**MEMORANDUM**

TO: Kraig Chalem, Community Planning and Economic Development

FROM: Arthur Saint, PE, Thurston County Public Works *AS*  
Development Review Section

DATE: July 31, 2023

SUBJECT: **11125 DURGIN Road SE,  
Project# 2022105705, Folder Sequence# 22-115152  
Recommendation for Approval**

REFERENCE: Preliminary Site Plan – Dated 10-7-22  
Drainage Plan & Report – Dated 11-2022  
Traffic Impact Analysis – Dated 9-2-22

The intent of this review is to determine as to whether the proposed project can meet Thurston County's requirements for approval, or not. The information submitted for review is preliminary in nature and is not the final design for construction purposes. The final design (construction drawings) shall remain in compliance with the Thurston County Road Standards and Drainage Design and Erosion Control Manual.

It appears all of the preliminary requirements outlined in the Thurston County Road Standards and the Drainage and Erosion Control Manual have been satisfied. Please note the following recommendation for approval does not relieve the Applicant from compliance with all other local, state and/or federal approvals, permits, and/or laws necessary to conduct the development activity for which this permit is issued. Any additional permits and/or approvals shall be the responsibility of the Applicant. Based on the referenced project documents, Thurston County Public Works – Development Review Section is **recommending approval** of the project subject to the following conditions:

**CONDITIONS OF APPROVAL****ROADS**

1. A construction permit shall be acquired from the Thurston County Public Works – Development Review Section prior to any construction.

#### TRAFFIC CONTROL DEVICES

2. All traffic control devices shall be designed, located, manufactured, and installed in accordance with the Road Standards, Manual of Uniform Traffic Control Devices and applicable WSDOT Standards & Specifications. A sign and striping plan shall be incorporated into the construction drawings for the project. Please contact Thurston County Public Works – Development Review Section Staff to obtain the most current Thurston County guidelines.
3. County forces may remove any traffic control device constructed within the County right-of-way not approved by this division and any liability incurred by the County due to non-conformance by the applicant shall be transferred to the applicant.

#### DRAINAGE

4. The storm water management system shall conform to the Drainage Design & Erosion Control Manual.
5. All drainage facilities outside of the County right-of-way shall remain private and be maintained by the developer, owner and/or the property owners association.
6. Storm water runoff shall be controlled through all phases of the project by facilities designed to control the quality and quantity of discharges and shall not alter nor impact any existing drainage or other properties.

#### UTILITIES

7. The proposed water and sewer system shall be designed in accordance with the standards and specification of the respective utility purveyor. All water and sewer plans are subject to review and acceptance by the respective utility purveyor.
8. Proposed utility work within the Thurston County Right of Way shall conform to the Road Standards and Chapter 13.56 Thurston County Code. These standards do not address specific utility design requirements but rather only items such as restoration of the County right of way and traffic control.
  - a. Placement of utilities within the County right of way will require a Franchise Agreement with Thurston County pursuant to Title 13.56 TCC. This agreement shall be executed with Thurston County prior to final approval.
  - b. Please note all utilities placed parallel to and within the pavement structure are required to rebuild a minimum of half the road, to include grinding and replacement of a minimum of 0.20' of asphalt concrete pavement.

## TRAFFIC

9. Per Thurston County Resolution 14820, traffic impact fees shall be paid prior to issuing any building permits associated with this project.

## GENERAL CONDITIONS

10. No work shall take place until a construction permit has been issued by Thurston County Public Works – Development Review Section.
11. The proposed grading or site work shall conform to Appendix J of the International Building Code, Title 14.37 of the Thurston County Code and Drainage Design & Erosion Control Manual.
12. When all construction/improvements have been completed, contact the Thurston County Public Works – Development Review Section at 360-867-2051 for a final inspection.
13. This approval does not relieve the Applicant from compliance with all other local, state and/or federal approvals, permits, and/or laws necessary to conduct the development activity for which this permit is issued. Any additional permits and/or approvals shall be the responsibility of the Applicant. One permit that may be required is a Construction Stormwater Permit from the Washington State Department of Ecology. Information on when a permit is required and the application can be found at: <http://www.ecy.wa.gov/programs/wq/stormwater/construction/permit.html>. Any additional permits and/or approvals shall be the responsibility of the Applicant.

## PROJECT SPECIFIC CONDITIONS

14. Once the planning department has issued the official approval, submit two complete full-size sets of construction drawings, the final drainage and erosion control report and all applicable checklists along with an electronic copy to Thurston County Public Works – Development Review Section for review and acceptance.
15. PRIOR to construction, the applicant shall:
  - a. Pay outstanding construction review and inspection fees\*
  - b. Receive erosion and sediment control permit
  - c. Have the erosion and sediment control inspected and accepted
  - d. Receive a construction permit
  - e. Schedule a pre-construction conference with county staff.

\* The current fee schedule can be found online at:

<http://www.co.thurston.wa.us/permitting/fees/fees-home.html> or contact Ruthie Padilla with the Thurston County Public Works – Development Review Section by phone at 360-867-2050, or by e-mail at [ruthie.moyer@co.thurston.wa.us](mailto:ruthie.moyer@co.thurston.wa.us).

## **GENERAL INFORMATION**

### **FINAL REVIEW**

16. Prior to receiving final approval from this department, the following items shall be required:
- a. Completion of all roads and drainage facilities.
  - b. Final inspection and completion of all punch list items.
  - c. Record drawings submitted for review and acceptance. The record drawings shall include street names and block numbers approved by Addressing Official.
  - d. Payment of any required permitting fees.
  - e. Payment of any required mitigation fees.

**Please note that this recommendation is not an approval. Contact your Thurston County Planner for status of the review process.**
