---

Hello,

This is in regards to tomorrow's hearing for [2023100649](#) West Olympia Plat.

**Our property borders the land with the proposed development. We have many concerns and strongly oppose it being developed.**

**We are concerned about our backyard turning into a major construction site. We bought our house because it is private and safe. We are raising two toddlers and we are opposed to a road being put in at our back fence line. We are concerned about the stress of living next to an ongoing construction site.**

**We are concerned about our houses value going down.**

**We are very concerned about all the added traffic in our neighborhood. We have small streets that don't seem able to handle all the additional traffic.**

**We oppose the environmental impact it will have. There are migratory birds in a pond right next to the property.**

**There is lots of wildlife in the area.**

**I oppose this development.**

**Thank you,**

**Kara**
