READ ME: It is very important for you to know that when you sign a court document, you may be helping or hurting your court case. Before you sign any court document or get involved with a court case, it is important that you carefully read the document to make sure you are doing the right thing. You may also want to contact a lawyer for legal advice and help with those issues you do not understand. If you need help with the forms, procedures and rules of the court, there is a Family Court Facilitator available to assist you.
