Re: 2023101504 (JARPA)

The Nisqually Indian Tribe's THPO has reviewed the notice of application that you provided for the above-named project and has no specific cultural resource comments or concerns at this time. Please keep us informed if there are any Inadvertent Discoveries of Archaeological Resources/Human Burials.

We would like the County to consider a mitigation plan that would include the addition of beach nourishment to the shoreline environment. The "retaining wall" appears to be a mesh fabric that may prevent the natural erosional processes that occur in a shoreline environment.

Sincerely,

Brad Beach, THPO

Good morning,

Thank you for providing the applicant's response. I don't have any other concerns with this project moving forward.

Thank you,
Brad Beach, THPO
