Motion to Enter Additional Information to the Record

To: The Hearing Examiner

From: Kraig Chalem

Greetings,

I would like to make a motion to admit additional information that had been overlooked during the course of my review of the proposal. A Critical Areas Review Permit (CARP) Application had been submitted on February 14, 2023, prior to the submittal of the subject Land Use Application and had not been rendered a decision. I believe it to be relevant to review of the Application.

This would include the application and ten associated attachments.

Please let me know if you need any additional information or clarification.

A handwritten signature in black ink, appearing to read "K Chalem".

Respectfully,

Kraig Chalem, Senior Planner
