This decision is based on our finding that: The Board sustains the Assessor's determination of value based on the testimony and evidence presented. The Petitioner testified that: the subject property is in the Washington Land Yacht Harbor, which is a unique community with requirements to obtain a lease and to live in the community; and the community has strict rules including that residents must own Airstream trailers, must pass a background check and an interview, and must volunteer in the community. The Petitioner also stated that no monthly rent is paid, but an annual housekeeping fee of approximately \$1,300 per year is paid instead. She testified that there is only a garage on the subject property. The Assessor's Representative did not participate in the hearing, but provided a written response that included a market-adjusted cost approach, and a neighborhood sales listing in support of the current assessed value. The Board concludes that the Petitioner did not provide clear, cogent, and convincing evidence sufficient to overcome the Assessor's presumption of correctness and to warrant a reduction in the valuation.
