sale deed. The property was foreclosed prior to the Petitioners' purchase. The Assessor recommended a reduction in the valuation of the improvements to \$303,700, for a total recommended value of \$355,850. The standard of review is reduced from clear, cogent, and convincing evidence to the preponderance of the evidence due to the Assessor's recommended reduction in the valuation. The Assessor provided a market-adjusted cost approach and comparable sales in support of the recommended value. The Board finds that the Petitioners' purchase of the subject property was not a typical market transaction and did not reflect the true and fair market value of the property as of January 1, 2016. The Board finds that Parcel Number 12817130103 sold for \$325,000 on May 9, 2016, via a statutory warranty deed. The Board finds that the purchase of Parcel Number 12817130103 is the most compelling evidence of the market value of these essentially identical properties. The Board concludes that the Petitioners provided the preponderance of the evidence sufficient to overcome the Assessor's presumption of correctness and to warrant a further reduction in the valuation.
