BOE True and Fair Value Determination

This decision is based on our finding that: The Board overrules the Assessor's determination of value based on the testimony and evidence presented. Petitioner John Hooper participated in the hearing. At the hearing, the Petitioner requested a revised value of \$561,411. The Petitioner provided comparable sales and analysis in support of his requested value. The Assessor's Representative did not participate in the hearing, but provided a written Response including a market-adjusted cost approach and a sales comparison approach in support of the recommended value. The Assessor recommended a reduction in the value of the improvements to \$469,200, for a total recommended value of \$625,000. The Board finds that the reasons for the recommended reduction are not manifest error corrections pursuant to Revised Code of Washington 84.48.065(1)(a), so the standard of review is reduced from clear, cogent, and convincing to the preponderance of the evidence. The Board finds that the Assessor's comparable sale 2 is the same as the Petitioner's comparable sale 1 in table 2, and that this sale supports a further reduction for the subject property. The Board concludes that the Petitioner provided the preponderance of the evidence to warrant a further reduction in the valuation.
