

Wireless Communication Code Amendments

Title 20.33, Wireless Communication Facilities and Antenna Support Structures; Title 20.03 Definitions; and Title 20.54 Special Use*

Planning Commission
April 21, 2021

Required Updates

- Approval of those modifications that are not a “substantial change”, with a new definition
- Permit review guidelines, process and timeline
- Removal of code language that has the effect of prohibiting wireless services or limits environmental effects of radio frequency emissions beyond FCC regulations.

Considerations

- Design elements: height, setback, spacing, camouflage, concealment, color, etc.
- Zoning, permitted locations and type of permit

Option: Set public hearing for June 2nd
