

2021 County Inspections

Gophers & Prairie Plant Inspections

Gopher & Prairie Plant Mowing Requirements & Timing

MOWING INSTRUCTIONS - PREPARE FOR INSPECTIONS

1. The entire parcel will be inspected. Please mow all of it thoroughly.
2. If you need both, gopher & prairie plant inspection may be done at the same time or separately, depending upon inspector availability.
3. NO MOWING 3 WEEKS BEFORE YOUR SCHEDULED INSPECTION.
4. "Ok to mow" means that heavy-duty mowing and light mowing are okay. The ground needs three weeks to settle after mowing, before inspection.
5. Do not remove stumps or rocks, add fill dirt, move gravel or make any changes, additions or ground disturbance before inspection.

GOPHER-ONLY INSPECTION MOWING REQUIREMENTS						
	Heavy Grass	Mixed Vegetation	Shrubs & Scrub	Wildflower & Weeds	Scotch Broom (Remove cuttings)	Open Dirt/Mounds
