Parcel Number(s): 52600400100

Assessment Year: 2018

Petition Number: 18-0523

Having considered the evidence presented by the parties in this appeal, the Board hereby:

☐ sustains ☒ overrules the determination of the assessor.

BOE True and Fair Value Determination

This decision is based on our finding that: The Board adopts the Assessor's recommended reduction based on the evidence presented. The Parties did not participate in the hearing. On Petition, the Petitioner shared concerns about the steep topography and the condition of the home, but he did not provide cost to cure bids. The Petitioner indicated that he agrees with the Assessor's recommended reduction. The Assessor's Representative provided a written Response including a market-adjusted cost approach and a sales comparison approach in support of the recommended value. The Assessor recommended a reduction in the value of the land to \$95,800, for a total recommended value of \$337,400. The Board finds that the reasons for recommended reduction are not manifest error corrections pursuant to Revised Code of Washington 84.48.065(1)(a), so the standard of review is reduced from clear, cogent, and convincing to the preponderance of the evidence. The Board finds that the Parties are in agreement and that the recommended reduction is supported by the evidence. The Board concludes that the Petitioner did not provide the preponderance of the evidence to warrant a further reduction in the valuation.
