

# COVID-19 Testing Locations

Thurston County Public Health & Social Services

There are many locations in Thurston County offering COVID-19 testing. Some locations have drive-thru or walk-up testing services while others offer appointments in their clinics. Since every location handles testing differently, **please call** ahead of time.

We encourage anyone seeking testing to contact their health care provider first. Many local providers are offering COVID-19 testing to their patients.

Who should be tested for COVID-19?

- Anyone experiencing symptoms of COVID-19, whether those symptoms are mild or severe
- Anyone who has been in close contact with someone who tested positive for COVID-19
- Anyone who has been advised by their health care provider to get tested
- Anyone advised by Thurston County Public Health to get tested for COVID-19

While awaiting test results, stay home and away from others to prevent the spread of COVID-19 at your home and in the community. For more information about COVID-19 visit: <http://bit.ly/ThurstonCOVID-19>
