BOE True and Fair Value Determination

This decision is based on our finding that: The Board sustains the Assessor's determination of value based on the evidence presented. Neither party participated in the hearing. The Petitioner shared concerns about the percentage of increase in the assessed value. The Petitioner provided two comparable sales in support of his requested value. The Assessor's Representative provided a written response that included a market-adjusted cost approach and a sales comparison approach in support of the current assessed value. The Board does not consider the percentage of assessed value increase in determining the true and fair market value of the subject property as of January 1, 2017. The Board finds that the Petitioner's comparable sale 1 is the same as the Assessor's comparable sale 1, and that this sale well supports the current assessed value for the subject property. The Board concludes that the Petitioner did not provide clear, cogent, and convincing evidence sufficient to overcome the Assessor's presumption of correctness and to warrant a reduction in the valuation.
