PROJECT NO. 25FLX**

ADDENDUM NUMBER 4

March 5, 2018

TO: ALL INTERESTED PARTIES RESPONDING TO THE ABOVE LISTED RFQ

The following items are to notify you of requirements in the above listed RFQ. This addendum shall become part of the above-referenced specification and shall be acknowledged on the response form on page 4 of the RFQ. Documents for the project shall be modified as follows:

Question and Answer:

The RQF shall be amended to include the following:

Question:

“if a jail facility needs and operations assessment was completed recently? If so, could we please obtain a copy or can you make that report available to interested firms?”

Answer:

There has been an independent operations assessment commissioned by an outside 3rd party. The Sheriff’s office is expecting that report next month. Outside of what was laid out in the RFQ, the A/E is not expected to address staffing (operational) needs outside of “Building” controls, maintenance and facility operations. If indeed the report comes available by March 5th, I will dialogue with department heads within the Sheriff’s office and Facilities, on the applicable reliance of this report in the context of an A/E submittal/presentation.

Update: The report is not available at the time this addendum was submitted
