Subject: Clark and Joan Clements application for Open Space Tax Program

We are property owners local to Clark and Joan Clements who have submitted an application for parcel number 13823120001 [1421 Maple Valley Rd SW Olympia] to be accepted into the Open Space Tax Program.

We fully support their applications and strongly encourage the Thurston County Planning Commissioners to accept their application. Preserving and protecting what is left as Open Space and agriculture in our community is an obligation we have to future generations.

Sincerely

Gary and Chloe Kaufman
