Subject: Aurora Oaks Planned Residential Development; case #2023102411
Date: Monday, June 26, 2023 7:11:29 PM

TO: Scott McCormick; Thurston County Community Planning and Economic Development Department

Mr. McCormick, please be advised that as a 40-year homeowner bordering this preposterous proposed Aurora Oaks development, I am strongly opposed to Thurston County allowing this to proceed as planned.

I live in the peaceful, dead-end street neighborhood of Waldon Drive along with approximately 35 other single-family residences. We moved here for a reason. If this monstrous proposed development is allowed to proceed, it will forever change this peaceful neighborhood, ESPECIALLY if the County allows a connection to the current ending of Waldon Drive SE.

Again, I am strongly opposed to this planned development, and as a property owner immediately bordering this proposed development, I respectfully request to receive additional information as this application moves forward.

*Sincerely,
Gary R Johnston
