5. **6:45 P.M. STAFF UPDATES**

   **(Staff: Brad Murphy)**

   Mr. Murphy shared an offer was made to fill an Associate Planner position and we are waiting to hear back on the answer. Kudos to Christina Chaput for streamlining the CFP document this year. She has been able to decrease the size of the document from 600 pages to about 150 making it much easier to understand than the previous versions.
6. 6:45 P.M. WORK SESSION: RECAP BOARD BRIEFING  
(Staff: Brad Murphy)

Mr. Murphy recapped today’s Special Meeting with the BoCC stating appreciation for all Commissioners who did attend and contribute to the conversation. (there is a separate set of meeting minutes from that meeting)

7. 6:50 P.M. WORK SESSION: SHORELINE MASTER PROGRAM  
(Staff: Brad Murphy)

Mr. Murphy presented a Power Point which was the same presentation given to the Board of County Commissioners on September 12, 2018. The BoCC preferred timeline was discussed and the fact that they would like to finish this project as soon as possible. There were questions and comments by the Commissioners which Mr. Murphy addressed. A discussed ensued. Also discussed was the timeline of when the SMP draft document was complete (which was August 1st), and that the red-lined version was not yet complete. Since the “pause” to complete this draft document in late Spring there has not been any additional stakeholder meetings set up and if staff keeps to the BoCC’s requested timeline, there will not be an opportunity to do so. The Planning Commission was concerned about not having enough time for the stakeholders groups to reconvene, the rush to hear all of the briefings on the SMP topics, the lack of a red-line version, and lack of time to properly review the red-line version prior to the public hearing. In general, the Commissioners wanted to know what is the rush in completing this by the end of the year. A question was raised concerning who sets the calendar for the Planning Commission and staff confirmed it is the Planning Commission who sets their own agenda and calendar. The calendar discussed earlier in the work session was a schedule preferred by the BoCC. Planning Commission expressed interest in adding meetings to allow for additional public comment, gather input from stakeholders, and more time to review the documents. Mr. Murphy stated he would take the concerns back to management and suggested the Planning Commission also share their concerns with the BoCC.

8. 7:17 P.M. PUBLIC HEARING: CAPITAL FACILITIES PLAN 2019-2024  
(Staff: Christina Chaput)

Chair Kramer opened the public hearing and gave instructions to the public to testify.

Ms. Chaput gave background information on the Capital Facilities Plan, written comments submitted for the public hearing (for which there were none) and additional information.

No public comment given.

Chair Kramer closed the public hearing at 7:32 p.m.

9. 7:32 P.M. WORK SESSION: CAPITAL FACILITIES PLAN 2019-2024  
(Staff: Christina Chaput)

There were questions and comments by the Commissioners which Ms. Chaput addressed.
A discussion ensued. One item for feedback on page 9, policy #4 the last line about technology sounds awkward and suggested it be changed for clearer meaning.
