Subject: Project 2020104385 Inspiring Kids Preserve RUE,SUP and Forest Land Conversion Permit
Date: Tuesday, February 27, 2024 9:40:27 AM

We would like to support for the proposed Capitol Land Trust Project 2020104385. Capitol Land Trust provides preservation of natural areas and working lands. They provide stewardship and opportunities for the public to learn about the importance of open spaces. They have a chance to educate students at an early age. This hands on experience that will enrich students lives and investment in nature.

We enthusiastically support this RUE, SUP and Forest Conversion!

Sincerely,

April Scharer and Dennis Brown
