RE: Case 2023102411

Dear Mr. McCormick:

We are writing in response to your Notice of Application dated June 9, 2023.

Our concerns are as follows:

We have lived on Waldon Dr. SE since 1985. We have seen some changes but nothing of this magnitude. There are only approximately 40 homes on Waldon Dr., and we think that many of the homeowners moved out here for the peace and quiet and to enjoy the wildlife—eagles, deer, rabbits, squirrels, chipmunks, and others.

There are no sidewalks or streetlights. Children like to play in the cul de sac and the street and connecting Waldon Dr. and 58th Avenue SE would only increase the traffic on Waldon Dr. causing potential injuries and accidents. We anticipate that many of these vehicles will speed down Waldon Dr. in an attempt to get to Yelm Highway in a hurry.

We see where water and sewer utilities will be provided by the City of Lacey. Are the three parcels located within the City of Lacey city limits? Will Waldon Dr. be annexed into the City of Lacey and the residents required to connect to water and sewer? If so, who will pay for this?

We are requesting to have our name added to the mailing list for the Environmental Determination and Notice of Public Hearing as well as the Hearing Examiner's decision.

Sincerely,

David D. Larson

Judy K. Larson
