

WASHINGTON STATE

Joint Aquatic Resources Permit Application (JARPA) Form^{1,2} [\[help\]](#)

USE BLACK OR BLUE INK TO ENTER ANSWERS IN THE WHITE SPACES BELOW.

US Army Corps
of Engineers
Seattle District

AGENCY USE ONLY

Date received: _____

Agency reference #: _____

Tax Parcel #(s): _____

THURSTON COUNTY
RECEIVED

NOV 08 2023

Part 1—Project Identification **BUILDING DEVELOPMENT CENTER**

1. Project Name (A name for your project that you create. Examples: Smith's Dock or Seabrook Lane Development) [\[help\]](#)

Centralia Hydro Dam Fish Trap

Part 2—Applicant

The person and/or organization responsible for the project. [\[help\]](#)

2a. Name (Last, First, Middle)			
St. Jean, Bill			
2b. Organization (If applicable)			
Nisqually Indian Tribe			
2c. Mailing Address (Street or PO Box)			
4820 She-Nah-Num Drive SE			
2d. City, State, Zip			
Olympia, WA 98513			
2e. Phone (1)	2f. Phone (2)	2g. Fax	2h. E-mail
360-456-5224			stjean.william@nisqually-nsn.gov

¹Additional forms may be required for the following permits:

- If your project may qualify for Department of the Army authorization through a Regional General Permit (RGP), contact the U.S. Army Corps of Engineers for application information (206) 764-3495.
- Not all cities and counties accept the JARPA for their local Shoreline permits. If you need a Shoreline permit, contact the appropriate city or county government to make sure they accept the JARPA.

²To access an online JARPA form with [\[help\]](#) screens, go to

http://www.epermittng.wa.gov/site/alias_resourcecenter/jarpa_jarpa_form/9984/jarpa_form.aspx.

Part 3—Authorized Agent or Contact

Person authorized to represent the applicant about the project. (Note: Authorized agent(s) must sign 11b of this application.) [\[help\]](#)

3a. Name (Last, First, Middle)			
Gourley, Christina L			
3b. Organization (If applicable)			
Washington Department of Fish and Wildlife			
3c. Mailing Address (Street or PO Box)			
600 Capitol Way North			
3d. City, State, Zip			
Olympia, WA 98501			
3e. Phone (1)	3f. Phone (2)	3g. Fax	3h. E-mail
360-790-3118			Chris.Gourley@dfw.wa.gov

Part 4—Property Owner(s)

Contact information for people or organizations owning the property(ies) where the project will occur. Consider both **upland and aquatic** ownership because the upland owners may not own the adjacent aquatic land. [\[help\]](#)

- ☐ Same as applicant. (Skip to Part 5.)
- ☐ Repair or maintenance activities on existing rights-of-way or easements. (Skip to Part 5.)
- ☐ There are multiple upland property owners. Complete the section below and fill out [JARPA Attachment A](#) for each additional property owner.
- ☐ Your project is on Department of Natural Resources (DNR)-managed aquatic lands. **If you don't know**, contact the DNR at (360) 902-1100 to determine aquatic land ownership. If yes, complete [JARPA Attachment E](#) to apply for the Aquatic Use Authorization.

4a. Name (Last, First, Middle)			
Goo, Micah (contact)			
4b. Organization (If applicable)			
City of Centralia			
4c. Mailing Address (Street or PO Box)			
1100 N Tower Ave			
4d. City, State, Zip			
Centralia, WA 98531			
4e. Phone (1)	4f. Phone (2)	4g. Fax	4h. E-mail
360-330-7512 x 4000			MGoo@cityofcentralia.com

Part 5—Project Location(s)

Identifying information about the property or properties where the project will occur. [\[help\]](#)

- ☐ There are multiple project locations (e.g. linear projects). Complete the section below and use [JARPA Attachment B](#) for each additional project location.

5a. Indicate the type of ownership of the property. (Check all that apply.) [help]			
<input type="checkbox"/> Private			
<input type="checkbox"/> Federal			
<input checked="" type="checkbox"/> Publicly owned (state, county, city, special districts like schools, ports, etc.)			
<input type="checkbox"/> Tribal			
<input type="checkbox"/> Department of Natural Resources (DNR) – managed aquatic lands (Complete JARPA Attachment E)			
5b. Street Address (Cannot be a PO Box. If there is no address, provide other location information in 5p.) [help]			
20000 Cook Rd SE			
5c. City, State, Zip (If the project is not in a city or town, provide the name of the nearest city or town.) [help]			
Yelm, WA 98597			
5d. County [help]			
Thurston			
5e. Provide the section, township, and range for the project location. [help]			
¼ Section	Section	Township	Range
NW & SW	1	16	2E
5f. Provide the latitude and longitude of the project location. [help]			
• Example: 47.03922 N lat. / -122.89142 W long. (Use decimal degrees - NAD 83)			
48.899398, -122.497986			
5g. List the tax parcel number(s) for the project location. [help]			
• The local county assessor's office can provide this information.			
22601210100			
5h. Contact information for all adjoining property owners. (If you need more space, use JARPA Attachment C.) [help]			
Name	Mailing Address	Tax Parcel # (if known)	
Abston Henricksen Land and Timber Company	36625 Mountain Hwy E	22601230000,	
	Eatonville, WA 98328	22601320000, 22602110100	
McClendon, Tracy Renee	82 Loucks Ace	22612200500	
	Los Altos, CA 94022		
WA- State of	PO Box 47016	22612210000	
	Olympia, WA 98504-7016		
Nisqually Land Trust	1420 Marvin Rd NE Ste C	22612110000	
	Lacey, WA 98516-3878		

5i. List all wetlands on or adjacent to the project location. [help]
PEM, Cat II wetland to the northeast of the project site
5j. List all waterbodies (other than wetlands) on or adjacent to the project location. [help]
Nisqually River
5k. Is any part of the project area within a 100-year floodplain? [help]
<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Don't know
5l. Briefly describe the vegetation and habitat conditions on the property. [help]
<p>The site is currently developed with a hydro dam and associated buildings. The grounds are primarily grass with a few large trees and there is a wetland that borders the river on the east side of the property. A large forested area exists to the west of the dam and canal and habitat connectivity exists on the north and south ends of the dam, hindered by only the canal to the north.</p> <p>Please see the associate reports prepared for this site for further information.</p>
5m. Describe how the property is currently used. [help]
<p>The property is a hydro dam that is managed by the City of Centralia, including a canal that reconnects to the Nisqually River farther downstream. Associated buildings include a residence (for the caretaker on-site). There is a fish ladder on the west side of the river on this site that allows fish passage.</p>
5n. Describe how the adjacent properties are currently used. [help]
<p>Adjacent properties include forested and farmed lands with very little development.</p>
5o. Describe the structures (above and below ground) on the property, including their purpose(s) and current condition. [help]
<p>No buildings on the site will be altered with this proposal. There are functional buildings for the successful operation of the hydro dam and canal and a residence for the site caretaker.</p> <p>The fish ladder structure is in good condition on the west bank of the Nisqually River.</p>
5p. Provide driving directions from the closest highway to the project location, and attach a map. [help]
<p>Follow I-5 to exit 109. Continue on Martin Way E. Take Pacific Ave SE to WA-510 E. Follow WA-510 E and Yelm Hwy SE to Bald Hill Rd SE in Yelm. Follow Bald Hill Rd SE, Cook Rd SE and Centralia Canal Rd to Cook Rd SE.</p>

Part 6—Project Description

6a. Briefly summarize the overall project. You can provide more detail in 6b. [\[help\]](#)

This project includes construction of an adult salmon trap within the existing fish ladder at Centralia diversion dam. Aluminum frame trap with pickets; two gates will block passage up the fish ladder, directing fish into the trap area; floor that lifts ~5' to allow staff to capture the fish and put them into a cable lift system to move fish to an unwallled, roofed 17'x14' sorting facility on a cement slab; stairs connecting the trap area to the sorting facility; sorting area includes fish troughs for handling, enumerating, scientific sampling, and tagging; return pipes back to the fish ladder for returning fish upstream.

A previously disturbed area will be graveled to allow for access and parking for up to 6 vehicles. A temporary job trailer will be placed on the site above the 100-year floodplain. A portable toilet will also be added above the 100-year floodplain.

Within the existing trap and ladder footprint, grated walkways and platform for lift hydraulics will be added. A screen suction intake will be placed to supply water via pump to the facility. A return pipe will allow water to return to the ladder. A bypass pipe will also be installed near the lower end of the trap. New slide gates will be installed in the existing guides.

6b. Describe the purpose of the project and why you want or need to perform it. [\[help\]](#)

The project is designed to enhance safe scientific data collection at the site for Tribal and State data monitoring of fish stocks and fish returns while reducing impact to sampled fish.

6c. Indicate the project category. (Check all that apply) [\[help\]](#)

- | | | | | |
|--|--|---|---|---------------------------------------|

☐ Other:

<p>6e. Describe how you plan to construct each project element checked in 6d. Include specific construction methods and equipment to be used. [help]</p> <ul style="list-style-type: none"> Identify where each element will occur in relation to the nearest waterbody. Indicate which activities are within the 100-year floodplain. <p>Within the existing facility at the dam, a fish platform lift will be added along with a pump and screened suction intake for water supply and a bypass pipe. A return pipe for water and fish will route from the sampling facility to the top of the ladder. A walkway area for platform lift hydraulics will be added and stairs connecting the trap and the sampling facility. Grading will occur to reach no net rise floodplain criteria and the concrete slab for the sampling facility will be poured. The sampling facility will be a kit building, or similar, with no walls and a roof on four posts, determined to be structurally supportive of this type of building. A fish cable cart will be fabricated out of aluminum and will be attached to a rail system to lift the cart to sampling facility,</p>
<p>6f. What are the anticipated start and end dates for project construction? (Month/Year) [help]</p> <ul style="list-style-type: none"> If the project will be constructed in phases or stages, use JARPA Attachment D to list the start and end dates of each phase or stage. <p>Start Date: <u>July 2021</u> End Date: <u>October 2022</u> <input type="checkbox"/> See JARPA Attachment D</p>
<p>6g. Fair market value of the project, including materials, labor, machine rentals, etc. [help]</p> <p>\$500,000</p>
<p>6h. Will any portion of the project receive federal funding? [help]</p> <ul style="list-style-type: none"> If yes, list each agency providing funds. <p><input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Don't know</p>

Part 7–Wetlands: Impacts and Mitigation

☒ Check here if there are wetlands or wetland buffers on or adjacent to the project area.
(If there are none, skip to Part 8.) [\[help\]](#)

<p>7a. Describe how the project has been designed to avoid and minimize adverse impacts to wetlands. [help]</p> <p><input type="checkbox"/> Not applicable</p> <p>The project will have no impacts on wetlands. Wetland buffers are shown on the project drawings for reference.</p>
<p>7b. Will the project impact wetlands? [help]</p> <p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> Don't know</p>
<p>7c. Will the project impact wetland buffers? [help]</p> <p><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Don't know</p>
<p>7d. Has a wetland delineation report been prepared? [help]</p> <ul style="list-style-type: none"> If Yes, submit the report, including data sheets, with the JARPA package. <p><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p>
<p>7e. Have the wetlands been rated using the Western Washington or Eastern Washington Wetland Rating System? [help]</p> <ul style="list-style-type: none"> If Yes, submit the wetland rating forms and figures with the JARPA package.

☒ Yes
☐ No
☐ Don't know

7f. Have you prepared a mitigation plan to compensate for any adverse impacts to wetlands? [\[help\]](#)

- If Yes**, submit the plan with the JARPA package and answer 7g.
- If No, or Not applicable**, explain below why a mitigation plan should not be required.

☐ Yes
☒ No
☐ Don't know

There are no impacts to wetlands.

7g. Summarize what the mitigation plan is meant to accomplish, and describe how a watershed approach was used to design the plan. [\[help\]](#)

N/A

7h. Use the table below to list the type and rating of each wetland impacted, the extent and duration of the impact, and the type and amount of mitigation proposed. Or if you are submitting a mitigation plan with a similar table, you can state (below) where we can find this information in the plan. [\[help\]](#)

Activity (fill, drain, excavate, flood, etc.)	Wetland Name ¹	Wetland type and rating category ²	Impact area (sq. ft. or Acres)	Duration of impact ³	Proposed mitigation type ⁴	Wetland mitigation area (sq. ft. or acres)

¹ If no official name for the wetland exists, create a unique name (such as "Wetland 1"). The name should be consistent with other project documents, such as a wetland delineation report.
² Ecology wetland category based on current Western Washington or Eastern Washington Wetland Rating System. Provide the wetland rating forms with the JARPA package.
³ Indicate the days, months or years the wetland will be measurably impacted by the activity. Enter "permanent" if applicable.
⁴ Creation (C), Re-establishment/Rehabilitation (R), Enhancement (E), Preservation (P), Mitigation Bank/In-lieu fee (B)

Page number(s) for similar information in the mitigation plan, if available: _____

7i. For all filling activities identified in 7h, describe the source and nature of the fill material, the amount in cubic yards that will be used, and how and where it will be placed into the wetland. [\[help\]](#)

There will be no filling activities in wetlands.

7j. For all excavating activities identified in 7h, describe the excavation method, type and amount of material in cubic yards you will remove, and where the material will be disposed. [\[help\]](#)

There will be no excavation activities in wetlands.

Part 8–Waterbodies (other than wetlands): Impacts and Mitigation

In Part 8, "waterbodies" refers to non-wetland waterbodies. (See Part 7 for information related to wetlands.) [\[help\]](#)

☒ Check here if there are waterbodies on or adjacent to the project area. (If there are none, skip to Part 9.)

8a. Describe how the project is designed to avoid and minimize adverse impacts to the aquatic environment. [\[help\]](#)

☐ Not applicable

The facility will not impact the aquatic environment. The purpose of the proposed work is to allow for a fish collection and sampling facility and has focused on the minimization of the footprint and any potential impacts. Little infrastructure is being added to the site to support the facility and the previously existing elements of the fish ladder are being utilized. The proposed work meets a no net rise requirement of floodplain development and is the minimum necessary to complete the desired work.

8b. Will your project impact a waterbody or the area around a waterbody? [\[help\]](#)

☐ Yes ☒ No

8c. Have you prepared a mitigation plan to compensate for the project's adverse impacts to non-wetland waterbodies? [\[help\]](#)

- If Yes, submit the plan with the JARPA package and answer 8d.
- If No, or Not applicable, explain below why a mitigation plan should not be required.

☐ Yes ☒ No ☐ Don't know

The work does not take place in the water and utilized pre-existing facilities where possible. This is a scientific collection facility and there are no adverse impacts on the shoreline or aquatic environment.

8d. Summarize what the mitigation plan is meant to accomplish. Describe how a watershed approach was used to design the plan.

- If you already completed 7g you do not need to restate your answer here. [\[help\]](#)

N/A

8e. Summarize impact(s) to each waterbody in the table below. [\[help\]](#)

Activity (clear, dredge, fill, pile drive, etc.)	Waterbody name ¹	Impact location ²	Duration of impact ³	Amount of material (cubic yards) to be placed in or removed from waterbody	Area (sq. ft. or linear ft.) of waterbody directly affected
Grading (cut)	100-yr floodplain, Nisqually River	100-yr floodplain	Permanent	30 CY in floodplain only	Less than 800 SF in floodplain only
Grading (fill)	100-yr floodplain, Nisqually River	100-yr floodplain	Permanent	30 CY in floodplain only	Less than 800 SF in floodplain only

¹ If no official name for the waterbody exists, create a unique name (such as "Stream 1") The name should be consistent with other documents provided.

² Indicate whether the impact will occur in or adjacent to the waterbody. If adjacent, provide the distance between the impact and the waterbody and indicate whether the impact will occur within the 100-year flood plain.

³ Indicate the days, months or years the waterbody will be measurably impacted by the work. Enter "permanent" if applicable.

8f. For all activities identified in 8e, describe the source and nature of the fill material, amount (in cubic yards) you will use, and how and where it will be placed into the waterbody. [\[help\]](#)

Fill associated with grading will only exist in the floodplain and not within the waterbody of the Nisqually River. Fill material will be locally sourced where possible to meet the grade required for the sampling facility slab to be poured per project drawings.

8g. For all excavating or dredging activities identified in 8e, describe the method for excavating or dredging, type and amount of material you will remove, and where the material will be disposed. [\[help\]](#)

Excavation associated with grading will only occur in the floodplain and not within the waterbody of the Nisqually River. Excavated material not able to be utilized on the site, will be hauled to an approved upland location, likely offsite, to meet the grade required for the sampling facility slab to be poured per project drawings.

Part 9—Additional Information

Any additional information you can provide helps the reviewer(s) understand your project. Complete as much of this section as you can. It is ok if you cannot answer a question.

9a. If you have already worked with any government agencies on this project, list them below. [help]			
Agency Name	Contact Name	Phone	Most Recent Date of Contact
Thurston County	Sharon Lumbantobing	360-999-8210	July 7, 2021
WDFW	Darrin Masters	360-764-9942	June 17, 2021
9b. Are any of the wetlands or waterbodies identified in Part 7 or Part 8 of this JARPA on the Washington Department of Ecology's 303(d) List? [help] <ul style="list-style-type: none"> If Yes, list the parameter(s) below. If you don't know, use Washington Department of Ecology's Water Quality Assessment tools at: https://ecology.wa.gov/Water-Shorelines/Water-quality/Water-improvement/Assessment-of-state-waters-303d. 			
<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No			
9c. What U.S. Geological Survey Hydrological Unit Code (HUC) is the project in? [help] <ul style="list-style-type: none"> Go to http://cfpub.epa.gov/surf/locate/index.cfm to help identify the HUC. 			
171100150301			
9d. What Water Resource Inventory Area Number (WRIA #) is the project in? [help] <ul style="list-style-type: none"> Go to https://ecology.wa.gov/Water-Shorelines/Water-supply/Water-availability/Watershed-look-up to find the WRIA #. 			
11- Nisqually			
9e. Will the in-water construction work comply with the State of Washington water quality standards for turbidity? [help] <ul style="list-style-type: none"> Go to https://ecology.wa.gov/Water-Shorelines/Water-quality/Freshwater/Surface-water-quality-standards/Criteria for the standards. 			
<input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Not applicable			
9f. If the project is within the jurisdiction of the Shoreline Management Act, what is the local shoreline environment designation? [help] <ul style="list-style-type: none"> If you don't know, contact the local planning department. For more information, go to: https://ecology.wa.gov/Water-Shorelines/Shoreline-coastal-management/Shoreline-coastal-planning/Shoreline-laws-rules-and-cases.

Coho (Occurrence/Migration)
Winter Steelhead (Occurrence/Migration)
Biodiversity Areas and Corridor (Terrestrial Habitat)
Freshwater Forested/Shrub Wetland (Aquatic Habitat)

Part 10–SEPA Compliance and Permits

Use the resources and checklist below to identify the permits you are applying for.

- Online Project Questionnaire at <http://apps.oria.wa.gov/opas/>.
- Governor's Office for Regulatory Innovation and Assistance at (800) 917-0043 or help@oria.wa.gov.
- For a list of addresses to send your JARPA to, click on [agency addresses for completed JARPA](#).

10a. Compliance with the State Environmental Policy Act (SEPA). (Check all that apply.) [\[help\]](#)

- For more information about SEPA, go to <https://ecology.wa.gov/regulations-permits/SEPA-environmental-review>.

☐ A copy of the SEPA determination or letter of exemption is included with this application.

☒ A SEPA determination is pending with Thurston County (lead agency). The expected decision date is August 4, 2021.

☐ I am applying for a Fish Habitat Enhancement Exemption. (Check the box below in 10b.) [\[help\]](#)

☐ This project is exempt (choose type of exemption below).

☐ Categorical Exemption. Under what section of the SEPA administrative code (WAC) is it exempt?

☐ Other: _____

☐ SEPA is pre-empted by federal law.

10b. Indicate the permits you are applying for. (Check all that apply.) [\[help\]](#)

LOCAL GOVERNMENT

Local Government Shoreline permits:

☒ Substantial Development ☐ Conditional Use ☐ Variance

☐ Shoreline Exemption Type (explain): _____

Other City/County permits:

☒ Floodplain Development Permit ☒ Critical Areas Ordinance

STATE GOVERNMENT

Washington Department of Fish and Wildlife:

☒ Hydraulic Project Approval (HPA) ☐ Fish Habitat Enhancement Exemption – [Attach Exemption Form](#)

Washington Department of Natural Resources:

☐ Aquatic Use Authorization

Complete [JARPA Attachment E](#) and submit a check for \$25 payable to the Washington Department of Natural Resources.

Do not send cash.

Washington Department of Ecology:

☐ Section 401 Water Quality Certification ☐ Non-Federally Regulated Waters

FEDERAL AND TRIBAL GOVERNMENT**United States Department of the Army (U.S. Army Corps of Engineers):**

☐ Section 404 (discharges into waters of the U.S.) ☐ Section 10 (work in navigable waters)

United States Coast Guard:

For projects or bridges over waters of the United States, contact the U.S. Coast Guard at: d13-pf-d13bridges@uscg.mil

☐ Bridge Permit ☐ Private Aids to Navigation (or other non-bridge permits)

United States Environmental Protection Agency:

☐ Section 401 Water Quality Certification (discharges into waters of the U.S.) on tribal lands where tribes do not have treatment as a state (TAS)

Tribal Permits: (Check with the tribe to see if there are other tribal permits, e.g., Tribal Environmental Protection Act, Shoreline Permits, Hydraulic Project Permits, or other in addition to CWA Section 401 WQC)

☐ Section 401 Water Quality Certification (discharges into waters of the U.S.) where the tribe has treatment as a state (TAS).

Part 11—Authorizing Signatures

Signatures are required before submitting the JARPA package. The JARPA package includes the JARPA form, project plans, photos, etc. [\[help\]](#)

11a. Applicant Signature (required) [\[help\]](#)

I certify that to the best of my knowledge and belief, the information provided in this application is true, complete, and accurate. I also certify that I have the authority to carry out the proposed activities, and I agree to start work only after I have received all necessary permits.

I hereby authorize the agent named in Part 3 of this application to act on my behalf in matters related to this application. WST (initial)

By initialing here, I state that I have the authority to grant access to the property. I also give my consent to the permitting agencies entering the property where the project is located to inspect the project site or any work related to the project. WST (initial)

11c. Property Owner Signature (if not applicant) [\[help\]](#)

Not required if project is on existing rights-of-way or easements (provide copy of easement with JARPA).

I consent to the permitting agencies entering the property where the project is located to inspect the project site or any work. These inspections shall occur at reasonable times and, if practical, with prior notice to the landowner.
