

COVID-19 Vaccine Locations

There are many locations in Thurston County offering COVID-19 vaccines. Some locations have drive-through or walk-up vaccine services while others offer appointments in their clinics. Since every location handles vaccination differently, **please call** ahead of time.

We encourage anyone seeking vaccination to contact their health care provider first. Many local providers are offering COVID-19 vaccines to their patients. CDC recommends COVID-19 vaccines for everyone ages 6 months and older, and boosters for everyone 5 years and older, if eligible.

Vaccines.gov helps you find no cost COVID-19 vaccines, because every location handles appointments differently, you will need to schedule your appointment directly with the location you choose. Vaccine type may be subject to change per location, be sure to check the website for the most up to date information:

Scan QR Code on smartphone to be taken directly to Vaccines.gov
