I. Introduction

II. Discuss Previous Meetings

III. Overview of SMP Chapter 19.300

IV. Discuss Removal of Mining SED

V. Next Steps
Shoreline Master Program (SMP) Update

I. Draft Document: Some information is required by statute but most topics are up for discussion.

II. Work Sessions/Meetings will continue through 2018 into 2019.

III. Planning Commission public hearing will take place after meetings. Board of County Commissioners process follows PC process.
Draft SMP Chapters

• 19.100  Introduction
• 19.150  Definitions
• 19.200  Shoreline Jurisdiction and Environment Designation
• 19.300  General Goals and Policies
• 19.400  General Regulations
• 19.500  Permit Provisions, Review and Enforcement
• 19.600  Shoreline Use and Modification Development Standards
• 19.700  Special Reports

• Appendix A  Shoreline Environment Designations Map
• Appendix B*  Mitigation Options to Achieve No Net Loss for New or Re-Development Activities
• Appendix C*  Shoreland Restoration Plan
• Appendix D*  Channel Migration Zone Maps
• Appendix E  Critical Area Regulations Incorporated By Reference

* Still being finalized

Adopted version

Public Comments
• Comments received are being reviewed and all are forwarded to the Planning Commission.

• Comments are being bundled and submitted to Planning Commission before staff present at that specific Planning Commission meeting.

• Discussion/Decision memos will start to make their way to the Planning Commission to have discussions on topics raised by comments submitted or brought up by the Planning Commission.

• Comments not discussed directly with the Planning Commission will be addressed in comment matrix or potentially Q & A document.
Previous Meetings

• Regulatory Group Meeting was held January 16\textsuperscript{th}
  • Discussed portion of Chapter 19.300, potential changes to Stakeholder Groups

• Community Stakeholder meeting was held January 30\textsuperscript{th}
  • Discussed comments on document and Chapter 19.300
Chapter 300: General Goals and Policies

- Applicability
- Shorelines of Statewide Significance
- Critical Areas and Ecological Protection
- Vegetation Conservation
- Water Quality and Quantity
- Economic Development
- Historic, Archeological, Cultural, Scientific and Educational Resources
- Shoreline Use and Site Planning
- Public Access and Recreation
- Restoration and Enhancement
- Transportation and Utilities
- South Puget Sound Policies

(WAC 173-26-191)
Discussion Memo: Mining SED

• **Mining:**

• Staff looking for comments on recommendation to Planning Commission to remove mining as shoreline environmental designation.

• Didn’t receive a lot of comment on the proposed removal and most received were pro-removal.

• Areas currently proposed as “Mining” would most likely be mapped as Rural Conservancy – based on proposed surrounding land use and existing ecological functions.
Shoreline Environmental Designations

Mining:

• Areas actively mined are not in shoreline jurisdiction until the mine is closed and the mine reclamation plan is completed.

• Would use proposed land use and the ecological functions currently in place to determine proposed shoreline SED.

• Proposed new mines would use Chapter 19.600.155
Next Steps

• Staff continuing meetings with Planning Commission – meetings discussing the SMP to continue through 2018.

• Next Community Group meeting will review comment process moving forward and look at overview of topics to be discussed in Chapter 19.400 General Regulations.

• Will have more topic driven discussions/meetings when we start to discuss/review Chapters 19.400-600.
Upcoming Planning Commission Meetings

- Continue to present “discussion memos” on certain topics and comments received to date on Chapters 19.100 - 19.300.

- Retain 50 foot buffers in Shoreline Residential designations? Freshwater? Marine?

- Ecology asked to present on setbacks and “watershed planning” at future meeting(s)

- Looking to have topic specific speakers in to discuss topics.

- Also looking at option to allow Community Stakeholder members to present to Planning Commission.
