LONG TERM FORESTRY UPDATE
Purpose: PC identify parcels for removal from LTF, if any
OPTIONS

F1) No change - keep all evaluated parcels as Long-Term Forestry.
F2) Convert select parcels D, F, and G from the Long-Term Forestry designation to RRR 1/5.
F3) Convert any consideration of parcels between A through G from the Long-Term Forestry designation to RRR 1/5.
F4) Further evaluate the conversion potential of any parcels between A through G from the Long-Term Forestry designation to another applicable zone.

Group 1:
Parcels A, B, & C
- Disagreement from property owners
- Critical areas on site
- Subdivision impact potential
- 45-65% forest coverage

Parcel E
- No preference
- More than 60% forested
- Harvest for personal
